 people spread around the globe pigs and traditions went with them with pigs making themselves at home wherever explorers
 or settlers carried them Today pork is the most commonly consumed meat in the world and no one else in the world produces
 more pork than the American Midwest Pigs and pork feature prominently in many cuisines and are restricted by others In the
 U S during the early 1900s pork began to lose its preeminence to beef but today we are witnessing a resurgence of interest in
 pork with talented chefs creating delicacies out of every part of the pig Still while people enjoy pigging out few know much
 about hog history and fewer still know of the creature's impact on the world and specifically the Midwest From brats in
 Wisconsin to tenderloin in Iowa barbecue in Kansas City to porketta in the Iron Range to goetta in Cincinnati the Midwest is
 almost defined by pork Here tracking the history of pig as pork Cynthia Clampitt offers a fun interesting and tasty look at
 pigs as culture calling and cuisine *Country Home* ,1994
