A Concise History of Australia Stuart Macintyre, 2015-10-09 Australia is the last continent to be settled by Europeans but it also sustains a people and a culture tens of thousands years old For much of the past 225 years the newcomers have sought to replace the old with the new This book tells how they imposed themselves on the land and describes how they brought technology institutions and ideas to make it their own The fourth edition incorporates the far reaching effects of an export and investment boom in the early years of the twenty first century that lifted Australia to unprecedented prosperity The sale of minerals and energy enabled the economy to withstand the global financial crisis of 2007-08 but there was no agreement on how the wealth was to be managed and its benefits distributed The book describes a continuing search for solutions to climate change the unauthorised arrival of refugees Indigenous disadvantage and generational change

The Europeans in Australia Alan Atkinson, 2016-07-01 It is the duty of historians to be wherever they can accurate precise humane imaginative using moral imagination above all and even handed The first of three volumes of the landmark award winning series *The Europeans in Australia* gives an account of early settlement by Britain It tells of the political and intellectual origins of this extraordinary undertaking that began during the 1780s a decade of extraordinary creativity and the climax of the European Enlightenment Volume One *The Beginning* examines the forces that led to the penal colony at Port Jackson and the first twenty five years of white settlement Atkinson examines as few historians have done before the political and intellectual origins of this extraordinary undertaking It began during the 1780s a decade of extraordinary creativity and the climax of the European Enlightenment The purpose of settlement might seem uninspiring but the fact that this was to be a community of convicts and ex convicts raised profound questions about the common rights of the subject the responsibility of power and the possibility of imaginative attachment to a land of exile Atkinson explores the imagery and technique of European power as it made its first impact on Australia He argues that the Europeans were not simply conquerors motivated by brutal or short term colonising imperatives The Europeans culture was ancient and infinitely complex thickly woven with ideas about spirituality authority self and land all of

which influenced the development of Australia The possession of land and conflict with Aboriginal peoples were at issue but so were the ancient habits of Europeans themselves The culmination of an extraordinary career in the writing and teaching of Australian history The Europeans in Australia grapples with the Australian historical experience as a whole from the point of view of the settlers from Europe Ambitious and unique it is the first such large single author account since Manning Clark's A History of Australia Family History and Historians in Australia and New Zealand Malcolm Allbrook, Sophie

Scott-Brown, 2021-06-27 Since the turn of the twenty first century family history is the place where two great oceans of research are meeting family historians outside the academy with traditionally trained often university employed historians This collection is both a testament to dialogue and an analysis of the dynamics of recent family history that derives from the confluence of professional historians with family historians their common causes and conversations It brings together leading and emerging Australian and New Zealand scholars to consider the relationship between family history and the discipline of history and the potential of family history to extend the scope of historical inquiry even to revitalise the discipline In Anglo Western culture the roots of the discipline's professionalisation lay in efforts to reconstruct history as objective knowledge to extend its subject matter and to enlarge the scale of historical enquiry Family history almost by definition is often

inescapably personal and localised How then have historians responded to this resurgence of interest in the personal and the local and how has it influenced the thought and practice of historical enquiry **Stories of Life at Sydney Cove** Susan E Boyer, 2016-10-28 Following the success of Across Great Divides True Stories of Life at Sydney Cove this new edition Stories of Life at Sydney Cove is for readers aged 10 When thirteen year old convicts John Hudson and Elizabeth Hayward are sent to a mysterious land at the end of the world they have no idea what life holds for them At Sydney Cove there are no roads no fences no buildings just wilderness Later when Indigenous children Nanberry and Boorong come to live with the white strangers they see life through different eyes The mystery of a new world had begun and the lives of all involved would never be the same again Stories of life at Sydney Cove is a gripping narrative that weaves together the everyday experiences of convicts soldiers and Aboriginal people with the events of history These true stories are told through the words of those who really lived at Sydney Cove in 1788 and are so intriguing they read like fiction **Destiny in Sydney** D. Manning
