Winter Warning lures us back to the 1980s an era that could have been ripped right out of our most recent political upheaval
Isaac Sidel should have been vice president banished to some far corner of the West Wing but the president elect has been
forced to resign or face indictment for his crooked land deals and Sidel becomes the accidental president There s never been
another president quite like Isaac Sidel New York s former police commissioner and mayor There s a secret lottery created
by some bankers in Basel to determine the exact date of Sidel s death And Sidel has to outrun this lottery in order to save
himself His greatest allies are not the Secret Service or the DNC but a former Israeli prime minister who was a explosives
operative during the British occupation of Palestine as well as a mysterious billionaire who belongs to a brotherhood of
killers and counterfeiters His only companions in the capital are the captain of his helicopter fleet and a sexy naval
intelligence officer who realizes that something has gone amuck at Camp David when a band of mercenaries arrive with their
