Dalton, 2020-06-23 There has been a growing chorus of political analysts with doomsday predictions of an American public that is uncivil disengaged and alienated And it s only getting worse with a younger generation of Americans who do not see the value in voting The good news is that the bad news is wrong In this Third Edition of The Good Citizen Russell Dalton uses current national public opinion surveys including new evidence from 2018 Pew Center survey data to show how Americans are changing their views on what good citizenship means It s not about recreating the halcyon politics of a generation ago but recognition that new patterns of citizenship call for new processes and new institutions that reflect the values of the contemporary American public Trends in participation tolerance and policy priorities reflect a younger generation that is more engaged more tolerant and more supportive of social justice The Good Citizen shows how a younger generation is creating new norms of citizenship that are leading to a renaissance of democratic participation An important comparative chapter in the book showcases cross national comparisons that further demonstrate the vitality of American democracy
