Activating Your Healing Energies -- Physical, Mental, Spiritual Ed Leary,2011-07-25 Our Energy Spectrum Whenever I have a problem to solve I know that both the problem and the solution are constructed from energy If I really thought about it I would probably conclude that all of my problems while on this planet earth were created by human energies This is especially true of our health Whenever I look for a solution I invariably begin with physical symptoms and arrive mostly at a physical solution I know that we all have energies that are not physical We have energies of a higher vibration with varying polarities that manifest as thought emotion subconscious impressions and even spiritual impressions All of these energies are required to promote true holistic healing The healing energies that Im referring to dont merely

suppress symptoms either as the general populations seem to prefer Healing energies must treat the whole person both physical and subtle so that healing can be more permanent and more satisfying In order to accomplish this however a change of viewpoint a change of attitude or even a change in beliefs is often required In addition no healing is possible without an understanding of the laws that govern the physical as well as the more subtle realms of mind and Spirit Violation of these laws is the main reason that we get sick suffer and die Therefore those ancient barriers that our institutions have constructed between science psychology and religion must come down Then and only then will we understand what laws we violated that made us sick and what we must do to get well Ed Leary Mystical Molecules Mona Lisa Schulz,2023-05-23 A renowned medical intuitive shows how problems even catastrophes in your life or your health can chart a path to profound healing and transformation Ten years ago Dr Mona Lisa Schulz died on the operating table The surgeons who had been working to correct a spine deformity were suddenly working to bring their patient back to life They succeeded and when Mona Lisa came out of the OR her mind and body were forever changed Mystical Molecules is an eye opening account of how suffering in mind or body can transform us at the deepest level at the level of our biology literally changing the tissues we re made up of Using a series of health catastrophes from her own life as a framework Mona Lisa walks readers through the process of transformation at five distinct levels which parallel five chakras beyond the bounds of the physical body each one moving us a step closer to illumination As she describes her own healing at each step she offers readers a wealth of information about how they can move through similar struggles in their own lives using tools including nutrition supplements and spiritual practices A detailed appendix offers an even deeper dive into the science of what s taking place at each stage of transformation *Calling Back Your Power* Suzette Faith Foster,2015-11-05 Where Healing is Possible This is a life changing guide for emotional and physical health by Suzette Faith Foster She rebounded from a deadly injury paralysis and other life challenges using these mind body spirit approaches Experience a new perspective that aligns you with the power of your thoughts intentions and the divine perfection that is at your core Discover your innate power and how you can heal using mind body spirit awareness Read real life stories about astonishing healings from these integrative techniques Learn how to calm your monkey mind rid negative thoughts and receive inner peace Suzette Faith Foster s healing experience leads us to ask What are the limits of healing and are there any limits at all Healing related to holy and wholeness is is our birthright and Suzette explores how it can manifest in anyone s life Larry Dossey MD Author *One Mind How Our Individual Mind Is Part of a Greater Consciousness and Why It Matters* *Calling Back Your Power* has the momentum to move you beyond the challenges at hand to your best life Jack Canfield Co author of *Chicken Soup for the Unsinkable Soul R* and *The Success Principles* Suzette Faith Foster s remarkable life story provides factual evidence that it is possible for us all to awaken the perfect healer residing right at the center of our own being Michael Bernard Beckwith author of *Life Visioning* Suzette s doctor When it is a severe spinal cord injury that high in the spine it is often very very significant Historically it
