educational research education policy and educational planning **Jesuit Education and Social Change in El Salvador** Charles J. Beirne, S.J., 2013-09-13 This book examines a unique university model for social change the University of Central America Jos Sime n Ca as UCA in El Salvador where the military murdered six Jesuit priests and two women on November 16 1989 The book addresses such important questions as Is the role of a university to train managers for maintaining the status quo or to prepare graduates who will help create a new society Is the university an ivory tower or a center for research on social problems Beginning with the historical social economic and political context of El Salvador this book examines the university and the factors that contributed to its changed focus such as liberation theology The bishops of El Salvador wanted a traditional Catholic university but the Jesuits and their lay colleagues established an institution of Christian inspiration free from ecclesiastical entanglements The rectorate of Luis Achaerandio S J 1969 75 saw new academic programs research and social outreach The UCA took over the journal Estudios Centroamericanos which undertook the analysis of such social issues as the 1969 war with Honduras agrarian reform and the fraudulent elections of 1972 Rom n Mayorga s term of office included intensified academic and financial planning and a sharper focus on crucial national issues with the result that rightist bombs began to explode on the campus and employees were threatened In 1977 death squads gave the Jesuits a month to leave the country or be killed but the Jesuits refused to go The final chapters cover the Ellacur a decade 1979 89 Despite continued bombings and attacks in the press the UCA expanded academic programs centers for social outreach and publications and played a major role in calling for negotiations to end the civil war which had erupted in the early 1980s

Education And Democracy Pilar O'Cadiz, 2018-03-08 This book has been almost seven years in the making Though the work has certainly not been continuous for all those years it was a major focus of the three of us for most of them It is a tribute to Paulo Freire his courage his humanity and the timelessness and relevancy of his ideas that our work on this manuscript was never tedious never dull and never a burden but rather a constant source of joy inspiration and discovery Although the book was always intended to be a critical but friendly description and analysis of Freire s efforts as Secretary of Education the need to disseminate information about this radical educational reform became even more urgent after the sad news of Paulo Freire s death in May 1997 Thus while this text is the result of the scholarly efforts of three researchers it is also a celebration of a revolutionary thinker who had the unique opportunity to make his ideas concrete and therefore affect the lives of countless young children in his native country We dedicate our efforts on this volume to Paulo Freire and to the hundreds of educators in Sao Paulo whom he inspired to work tirelessly in creating a happy democratic school dedicated to serving poor and working class children and their communities It has been our pleasure and privilege to have worked with Paulo Freire and the many educators involved in educational reform in Sao Paulo Their commitment courage political clarity and struggle for social justice and equality are a constant source of motivation and inspiration for us to renew and reinvigorate our own efforts in the fight for equal rights decency and justice

Giving Space to African Voices Zehlia Babaci-Wilhite, 2014-08-07 This book sets out to bring voices of the South to the debate on localization of education and makes the case that it should be considered a right in education Despite all the scientifically based evidence on the improved quality of education through the use of a local language and local knowledge English as a language of instruction and Western knowledge based curriculum continue to be used at all educational levels in many developing nations This means that in many African countries the goal of rights to education is becoming increasingly remote let alone that of rights in education With this understanding and with the awareness of the education challenges of millions of children throughout Africa the authors argue that local curriculum through local languages needs to be valued and to be preserved and that children need to be prepared for the world in a language that promotes understanding The authors make a clear case that policy makers are in a position to work towards a quality education for all as part of a more comprehensive right based approach We owe it to the children of the South to offer the best quality education possible in order to achieve social justice

Con Respeto Guadalupe Valdes, 1996 *Con Respeto* presents a study of ten Mexican immigrant families with a special focus on mothers that describes how such families go about the business of surviving and learning to succeed in a new world Guadalupe Valdes examines what appears to be a lack of interest in education by Mexican parents and shows through extensive quotations and numerous anecdotes that these families are both rich and strong in family values and that they bring with them clear views of what constitutes success and failure The book's conclusion questions the merit of typical family intervention programs designed to promote school success

and suggests that these interventions because they do not genuinely respect the values of diverse families may have long term negative consequences for children Con Respeto will be a valuable resource in graduate courses in foundations ethnographic research sociology and anthropology of education multicultural education and child development and will be of particular interest to professors and researchers of multicultural education bilingual education ethnographic research methods and sociology and anthropology of education This rich and absorbing study of Mexican parents in border communities leads to more complex rather than single minded solutions to school success Vald s sees to the center of things and deftly questions the merit of typical educational interventions aimed at promoting school success these interventions grounded in mainstream values do more harm than good They do not show respect for deeply ingrained familistic values the cultural capital that immigrant parents bring with them on their backs and in their hearts from their homeland and they devalue the social and linguistic competence of immigrant parents and their children Vald s does not provide solutions She does however lead the search with her strong but cautious narrative voice for a sufficiently complex and multi leveled understanding of the challenges facing families who move across borders as immigrants From the Foreword by Carol Stack
