"As soon as you learn it, you automatically start thinking this way when you go into the classroom and start applying it in different ways. The way you engage in the classroom changes. It makes it exciting and engaging for the kids as well. It makes things easier. It made the whole process of running an inquiry unit easier, so thank you!"

Craig Heywood, Year 1 Teacher

"It helps to make sure the students are at the heart of everything. Talking to other teachers we already started to think in that way in behaviour management and things like that. It doesn't just affect how we do projects; it affects everything we do, which is very positive!"

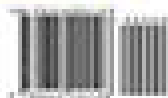

Samira Von Mege, Foundation Teacher

"It's not just shifted my students' thinking; it shifted my thinking as well and that way I look to design project-based inquiry experiences in the future. I am really excited by the change that it had in such a small space in time with our students already!"
