Gnosis, 2013-02-28 This is a compilation of Eliphas Lévi's writings on the 22 Major Arcana of the Tarot and their corresponding Hebrew letters It includes the Magic Ritual of the Sanctum Regnum some extracts from the Major Keys and the Clavicles of Solomon and the Editor's Appendix is a large collection of Lévi's drawings and diagrams for easy reference The science of signs begins with the science of letters Letters are absolute ideas Absolute ideas are numbers Numbers are perfect signs In using ideas with numbers one can operate upon the ideas like one can operate upon number and arrive at the mathematics of truth The tarot is the key of letters and numbers Now the tarot that we have today has come to us from Egypt passing through Judea The keys of this tarot in fact correspond with the letters of the hebraic alphabet and some of its figures even reproduce the same form of the characters of this sacred alphabet **The Great Secret Or Occultism**

**Unveiled** Eliphas Lévi, 2000-10-01 The Great Secret completes a trilogy of books by Eliphas Lévi published in his Studies in Hermetic Tradition series the two previous volumes being The Book of Splendours and The Mysteries of the Qabalah Taken together these writings represent a fitting memorial to one who has been both the keeper of the hermetic tradition and the absolute renovator of esoteric thinking in Europe in the 19th century You will be as gods knowing good and evil So concludes what Eliphas Lévi considered to be his last testament his most important and final treatise and a summation of his esoteric philosophy This volume is the conclusion of the work he started with Book One The Hieratic Mystery or the Traditional Documents of High Initiation published as The Book of Splendours Weiser 1984 The Great Secret contains his final two works Book Two The Royal Mystery or Art of Subduing the Powers in which Lévi discusses such topics as Evil the Outer Darkness the Great Secret Magical Sacrifice Evocations the Arcana of Solomon's Ring and the Terrible Secret Book Three The Sacerdotal Mystery or the Art of Being Served by Spirits covers Aberrant Forces the Chaining of the Devil Sacred and Accursed Rites Divination Dark Intelligence and the Great Arcanum *The Book of Splendours* Eliphas Lévi, 2025-09-12 This is the first part of Eliphas Lévi's last great discourse on the mysteries of occultism that was continued and concluded in The Great Secret In it Lévi examines with great precision and insight the inner meanings of Qabalism and their relationship to the occult sciences Part One is a commentary on the Spihra Dzeniuta by Simeon BenJochal which includes an examination of the affinities between Qabalism and Freemasonry Part Two pursues the correspondences between Qabalism Numerology and the

Tarot This edition includes an appendix by Papus Dr Gerard Encausse summarizing Levi's doctrines and teachings and supplying some fascinating information on some of the master's many disciples      Transcendental Magic Éliphas Lévi, 2018-09-24 Behind the veil of all the hieratic and mystical allegories of ancient doctrines behind the shadows and the strange ordeals of all initiations under the seal of all sacred writings in the ruins of Nineveh or Thebes on the crumbling stones of the old temples and on the blackened visage of the Assyrian or Egyptian sphinx in the monstrous or marvellous paintings which interpret to the faithful of India the inspired pages of the Vedas in the strange emblems of our old books of alchemy in the ceremonies at reception practised by all mysterious societies traces are found of a doctrine which is everywhere the same and everywhere carefully concealed      *Eliphas Levi, Master of the Cabala, the Tarot and the Secret Doctrines* Thomas A. Williams, 2003-06 The only existing biography in English of this fascinating 19th century figure Choice says An often enjoyable well documented readable biographical book on Levi and his influence A significant book      An abyss separates the teachings of Eliphas Levi with those of Eastern Occultism Helena Petrovna Blavatsky, 2019-09-17 The knowledge possessed by Western Occultists of the Esoteric Philosophy and their range of perceptions and thought of the Eastern Occultism is very superficial By stating that Above the dark abyss were the Waters Eliphas Levi leads the student away from the right track For it changes entirely the core characteristics of Cosmogony and brings it down to a level with exoteric Genesis perhaps it was so stated with an eye to this result In order to clarify that Above the Breath appeared the Light Levi gives a figure that any Eastern Occultist would not hesitate to pronounce it a left hand magic figure His left hand magic figure is herein reversed At the dawn of a new Manvantara perpetual Motion becomes Breath from the Breath comes forth primordial Light which brings forth the Thought concealed in Darkness and this becomes the Word from which this Universe sprang into being The learned Abb had a decided tendency to anthropomorphize creation He ignores the first stage of evolution and imagines a secondary chaos But in the face of the task Levi had set before himself that of reconciling Jewish Magic with Roman Ecclesiasticism he could say nothing else Not only are his explanations unsatisfactory and misleading in his published works they are much worse but his Hebrew transliteration is entirely wrong The philosophy that the French Magus gives out as Kabbalistic is simply mystical Roman Catholicism adapted to the Christian Kabbalah Clearly Levi's Kabbalah is mystic Christianity not Occultism The material Universe was built by Water say the Kabbalists who know the difference between the two waters the Waters of Life and those of Salvation so confused together in dogmatic religions Moses and Thales said that only earth and water can bring forth a living Soul water being on this plane the Principle of all things In Egypt Osiris was Fire and Isis was the Earth or its synonym Water the two opposing elements because of their opposite properties being necessary to each other for a common object that of procreation The earth needs solar heat and rain to make her throw out her germs But these procreative properties of Fire and Water or Spirit and Matter are symbols only of physical generation      **Philosophie Occulte** Eliphas Levi, 2015-09-03 This work has been selected by scholars as

**Key of the Mysteries** Eliphas Levi,1972-06-01 Eliphas Le vi was steeped in the Western occult tradition and a master of the Rosicrucian interpretation of the Qabalah which forms the basis of magic as practiced in the West today The Key of the Mysteries represents the culmination of Le vi s thoughts and is written with subtle and delicate irony It reveals the mysteries of religion and the secrets of the Qabalah providing a sketch of the prophetic theology of numbers The mysteries of nature such as spiritualism and fluidic phantoms are explored Magical mysteries the Theory of the Will with its 22 axioms are divulged And finally it offers the great practical secrets The true greatness of this work however lies in its ability to place occult thought firmly in Western religious traditions For Le vi the study of the occult was the study of a divine science the mathematics of God

The Mysteries of the Qabalah Eliphas Levi,2000-01-01 The author an influential 19th century occultist offers an analysis of Biblical texts as essential keys to high Qabalah the mystical system of Judaism He links Old and New Testaments by comparing Qabalistic imagery and concepts in The Ezekial Prophecy and The Apocalypse of St John

*Occult Roots of Religious Studies* Yves Mühlematter,Helmut Zander,2021-06-08 The historiographers of religious studies have written the history of this discipline primarily as a rationalization of ideological most prominently theological and phenomenological ideas first through the establishment of comparative philological and sociological methods and secondly through the demand for intentional neutrality This interpretation caused important roots in occult esoteric traditions to be repressed This process of purification Latour is not to be equated with the origin of the academic studies De facto the elimination of idealistic theories took time and only happened later One example concerning the early entanglement is Tibetology where many researchers and respected chair holders were influenced by theosophical ideas or were even members of the Theosophical Society Similarly the emergence of comparatistics cannot be understood without taking into account perennialist ideas of esoteric provenance which hold that all religions have a common origin In this perspective it is not only the history of religious studies which must be revisited but also the partial shaping of religious studies by these traditions insofar as it saw itself as a counter model to occult ideas *The Matrix & The Forbidden Knowledge* Malik

Bade,2023-10-07 The most important secrets that have been kept from the general public will now be exposed in this book In this publication I uncover a myriad of mysteries and uncomfortable truths about the world we live in It s time to get up and do something revolutionary to stop the evil that has been torturing us for decades This book tells you everything you need to know about the universe from secret societies and hidden agendas to extraordinary phenomena in the most in depth and evidential way possible It also gives you warnings about both upcoming and past events      **The Knights of the Golden Circle in Texas** Randolph W Farmer,2022-09-13 The United States today is a divided nation and some say the country may be heading toward breakup or possibly civil war That has happened before and the result was disastrous As many as 750 000 Americans perished during the Civil War A study of the causes of our last Civil War may help to prevent another The Knights of the Golden Circle KGC played a major role in starting the Civil War in the United States Although intended to remain a secret organization of conspirators it is perhaps the most well documented conspiracy in United States history The goal of the KGC was the creation of a new society separate from the United States dedicated to the preservation and expansion of slavery into Latin America The KGC existed in almost every state in the Union but nowhere was it as powerful and successful as it was in Texas Several governors many senators and military leaders were members having taken an oath to support the organization and their fellow members Most of the documents generated by the KGC were destroyed after the war ended as its members feared execution for treason Not everything was destroyed though This book relies on documents created by the organization and its members that have not previously been used by researchers Many members of this organization remained in positions of authority in state affairs after the abolition of slavery This book goes far beyond previous published work in establishing the identities of the members of this organization who promoted and encouraged the most disastrous war in American history Randolph W Farmer is a native Texan from a family whose ancestors first came to Texas as early as 1817 when it was still a Spanish possession He is the author of two previously published books on Texas history
