Ella Victoria Dobbs A Portrait Bio:

Ella Victoria Dobbs, a Portrait Biography Verna M. Wulfekammer, 1961 *Pioneers of Early Childhood Education* Barbara Peltzman, 1998-01-26 Early childhood education is fundamental to a child's later educational achievements and future success. The principles and practices of modern early childhood education have their origins in the past. While the educators who built the field have been the subject of many detailed studies, previous works do not provide adequate coverage of primary and secondary sources, multicultural educators, or more recent leaders in the discipline. This reference book provides biographies and annotated bibliographies of more than 30 pioneers in early childhood education from Johann Amos Comenius 1592-1670 and John Locke 1632-1704 to Maria Montessori 1870-1952, Leland B. Jacobs 1907-1992, and Lillian Weber 1917-1994. Special attention is given to multicultural educators including Mary Church Terrell 1863-1954 and her work with The National Association of Colored Women. Biographies are arranged alphabetically and each is followed by annotated bibliographies of primary and secondary sources. An introductory essay briefly discusses the history of early childhood education from the 17th century to the present. The following biographies are arranged alphabetically and each includes a brief summary of the subject's contributions to the field of early childhood education. Each biographical sketch is followed by an annotated bibliography of primary and secondary sources, including obituaries, articles, dissertations, and books. Works were selected because they represent the most interesting and informative sources by and about the educators. The volume closes with a chronological listing of the pioneers and a selected bibliography of general works on early childhood education. *American National Biography*, 1999 *The History of American Women's Voluntary Organizations, 1810-1960* Karen J. Blair, 1989 Works about John Dewey, 1886-1995 Barbara Levine, 1996 Although she has devised a new format for this bibliography, Barbara Levine has included most of the materials published in the two editions of the Checklist of Writings about John Dewey. Material new to this volume includes recently discovered items published during the ninety years covered by the Checklist as well as items published since 1977. Because certain studies at best have only marginal value or because they can be obtained through ordinary library research tools, Levine has deleted some classes of material that appeared in the 1974 and 1978 Checklist editions: primary sources with only brief references to Dewey; the entire section entitled Unpublished Works about Dewey, which included theses, dissertations, and papers presented at meetings; and Educational Resources Information Center (ERIC) documents. Levine has included all of the material published about Dewey during the 108 years between 1886 and 1994 and has included many 1995 items as well. She has verified all items and, whenever possible, obtained copies. She has discovered hundreds of items omitted from the second edition of the Checklist and has augmented the current bibliography by nearly two thousand items published since 1977. The bibliography is divided into four parts. The first, Books and Articles about Dewey, lists works alphabetically by author. Replies and responses to articles immediately follow the work cited. The Reviews of Dewey's Works lists titles alphabetically. Reviews are grouped alphabetically by journal.
