the third Clockwork Phoenix installment collects some magnificent interpretations of fantastic ideas The Gospel of Nachash opens Marie Brennan's haunting tale of the beginning of time and a very interesting reinterpretation of a gospel it is too Tanith Lee's Fold is a story of a man who wrote love letters to the people he saw passing beneath his window and only left his apartment once Gemma Files Hell Friend is really a heart warming ghost story Georgina Bruce's Crow Voodoo is an unnerving take on something common to fairy tales and Gregory Frost's Lucyna's Gaze starts off sweet and grows more awful with every revealed detail Clockwork Phoenix delivers on its promise of both beauty and strangeness and adds in some fright and a few new ways of looking at old tropes All in all it's a very successful collection of thematically similar but wildly varied in subject works

Booklist CLOCKWORK PHOENIX is a series of anthologies from Norilana Books edited by Mike Allen that bears the subtitle New Tales of Beauty and Strangeness This seems a quite appropriate subtitle the stories really do seem attempts at evoking both beauty and the strange This makes them consistently interesting There is a mixture of wild science fiction as with John C Wright's Murder in Metachronopolis a convoluted time travel mystery with what seems best called slipstream say Tanith Lee's curious Fold about a man who sends people paper airplane love letters with out and out fantasy One of the latter is my favorite here C S E Cooney's Braiding the Ghosts in which a girl goes to her grandmother after her mother's death and learns from the older woman the secret of braiding ghosts which is to say enslaving them So ghosts are the servants of the older woman But the girl is not so happy with this especially when she falls for the ghost she is forced to braid And the ghosts are they happy Read the story and find out lovely stuff

Locus For the past three years editor Mike Allen has been publishing his unique CLOCKWORK PHOENIX anthologies inviting authors like Tanith Lee and Catherynne M Valente to give us their take on the concepts of as the title has it beauty and strangeness The result has been a critical and artistic success and if volume three is any indication the spell won't be lifting any time soon Allen continues to assemble some of the most adventurous beauteous and just plain weird stuff our current crop of speculative authors are capable of producing
