Other Hollywood Renaissance Lennard Dominic Lennard, 2020-09-09 In the late 1960s the collapse of the classic Hollywood studio system led in part and for less than a decade to a production trend heavily influenced by the international art cinema Reflecting a new self consciousness in the US about the national film patrimony this period is known as the Hollywood Renaissance However critical study of the period is generally associated with its so called principal auteurs slighting a number of established and emerging directors who were responsible for many of the era s most innovative and artistically successful releases With contributions from leading film scholars this book provides a revisionist account of this creative resurgence by discussing and memorializing twenty four directors of note who have not yet been given a proper place in the larger history of the period Including filmmakers such as Hal Ashby John Frankenheimer Mike Nichols and Joan Micklin Silver this more expansive approach to the auteurism of the late 1960s and 1970s seems not only appropriate but pressing a necessary element of the re evaluation of Hollywood with which cinema studies has been preoccupied under the challenges posed by the emergence and flourishing of new media

Nichols and May Robert E. Kapsis, 2020-10-16 In the late 1950s Mike Nichols 1931 2014 and

Elaine May b 1932 soared to superstar status as a sketch comedy duo in live shows and television After their 1962 breakup both went on to long and distinguished careers in other areas of show business mostly separately but sporadically together again In Nichols and May Interviews twenty seven interviews and profiles ranging over more than five decades tell their stories in their own words Nichols quickly became an A list stage and film director while May like many women in her field often found herself thwarted in her attempts to make her distinctive voice heard in projects she could control herself Yet in recent years Nichols s work as a filmmaker has been perhaps unfairly devalued while May s accomplishments particularly as a screenwriter and director have become more appreciated leading to her present widespread acceptance as a groundbreaking female artist and a creative genius of and for our time Nichols gave numerous interviews during his career and editor Robert E Kapsis culled hundreds of potential selections to include in this volume the most revealing and those that focus on his filmmaking career May however was a reluctant interview subject at best She often subverted the whole interview process producing instead a hilarious parody or even a comedy sketch with or without the cooperation of the sometimes oblivious interviewer With its contrasting selection of interviews conventional and oddball this volume is an important contribution to the study of the careers of Nichols and May

Elaine May Elizabeth Alsop, 2025-01-07 A master of subverting tropes with surgical precision Elaine May forged a career in 1970s Hollywood with films like *The Heartbreak Kid* and *Mikey and Nicky* Elizabeth Alsop explores the director s non conformist and uncompromising vision while looking at May s films against trends in classic and post classical Hollywood Shaped by her background and success in the theater May brought the biting humor of her improv comedy to her filmmaking But unfriendly media and a system hostile to both her methods and sensibility consigned her to director s jail after the failure of *Ishtar* As Alsop moves through the filmmaker s four movies she tracks May s inventive treatment of favorite themes like hapless male characters and the inanities of American culture She also considers May s work in relation to her multifaceted career as a writer and performer A compelling reconsideration of an iconoclast and original Elaine May reveals how a surprisingly radical auteur created her trademark cinema of discomfort
