Impossible Desire and the Limits of Knowledge in Renaissance Poetry Wendy Beth Hyman, 2019-04-04 Impossible Desire and the Limits of Knowledge in Renaissance Poetry examines the limits of embodiment knowledge and representation at a disregarded nexus the erotic carpe diem poem in early modern England These macabre seductions offer no compliments or promises but instead focus on the lovers anticipated decline and quite stunningly given the Reformation context humanity's relegation not to a Christian afterlife but to a Marvellian desert of vast Eternity In this way a poetic trope whose classical form was an expression of pragmatic Epicureanism became during the religious upheaval of the Reformation an unlikely but effective vehicle for articulating religious doubt Its ambitions were thus largely philosophical and came to incorporate investigations into the nature of matter time and poetic representation Renaissance seduction poets invited their auditors to participate in a dangerous intellectual game one whose primary interest was expanding the limits of knowledge The book theorizes how Renaissance lyric's own fragile relationship to materiality and time and its self-conscious relationship to making positioned it to grapple with these impossible metaphysical and representational problems Although attentive to poetics the book also challenges the commonplace view that the erotic invitation is exclusively a lyrical mode Carpe diem's revival in post-Reformation Europe portends its radicalization as debates between man and maid are dramatized in disputes between abstractions like chastity and material facts like death Offered here is thus a theoretical reconsideration of the generic parameters and aspirations of the carpe diem trope wherein questions about embodiment and knowledge are also investigations into the potentialities of literary form

The Challenges of Orpheus Heather Dubrow, 2011-06-15 This critical exploration of how we define lyric poetry is thorough penetrating and on the cutting edge of contemporary scholarship Choice As a literary mode lyric is difficult to define The term is conventionally applied to brief songlike poems expressing the speaker's interior thoughts but many critics have questioned the underlying assumptions of this definition

While many people associate lyric with the Romantic era Heather Dubrow turns instead to the poetry of early modern England The Challenges of Orpheus confronts widespread assumptions about lyric exploring such topics as its relationship to its audiences the impact of material conditions of production and other cultural pressures lyric's negotiations of gender and the interactions and tensions between lyric and narrative Dubrow offers fresh perspectives on major texts of the period from Sir Thomas Wyatt's *My lute awake* to John Milton's *Nativity Ode* as well as poems by lesser known figures She also extends her critical conclusions to poetry in other historical periods and to the relationship between creative writers and critics recommending new directions for the study of lyric and of genre A Choice Magazine Outstanding Academic Title

The Ghost behind the Masks W. David Shaw,2014-06-02 In The Ghost behind the Masks W David Shaw traces Shakespeare s influence on nine Victorian poets Alfred Lord Tennyson Robert Browning Christina Rossetti Thomas Hardy Matthew Arnold Gerard Manley Hopkins Algernon Swinburne Arthur Hugh Clough and George Meredith Often he writes the transparency of Shakespeare s influence on Victorian poets and the degree of their engagement with Shakespeare exist in inverse ratio Instead of imitating a play by Shakespeare or merely quoting his lines a Victorian poet may embrace more elusive elements of rhetoric and style adapting them to his or her own ends Shaw argues that the most Shakespearean attribute of the Victorian poets is not their addiction to any particular trope or figure of speech but their reticence the classical restraint of their great monologues and their sudden descent from grandeur to simplicity He explores such topics as man made law versus natural right Stoic fatalism versus self reliance and the sanity of lunatics lovers and poets versus the madness of commonplace minds

Lyric Trade Julia Bloch,2024-04-29 Sometimes the word lyric seems to appear everywhere either it s used interchangeably with the word poetry or it attaches to descriptions of literature art film and even ordinary objects in order to capture some quality of aesthetic appeal or meaning *Lyric Trade* is not yet another attempt to define the lyric but instead it digs into how poems use lyric in relation to race gender nation and empire Engaging with poets such as Gwendolyn Brooks H D Lorine Niedecker Alice Notley and Myung Mi Kim this book asks What does lyric mean and why should it matter to poets and readers *Lyric Trade* argues that lyric in the postwar long poem not only registers the ideological contradictions of modernism s insistence on new forms but that it also maps spaces for formal reimaginings of the subject

What is Poetry? Nigel Fabb,2015-08-21 Poetry defined as language divided into lines is found in most known human cultures This masterful survey of poetry and its constituent components demonstrates the functions performed by metre rhyme alliteration and parallelism arguing that each line of a poem fits as a whole unit into the limited capacity of human working memory

Using examples from around the world Fabb surveys the wide varieties of poetry and the ways they are performed including those in songs and signed literatures Focusing on language form and memory he helps us understand why poetry is a particularly valued way of using language A fresh exploration of poetry the book will be welcomed by students and researchers of literature linguistics and psychology as well as anyone interested in poetry
