**Adapting Historical Knowledge Production to the Classroom** P.V. Kokkotas, K.S. Malamitsa, A.A. Rizaki, 2011-10-18 The aims of this book are to contribute to professional development of those directly involved in science education science teachers elementary and secondary science teacher advisors researchers in science education etc to contribute to the improvement of the quality of science education at all levels of education with the exploitation of elements from History of Science incorporated in science teaching it is argued that through such approaches the students' motivation can be raised their romantic understanding can be developed and consequently their conceptual understanding of science concepts can be improved since these approaches make science more attractive to them and to contribute to the debate about science education at the international level in order to find new ways for further inquiry on the issues that the book is dealing with The book is divided in two parts The first expounds its philosophical and

epistemological framework and the second combines theory and praxis the theoretical insights with their practical applications

**Interpretation in Architecture** Adrian Snodgrass, Richard Coyne, 2013-05-13 Drawing on cultural theory phenomenology and concepts from Asian art and philosophy this book reflects on the role of interpretation in the act of architectural creation bringing an intellectual and scholarly dimension to real world architectural design practice For practising architects as well as academic researchers these essays consider interpretation from three theoretical standpoints or themes play edification and otherness Focusing on these the book draws together strands of thought informed by the diverse reflections of hermeneutical scholarship the uses of digital media and studio teaching and practice

**Democracy and Education Reconsidered** Jim Garrison, Stefan Neubert, Kersten Reich, 2015-12-22 Democracy and Education Reconsidered highlights the continued relevance of John Dewey s Democracy and Education while also examining the need to reconstruct and re contextualize Dewey s educational philosophy for our time The authors propose ways of revising Dewey s thought in light of the challenges facing contemporary education and society and address other themes not touched upon heavily in Dewey s work such as racism feminism post industrial capitalism and liquid modernity As a final component the authors integrate Dewey s philosophy with more recent trends in scholarship including pragmatism post structuralism and the works of other key philosophers and scholars

**Moral Education and the Ethics of Self-Cultivation** Michael A. Peters, Tina Besley, Huajun Zhang, 2021-07-30 Educational philosophies of self cultivation as the cultural foundation and philosophical ethos for education have strong and historically effective traditions stretching back to antiquity in the classical cradle civilizations of China and East Asia India and Pakistan Greece and Anatolia focused on the cultural traditions in Confucianism Taoism and Buddhism in the East and Hellenistic philosophy in the West This volume in East West dialogues in philosophy of education examines both Confucian and Western classical traditions revealing that although each provides its own distinct figure of the virtuous person they are remarkably similar in their conception and emphasis on moral self cultivation as a practical answer to how humans become virtuous The collection also examines self cultivation in Japanese traditions and also the nature of Michel Foucault s work in relation to ethical and aesthetic ideals of Hellenistic self cultivation

**An Historical Introduction to American Education** Gerald L. Gutek, 2012-09-18 Guteks classic volume on the history of American education has been thoroughly revised and updated to provide a twenty first century perspective on the development of American educational institutions Like earlier editions the well researched Third Edition employs a topical approach to examine the evolution of key institutions like the common school and the high school as well as significant movements like progressive education racial desegregation and multiculturalism Primary source readings enhance and reinforce chapter content and feature new writings from Benjamin Rush Horace Mann Maria Montessori W E B Du Bois John Dewey and Jane Addams Two new chapters add depth to this comprehensive richly illustrated work Immigration Multiculturalism and Education examines the response of public schools to the education of immigrant children

in the context of Americas industrialization and urbanization This compelling addition also looks at the changing demographics of immigration and discusses the experiences and contributions of Hispanic Americans and Asian Americans

**Progressive Education** and John Dewey explores the origins of progressive education the philosophies of John Dewey and other leading progressive educators and this movements ongoing influence in American classrooms The Third Editions topical organization lends itself to multiple uses in the classroom Each chapter provides the historical foundation for the study of a contemporary topic in education including the organization and structure of schools the philosophy of education early childhood education curriculum and instruction multicultural and bilingual education and educational policy
