Your Heart Away from Material Greed Genesis 15 1 7 20 Possess the Faith That Abraham Had Genesis 15 1 21 21 The Seed of Salvation by the Word of God Genesis 15 3 11 In the Book of Genesis the purpose for which God created us is contained When architects design a building or artists draw a painting they first conceive the work that would be completed in their minds before they actually begin working on their project Just like this our God also had our salvation of mankind in His mind even before He created the heavens and the earth and He made Adam and Eve with this purpose in mind And God needed to explain to us the domain of Heaven which is not seen by our eyes of the flesh by drawing an analogy to the domain of the earth that we can all see and understand Even before the foundation of the world God wanted to save mankind perfectly by giving the gospel of the water and the Spirit to everyone s heart So although all human beings were made out of dust they must learn and know the gospel Truth of the water and the Spirit to benefit their own souls If people continue to live without knowing the dominion of Heaven they will lose not only the things of the earth but also everything that belongs to Heaven The New Life Mission <https://www.bjnewlife.org> **The Law of the Heart** Sam B. Girgus, 1979-05-01 The Law of the Heart is a vigorous challenge to the prevailing concept of the antidemocratic image of the self in the American literary and cultural tradition Sam B Girgus counters this interpretation and attempts to develop a new understanding of democratic individualism and liberal humanism in American literature under the rubric of literary modernism The image of the individual self who retreats inward conforming to a distorted law of the heart emerges from the works of such writers as Cooper and Poe and composer Charles Ives Yet as Girgus shows other American writers relate the idea of the self to reality and culture in a more complex way the self confronts and is reconciled to the paradox of history and reality In Girgus view the tradition of pragmatic humanistic individualism provides a foundation for a future where individual liberty is a major priority He uses literary modernism as a bridge for relating contemporary social conditions to crises of the American self and culture as seen in the works of writers including Emerson Howells Whitman Henry James William James Fitzgerald Bellow and McLuhan
