Education And Economic Thought:

Education and Economic Thought George Frederick Kneller, 1968 *Education and economic thought* (by) George F. Kueller George Frederick Kneller, **Educational and Economic Thought** G. F. Kneller, 1968-01-15 **Understanding Education and Economics** Jessie Bustillos Morales, Sandra Abegglen, 2020-03-04 *Understanding Education and Economics* explores the multiple ways in which the field of education and schooling has become closely aligned with economic imperatives and interests and the impact of this on learning and teaching In particular the increasing influence of economic arguments economic ideologies and government involvement in education have made apparent that there is a need to reflect and talk about economic influences and trends in education Drawing on the expertise of educationalists around the world the book articulates key debates and theoretical perspectives which can give both students and staff across several courses within the study of education a framework for discussing and analysing how economics defines and shapes the nature and purposes of education The chapters offer discussions and reflections on key issues including the historical developments that led to the creation of a formal education system in England and Wales the ways in which neoliberalism underpins education including the coercion of education to serve economic needs the economics of the university as an institution Addressing philosophical sociological historical psychological and social issues in education and encouraging readers to pose questions about the nature of education this book is a valuable resource for students and staff alike and will allow them to broaden perspectives on what education could be for and what it should be for **An Economic Theory of Home Schooling** Brian Baugus, 2022-02-15 In this book Brian Baugus examines home schooling as an education enterprise arguing that successful home school families have the same characteristics and motivations as entrepreneurs Baugus examines the history and economic theories behind home schooling to explain the rational decision making that motivates home schooling endeavors examining dissatisfaction with mainstream education expectations of return on investment and resistance from established providers *The Economic Thought of Friedrich List* Harald Hagemann, Stephan Seiter, Eugen Wendler, 2018-11-08 As the world grapples with increased globalization and technological change Friedrich List's work appears more relevant than ever before His theory of productive powers and his argument for protecting infant industries give us a valuable way of looking at innovation systems winners and losers in international trade and the current shift towards economic and political nationalism Comprising fifteen specially commissioned chapters from a range of international scholars this book explores many aspects of List's economic thought including industrial development political economy the economics of education infrastructure and catching up processes in Asian economies This volume will be illuminating reading for advanced students and researchers in the history of economic thought economic history economic policy and international trade *The Economic Thought of Michael Polanyi* Gábor Biró, 2019-07-24 Michael Polanyi is most famous for his work in chemistry and the philosophy of science but in the 1930s and 1940s he made an important contribution to economics Drawing on rich archival materials on

Polanyi and his correspondents Gabor Bir explores their competing worldviews and their struggles to popularise their visions of the economy economic expertise and democracy Special focus is given to Polanyi's pioneering economics film and postmodern ideas This volume will be of interest to advanced students and researchers of the history of economics philosophy of science and science and technology studies *A History of Indian Economic Thought* Ajit K.

Dasgupta,2002-01-04 The history of Indian economic thought provides rich insights into both economic issues and the workings of the Indian mind *A History of Indian Economic Thought* provides the first overview of economic thought in the subcontinent Arguing that it would be inappropriate to rely on formal economic analyses it draws on a wide range of sources epics religious and moral texts for the early period and public speeches addresses and newspaper articles for controversies from the nineteenth century onwards What emerges is a rich mosaic reflecting India's different cultures and civilizations Hinduism Buddhism and Islam all address economic issues and British colonial rule had a deep impact both in propagating Western economic ideas and in provoking Indian theories of colonialism and underdevelopment The author concludes with chapters on Gandhian economics and on Indian economic thought since Independence *A New Education for a New Economy: From Human Capital to Human Flourishing* Tal Gilead,2024-06-03

Providing an in depth novel analysis of education's role in today's economy by scrutinizing its theoretical underpinnings this volume critiques the suitability of the current dominant economic framework for education and for shaping educational policymaking worldwide Critically examining the history and philosophy that underpin our present societal understanding of the link between economics and education the book argues for an urgent redefining of education's role in the economy based on intellectual foundations that significantly differ from our current dominant conceptions Across seven chapters the book posits that the adoption of a new philosophical framework the reshaping of economic and educational aims and the adjustment of our educational system are each necessary to better promote human flourishing Ultimately providing a platform to entirely reconsider the idea that the primary aim of education is to serve the economic system in particular economic growth this book will appeal to scholars researchers and postgraduate students studying educational policy the philosophy of education and the history of education more broadly Education policymakers and academics studying education and the economy may also find this book of interest

Economic Thought Since Keynes Michel Beaud, Gilles Dostaler, 2005-09-27 Economic Thought Since Keynes provides a concise overview of changing economic thought in the latter part of the twentieth century Offering a concise biography of 150 influential economists since Keynes it is an invaluable reference tool **Teaching the History of Economic Thought**

Daniela Tavasci, Luigi Ventimiglia, 2018-04-28 Stemming from the idea that economics is a social science that tends to forget its own history this refreshing book reflects on the role of teaching with historical perspectives It offers novel ways of integrating the history of economics into the curriculum both in history of economic thought modules and in other sub disciplines Coming from a wide diversity of experiences the chapters share the idea that studying the history of thought exposes students to pluralism and is therefore an essential pedagogical tool **The Economics of Education** John

Sheehan, 2012-05-04 This book is a survey of the principal aspects of the economics of education such as the demand for education as consumption and as an investment good education and economic growth education and manpower needs and the finance of education In some cases in recent years economic theory has been applied to educational problems in order to gain an insight into the workings of the educational system The result has been a certain amount of confusion and distrust among teachers and educationists confusion because some theoretical aspects are not easily understood and distrust of the economist s intrusion into educational policy making This book overcomes these problems by making minimal demands on prior knowledge of economics and by emphasizing the limitations of economic analysis applied to policy matters

Consequences of Social Transformation for Economic Theory Vikas Kumar, Evgeny Kuzmin, Wei-Bin Zhang, Yuliya Lavrikova, 2023-04-13 This book presents selected papers of the Euro Asian Symposium on Economic Theory held by the Institute of Economics of the Ural Branch of the Russian Academy of Sciences Ekaterinburg Russia on June 29 30 2022 The conference aims to promote research and develop effective solutions to urgent challenges in economic theory in the context of stability and uncertainty The main theme of the 2022 Conference is the Viability of Economic Theories The chaos of the modern world forces us to rethink many theoretical positions Researchers are trying to overcome the contradictions between theory and empiricism through new models mechanisms and approaches The challenges of recent social change have led to an adjustment in the perception interpretation and use of many concepts necessitating an updating of these terms The

problems and contradictions identified in the studies will help to reconcile theoretical approaches with practice The volume covers topics such as sustainable development issues economic shocks in the history of economic thought modern economic concepts of identity theory of organizations under uncertainty review of economic theories with the Corona crisis models of consumer behavior business cycles theory of investment issues of economic growth and market equilibrium impact of social factors on the sustainability of the economy etc Moreover the volume presents new solutions for the synthesis of mainstream and political economy ideas These topics will be of great interest to academics researchers and practitioners [A History of Scottish Economic Thought](#) Alexander Dow, Sheila Dow, 2006-09-27 Scottish Enlightenment is an established area of research interest and this volume offers new scholarship on key Enlightenment figures whilst placing emphasis on their approach to economic thought *Education and Development in India* Jandhyala B.G. Tilak, 2018-09-15 Drawing on empirical interdisciplinary research this book presents a critical review of some of the major issues that are of interest to researchers policymakers and planners in developing as well as advanced countries including specifically in India It provides an in depth review of some of the major development policy issues in education in general and in India in particular over the past 2 3 decades Besides presenting an overview of the educational developments in India that reflects issues such as growth equity efficiency foreign aid decentralization center state relations financing and cost recovery the book puts forward in depth analyses of education poverty interrelations between education and poverty low level of outcomes in elementary education effects of structural adjustment policies and approaches on education south south cooperation etc It also critically discusses changes in policies relating to financing higher education external assistance for education and how the growth of private higher education is affecting society at large The dichotomy between public policy and action is also highlighted in many chapters On the whole while the importance of education is being increasingly recognized the state does not seem to be as willing to foot the bill for education as the households and even the private sector Occasionally contrasting with international evidence on for example financing higher education private higher education or the effects of neo liberal policies the book offers an interesting read for a wider audience **Routledge Handbook of the History of Global Economic Thought** Vincent Barnett, 2014-08-27 The Routledge Handbook of the History of Global Economic Thought offers the first comprehensive overview of the long run history of economic thought from a truly international perspective Although globalization has facilitated the spread of ideas between nations the history of economics has tended to be studied either thematically by topic in terms of different currents of thought or individually by economist Work has been published in the past on the economic thought traditions of specific countries but this pioneering volume is unique in offering a wide ranging comparative account of the development of economic ideas and philosophies on the international stage The volume brings together leading experts on the development of economic ideas from across the world in order to offer a truly international comparison of the economics within nation states Each author presents a long term perspective on economics in their region

allowing global patterns in the progress of economic ideas over time to be identified The specially commissioned chapters cover the vast sweep of the history of economics across five world regions including Europe England Scotland Ireland Italy Greece Spain Portugal Germany Sweden Russia and the Ukraine the Americas the USA Canada Mexico and Central America Spanish Speaking South America Brazil and the Caribbean the Middle East Turkey Israel Arab Islamic Economics Persia Iran North Africa Africa West Africa Southern Africa Mozambique and Angola and the Asia Pacific Region Australia and New Zealand China Southeast Asia the Asian Tigers India This rigorous ambitious and highly scholarly volume will be of key interest to students academics policy professionals and to interested general readers across the globe
