Heart In Conflict Faulkners Struggles With Vocation:

Heart in Conflict Michael Grimwood, 2009-01-01 Heart in Conflict is a study of two periods of intense vocational crisis in William Faulkner's career as a writer his time of apprenticeship before the composition of *The Sound and the Fury* and the beginnings in the late 1930s and early 1940s of the long season of decline that followed the completion of *Absalom Absalom*. These periods of crisis Michael Grimwood argues grew out of an ongoing tension between the divided components of Faulkner's personality between two versions of himself the illiterate bumpkin and the sophisticated aesthete. It was a collaboration between these two postures that formed Faulkner's vocation that created the impulse to translate the rural unlettered world of Oxford Mississippi into a literature of the highest ambitions. But Faulkner was neither bumpkin nor aesthete. His awareness of the fraudulence of both his self images and ultimately his art caused him to create beginning with *The Wild Palms* in 1939 novels divided against themselves both structurally and thematically novels whose complexities emanate from their author's own complex personality. Grimwood traces the formation of Faulkner's divided personality in his childhood and youth in the conflicting influences of literature and landscape in the conflicting urges wrought by a mother who called him to the rigors of the schoolhouse and a father whose interests led to the diffuse pleasure of the world outside. The conflict gained dimension when Faulkner's earliest poems written in the style of the European pastoral were mocked by students in the pages of the University of Mississippi literary magazine. Faulkner internalized this mockery and it would emerge in the late 1930s and early 1940s as a destructively self critical compulsion to write novels *The Wild Palms*, *The Hamlet*, *Knight's Gambit* and *Go Down Moses* that were simultaneously pastoral and mock pastoral that reflected both an impulse to bequeath his own substance through words and a virtual surrender to illiteracy. In many ways the tensions that divided Faulkner tensions between pastoral ideal and rural reality between flights of language and attachment to the wordless soil also divided the whole of southern literature and society from the time of its origins. Such conflicts can be found in the writings of Thomas Jefferson philosopher of democracy and slaveowner in the southwestern humor and plantation fiction that dominated southern letters in the 1830s and in the works of the agrarian writers of the 1930s whose European poesy belies their dirt road political beliefs. Showing how the tensions in the narratives mirrored tensions in the author and in his society *Heart in Conflict* reveals William Faulkner as he struggled with his inheritance both as a southerner and as a southern writer.

Faulkner on the Color Line Theresa M. Towner, 2010-12-01 This study argues that Faulkner's writings about racial matters interrogated rather than validated his racial beliefs and that in the process of questioning his own ideology his fictional forms extended his reach as an artist. After winning the Nobel Prize in 1950 Faulkner wrote what critics term his later novels. These have been almost uniformly dismissed with the prevailing view being that as he became a more public figure his fiction became a platform rather than a canvas. Within this context *Faulkner on the Color Line* redeems the novels in the final phase of his career by interpreting them as Faulkner's way of addressing the problem of race in America.

They are seen as a series of formal experiments Faulkner deliberately attempted as he examined the various cultural functions of narrative most particularly those narratives that enforce American racial ideology The first chapters look at the ways in which the ability to assert oneself verbally informs matters of individual and cultural identity in both the widely studied works of Faulkner s major phase and those in his later career Later chapters focus on the last works providing detailed readings of *Intruder in the Dust* *Requiem for a Nun* the Snopes trilogy *A Fable* and *The Reivers* The book examines Faulkner as he confronted the vexing questions of race in these novels and assesses the identity of Faulkner as the Nobel Prize winner who claimed on many occasions that he was tired maybe written out In his decision not to speak in the identity of the Black people represented in his fiction in his decision to write instead about the complexities of all racial constructions he produced a host of characters suffering within the rigid protocols on race that had been enforced in America for centuries As a private white individual he could never be other than what he was Rather than attempt to reconcile Faulkner the public man with the private one however this study concludes that through his fiction Faulkner the artist questioned himself and came to understand others across the color line

Faulkner and Print Culture Jay Watson, Jaime Harker, James G. Thomas Jr., 2017-05-25 With contributions by Greg Barnhisel, John N. Duvall, Kristin Fujie, Sarah E. Gardner, Jaime Harker, Kristi Rowan, Humphreys, Robert Jackson, Mary A. Knighton, Jennifer Nolan, Carl Rollyson, Tim A. Ryan, Jay Satterfield, Erin A. Smith, Jay Watson, and Yung Hsing Wu. William Faulkner's first ventures into print culture began far from the world of highbrow New York publishing houses such as *Boni* in the culture of twentieth-century magazines, journals, newspapers, and other periodicals from pulp to avant garde in the history of modern readers and readerships and in the construction and cultural politics of literary authorship. Several contributors focus on Faulkner's sensational 1931 novel *Sanctuary* to illustrate the author's multifaceted relationship to the print ecology of his time, tracing the novel's path from the wellsprings of Faulkner's artistic vision to the novel's reception among reviewers, tastemakers, intellectuals, and other readers of the early 1930s. Other essayists discuss Faulkner's early notices in the *Saturday Review of Literature*, *Saturday Evening Post*, men's magazines of the 1950s, and Cold War modernism.

Faulkner's Fables of Creativity Gary Harrington, 1990-06-18 In this study of the five novels set outside the fictional county of Yoknapatawpha, the author devotes a chapter to each novel and develops the theme that these texts present in fictional form: Faulkner's reflections on his aesthetic development and on the mutual responsibilities of writer and reader.

Faulkner in the Eighties John Earl Bassett, 1991 This bibliography brings up through 1989 the comprehensive listing of scholarship and criticism on William Faulkner begun by Bassett in two earlier books: *William Faulkner: An Annotated Checklist of Criticism 1972* and *Faulkner: An Annotated Checklist of Recent Criticism 1983*. Since the latter, over a hundred books on Faulkner have been completed along with hundreds of articles and dissertations. This work lists all new items, often with extensive annotations, and provides separate entries for chapters of books that cover individual novels and stories. Bassett's introductory essay provides an overview of the last decade of Faulkner studies, the first in which post-structuralist and other newer forms of criticism had a major impact on Faulkner studies.

Faulkner and Race Doreen Fowler, Ann J. Abadie, 2010-01-06 With contributions by Eric J. Sundquist, Craig Werner, Blyden Jackson, Thadious Davis,

Pamela J Rhodes Walter Taylor Noel Polk James A Snead Philip M Weinstein Lothar H nighausen Frederick R Karl Hoke Perkins Sergei Chakovsky Michael Grimwood and Karl F Zender The essays in this volume address William Faulkner and the issue of race Faulkner resolutely has probed the deeply repressed psychological dimensions of race asking in novel after novel the perplexing question what does blackness signify in a predominantly white society However Faulkner s public statements on the subject of race have sometimes seemed less than fully enlightened and some of his black characters especially in the early fiction seem to conform to white stereotypical notions of what black men and women are like These essays originally presented by Faulkner scholars black and white male and female at the 1986 Faulkner and Yoknapatawpha Conference the thirteenth in a series of conferences held on the Oxford campus of the University of Mississippi explore the relationship between Faulkner and race

Faulkner and the short story Ann J. Abadie, 1992 Yoknapatawpha Blues Tim A. Ryan, 2015-04-13 During the 1920s and 1930s Mississippi produced two of the most significant influences upon twentieth century culture the modernist fiction of William Faulkner and the recorded blues songs of African American musicians like Charley Patton Geeshie Wiley and Robert Johnson In Yoknapatawpha Blues the first book examining both Faulkner and the music of the south Tim A Ryan identifies provocative parallels of theme and subject in diverse regional genres and texts Placing Faulkner s literary texts and prewar country blues song lyrics on equal footing Ryan illuminates the meanings of both in new and unexpected ways He provides close analysis of the Great Mississippi Flood of 1927 in Faulkner s Old Man and Patton s High Water Everywhere racial violence in the story That Evening Sun and Wiley s Last Kind Words Blues and male sexual dysfunction in Sanctuary and Johnson s Dead Shrimp Blues This interdisciplinary study reveals how the characters of Yoknapatawpha County and the protagonists in blues songs similarly strive to assert themselves in a threatening and oppressive world By emphasizing the modernism found in blues

music and the echoes of black vernacular culture in Faulkner's writing Yoknapatawpha Blues links elucidates the impact of both Faulkner's fiction and roots music on the culture of the modern South and of the nation

Faulknerista Catherine G. Kodat, 2022-11-16 Faulknerista collects more than twenty years of critically influential scholarship by Catherine Gunther Kodat on the writings of one of the most important American authors of the twentieth century William Faulkner Initially composed as freestanding essays and now updated and revised the book's nine chapters place Faulkner's work in the context of current debates concerning the politics of white authors who write about race queer sexualities and the use of the N word in literature and popular culture The Faulknerista of the title is a critic who tackles these debates without fear or favor balancing admiration with skepticism in a manner that establishes a new model for single author scholarship that is both historically grounded for women have been writing about Faulkner and talking back to him since the beginning of his career and urgently contemporary Beginning with an introduction that argues for the critical importance of women's engagement with Faulkner's fiction through comparative discussions pairing it with works by Toni Morrison Jean Luc Godard Quentin Tarantino and David Simon Faulknerista offers a valuable resource for students scholars and general readers written in an accessible style and aimed at stimulating discussions of Faulkner's work and the rich interpretive challenges it continues to present

The Ink of Melancholy André Bleikasten, 1990-06-22 The period from the late 1920s to the early 1940s was in Faulkner's career one of prodigious fertility and the creative outburst on which it opens from The Sound and the Fury 1929 through As I Lay Dying 1930 and Sanctuary 1931 to Light in August 1932 touches indeed on the miraculous It is the four children of this miracle that Andr Bleikasten re examines and re evaluates in his substantial new book on Faulkner But rather than approach Faulkner's fiction from a priori theoretical assumptions and process it through some prefabricated grid he has concentrated on the text themselves on the motivations and circumstances of their composition on the rich array of their themes structures textures on their various narrative protocols and the endless interplay of their tropes and codes on their points of emphasis and repetition as well as their rifts and gaps Brilliant in its thought and argument drawing eclectically on the resources of philosophy psychoanalysis anthropology and other disciplines and using modern critical theory without ever being arcane or trendy Bleikasten's book is a highly personal performance and one of the most insightful and stimulating studies that Faulkner has received

The Cambridge Companion to William Faulkner Philip M. Weinstein, 1995-01-27 This collection of essays explores Faulkner's widespread cultural import Drawing

on a wide range of cultural theory and written in accessible English ten major Faulkner scholars examine the enduring whole of Faulkner's oeuvre Bringing into focus the broader cultural context which lent its resonance to his work the collection will be particularly useful for the student seeking critical introduction to Faulkner while also serving the dedicated scholar interested in recent trends in Faulkner criticism Together these essays map Faulkner's contemporary meaning by exploring his relation to modernism and postmodernism to twentieth century mass culture to European and Latin American fiction to issues of gender difference and above all to the conflicted scene of United States race relations Neither assuming in advance his literary greatness nor insisting that his canonical status be revoked they instead pose the question what is at stake today in reading Faulkner

Faulkner and the Discourses of Culture Charles Hannon, 2012-01-17 Throughout his career William Faulkner produced a literary discourse remarkably contiguous with other discourses of American culture but seldom has his work been explored as a participant in the shifts and ruptures that characterize modern discursive systems Charles Hannon argues in his brilliant new study that the language of Faulkner's fiction is replete with the voiced conflicts that shaped America and the South from the 1920s to 1950 Specifically Hannon takes five contemporary debates in historiography law labor ethnography and film and relates them both to canonical and less discussed texts of Faulkner Hannon employs a theoretical middle ground between Michael Bakhtin's stylistics of the novel and Michel Foucault's model of discourse as an autonomous self regulated domain while also drawing from the vast critical literature on Faulkner's fiction He begins by linking the story cycle *The Unvanquished* to the battle over interpretations of American history as voiced by the Nashville Agrarians on the one hand and W E B DuBois on the other Next Hannon shows how Faulkner's detective fiction of the early 1930s and portions of his novel *The Hamlet* were affected by the emerging schism between adherents of a new school of legal realism and those bound to a more conservative formalist jurisprudence According to Hannon Faulkner's great novel *Absalom Absalom* reflects in its depiction of various forms of labor one of Franklin Roosevelt's major New Deal accomplishments the Wagner Act of 1935 as well as contract disputes in the agricultural and manufacturing South and in the film studios of Hollywood Hannon discusses Faulkner's experimentation in *The Hamlet* vis vis the development of the ethnographic method in the field of anthropology He concludes with a fascinating analysis of the filming of *Intruder in the Dust* in Faulkner's hometown of Oxford Mississippi Through Hannon's keen interpretive readings Faulkner's texts emerge as a complex node in the larger discursive conflicts of his time Though he often seemed to be detached from influence Faulkner was Hannon reveals intensely attentive to ideas at the fore

The Novel Art Mark McGurl, 2020-06-30 Once upon a time there were good American novels and bad ones but none was thought of as a work of art *The Novel Art* tells the story of how beginning with Henry James this began to change Examining the late nineteenth century movement to elevate the status of the novel its sources paradoxes and reverberations into the twentieth century Mark McGurl presents a more coherent and wide ranging account of the development of American modernist fiction than ever before Moving deftly from James to

Stephen Crane Edith Wharton Gertrude Stein William Faulkner Dashiell Hammett and Djuna Barnes among others McGurl argues that what unifies this diverse group of ambitious writers is their agonized relation to a middling genre rarely included in discussions of the fine arts He concludes that the new product despite its authors desire to distinguish it from popular forms never quite forsook the intimacy the genre had long cultivated with the common reader Indeed the art novel sought status within the mass market and among its prime strategies was a promotion of the mind as a source of value in an economy increasingly dependent on mental labor McGurl also shows how modernism s obsessive interest in simple mindedness revealed a continued concern with the masses even as it attempted to use this simplicity to produce a heightened sophistication of form Masterfully argued and set in elegant prose *The Novel Art* provides a rich new understanding of the fascinating road the American novel has taken from being an artless enterprise to an aesthetic one
