Farrakhan Islam The Religion That Is Raping America:

American Christians and Islam Thomas S. Kidd, 2018-06-05 In the wake of the September 11 terrorist attacks many of America's Christian evangelicals have denounced Islam as a demonic and inherently violent religion provoking frustration among other Christian conservatives who wish to present a more appealing message to the world's Muslims Yet as Thomas Kidd reveals in this sobering book the conflicted views expressed by today's evangelicals have deep roots in American history Tracing Islam's role in the popular imagination of American Christians from the colonial period to today Kidd demonstrates that Protestant evangelicals have viewed Islam as a global threat while also actively seeking to convert Muslims to the Christian faith since the nation's founding He shows how accounts of Mahometan despotism and lurid stories of European enslavement by Barbary pirates fueled early evangelicals' fears concerning Islam and describes the growing conservatism of American missions to Muslim lands up through the post World War II era Kidd exposes American Christians' anxieties about an internal Islamic threat from groups like the Nation of Islam in the 1960s and America's immigrant Muslim population today and he demonstrates why Islam has become central to evangelical end times narratives Pointing to many evangelicals' unwillingness to acknowledge Islam's theological commonalities with Christianity and their continued portrayal of Islam as an evil and false religion Kidd explains why Christians themselves are ironically to blame for the failure of evangelism in the Muslim world *American Christians and Islam* is essential reading for anyone seeking to understand the causes of the mounting tensions between Christians and Muslims today

Militant Islam Reaches America Daniel Pipes, 2003 Long before September 11 2001 Daniel Pipes publicly warned Americans that militant Islam had declared war on America yet sadly Americans failed to take heed The publication of *Militant Islam Reaches America* finally brought Pipes the attention he deserves Dividing his work into two parts Pipes first defines militant Islam stressing the large and crucial difference between Islam the faith and the ideology of militant Islam He then discusses the relatively new subject of Islam in the United States and how it has developed rapidly in the last decade In *Militant Islam Reaches America* the product of thirty years of extensive research Pipes provides one of the most incisive examinations of the growing radical Islamic movement ever written The paperback edition includes a new essay *Jihad and the Professors*
