The Information Animal Alicia Wanless, 2025-05-22 Depending on the news you read new tools like AI will either save or destroy us But our response to emerging technology s unprecedented threats actually follows a pattern as old as civilisation From ancient Athens to COVID 19 social media to spam Alicia Wanless shows how humans have always consumed information whether accurate or not First a new technology changes how information is shared broadening its availability and accelerating how fast it travels Then as more people engage with this new content fresh ideas arise often challenging prevailing beliefs Some use the new tools to promote their views win power or simply profit adding to the mounting information pollution Competition and conflict follow We scramble in vain to control information flows and use of the new technology With democracies worldwide lurching from crisis to crisis knee jerk reactions to information conflict won t suffice What s needed is an understanding of our nature as information animals in a millennia long relationship with technology and of how a content saturated world impacts the political battle for hearts and minds

[Abolition and the Press](#) Ford Risley, 2008-10-30 From Boston s strident Liberator to Frederick Douglass s North Star more than forty newspapers were founded in the United States in the decades before the Civil War with the specific aim of promoting emancipation In Abolition and the Press Ford Risley discusses how these fiery publications played a vital role in keeping the issue of slavery in the public eye Reaching an audience that only grew when the papers became objects of controversy and targets of violence in both the South and the North the abolitionist press continued to provide a needed platform for discourse even after some mainstream publications took up the call for emancipation Its legacy endured as contemporary reform writers and editors continue to champion the press as a tool in the fight for equality and civil rights

BOOK JACKET **The Union Generals Speak** Bill Hyde, 2003-04-01 The Union Generals Speak is the first annotated edition of the 1864 congressional investigation into Major General George Gordon Meade s conduct during the Gettysburg campaign The transcripts alone which present eyewitness accounts from sixteen participant officers at Gettysburg offer a wealth of information about the what and the why of one of the most pivotal battles in American history

but it is the addition of contextual comments and background material by Bill Hyde that unleashes this virtually untapped resource for readers. Laden with ulterior motives, prejudices, faulty recollection, and outright lies, the Joint Committee on the Conduct of the War's report is a minefield of inaccuracies. Hyde's comprehensive analysis, informed by recent scholarship, transforms it into an accessible, rewarding aid for students of the Gettysburg chapter in the Civil War. In the course of the volume, Hyde gives thorough examination to the origins and purpose of the Joint Committee on the Conduct of the War, the political climate and military thinking in Washington at the time of the Meade hearings, and the hidden agendas of the witnesses and seven committee members. He maintains that the JCCW's dissatisfaction with Meade went much deeper than disapproval of the general's hesitancy to pursue and cripple Lee's Army of Northern Virginia on July 4, 1863, a failure that disappointed every northern citizen from Lincoln to the ordinary soldier. The bipartisan body of mostly radical Republicans, who favored a ruthless defeat of the South, aimed, Hyde shows, to restore power to the committee's favorite, Major General Joseph Hooker, whom Meade had succeeded as commander of the Army of the Potomac only three days before Gettysburg. The unfolding of the Gettysburg campaign, the career of General Meade, and the North's highly politicized method of warmaking all receive new illumination in *The Union General's Speak*. Hyde's balanced critique of this important primary source reminds us that though Meade is remembered now mainly for his role in defeating the Confederates at Gettysburg, the JCCW hearings confirmed that he was not the leader to win the war.

Breckinridge William C. Davis, 2014-10-17 John C. Breckinridge rose to prominence during one of the most turbulent times in our nation's history. Widely respected even by his enemies for his dedication to moderate liberalism, Breckinridge's charisma and integrity led to his election as Vice President at age 35, the youngest ever in America's history. After a decade of being out of print, *Breckinridge: Statesman, Soldier, Symbol* returns as the quintessential biography of one of Kentucky's great moderates. Historian William C. Davis sheds light on Breckinridge's life throughout three key periods spanning his career as a celebrated statesman, heroic soldier, and proponent of the reconciliation. A true Kentucky hero, Old Breck's bravery in battle, dedication to the pursuit of truth, and unique ability to win the loyalty of others rank him alongside Henry Clay and Simon Kenton. Drawing from a remarkable collection of sources, including previously unknown documents and letters, as well as the papers of his associates, Davis provides an extensive aid from the Breckinridge family. Davis presents the legacy of a man often overlooked.

A Union Indivisible Michael D. Robinson, 2017-10-03 Many accounts of the secession crisis overlook the sharp political conflict that took place in the Border South states of Delaware, Kentucky, Maryland, and Missouri. Michael D. Robinson expands the scope of this crisis to show how the fate of the Border South, and with it the Union, desperately hung in the balance during the fateful months surrounding the clash at Fort Sumter. During this period, Border South politicians revealed the region's deep commitment to slavery, disputed whether or not to leave the Union, and schemed to win enough support to carry the day. Although these border states contained fewer enslaved people than the eleven states that seceded, white border Southerners chose to remain in the Union.

because they felt the decision best protected their peculiar institution Robinson reveals anew how the choice for union was fraught with anguish and uncertainty dividing families and producing years of bitter internecine violence Letters diaries newspapers and quantitative evidence illuminate how in the absence of a compromise settlement proslavery Unionists managed to defeat secession in the Border South **Life of Mark M. Pomeroy, "Brick" Pomeroy, Editor of the Lacrosse, Wis., Democrat, etc** Mrs. Mary E. TUCKER, 1868 Select sermons of Ralph Erskine, ed. by the editor of the 'Little gleaner' Ralph Erskine, 1863 **The Partisan Press** Si Sheppard, 2007-11-19 This book is the first to place the contemporary debate over media bias in historical context illustrating how partisan bias in the American media has built political parties set the stage for several wars and even contributed to the rise and fall of U S presidents The author discusses the rise of the unprecedented post World War II model of objective journalism and explains why this model is breaking down under the challenge of a new generation of technology driven partisan media alternatives *Perspectives on Mass Communication History* Wm. David Sloan, 2013-11-05 This unique volume is based on the philosophy that the teaching of history should emphasize critical thinking and attempt to involve the student intellectually rather than simply provide names dates and places to memorize The book approaches history not as a cut and dried recitation of a collection of facts but as multifaceted discipline In examining the various perspectives historians have provided the author brings a vitality to the study of history that students normally do not gain The text is comprised of 24 historiographical essays each of which discusses the major interpretations of a significant topic in mass communication history Students are challenged to evaluate each approach critically and to develop their own explanations As a textbook designed specifically for use in graduate level communication history courses it should serve as a stimulating pedagogical tool **When the Bells Told for Lincoln** Carolyn Lawton Harrell, 1997 Yet in the days after the assassination Confederates gladdened by Lincoln s death feared Northern reprisals and dared not express their feelings openly As word spread across the South however many ex Confederates turned to their diaries and journals where they poured out their fears and wrath with impunity and without restraint *Photo-Essays about Asian American Women in Life Magazine 1936 to 1965* Karen L.
