**Emaki, Narrative Scrolls from Japan** Miyeko Murase,1983      **EMAKI** Miyeko Murase,1983      *Emaki* Miyeko Murase,1983-01-01      *Storytelling in Japanese Art* Masako Watanabe,2011 Presents 17 classic Japanese stories as told through 30 illustrated handscrolls ranging from the 13th to 19th centuries      *Mapping Courtship and Kinship in Classical Japan* Doris G. Bargen,2015-08-31 Literary critiques of Murasaki Shikibu's eleventh century *The Tale of Genji* have often focused on the amorous adventures of its eponymous hero In this paradigm shifting analysis of the *Genji* and other mid Heian literature Doris G Bargen emphasizes the thematic importance of Japan's complex polygynous kinship system as the domain within which courtship occurs Heian courtship conducted mainly to form secondary marriages was driven by power struggles of succession among lineages that focused on achieving the highest position possible at court Thus interpreting courtship in light of genealogies is essential for comprehending the politics of interpersonal behavior in many of these texts Bargen focuses on the genealogical maze the literal and figurative space through which several generations of men and women in the *Genji* moved She demonstrates that courtship politics sought to control kinship by strengthening genealogical lines while secret affairs and illicit offspring produced genealogical uncertainty that could be dealt with only by reconnecting dissociated lineages or ignoring or even terminating them The work examines in detail the literary construction of a courtship practice known as *kaimami* or looking through a gap in the fence in pre *Genji* tales and diaries and Sei Shōnagon's famous *Pillow Book* In Murasaki Shikibu's *Genji* courtship takes on multigenerational complexity and is often used as a political strategy to vindicate injustices counteract sexual transgressions or resist the pressure of imperial succession Bargen argues persuasively that a woman observed by a man was not wholly deprived of agency She could choose how much to reveal or conceal as she peeked through shutters from behind partitions fans and kimono sleeves or through narrow carriage windows That mid Heian authors showed courtship in its innumerable forms as being influenced by the spatial considerations of the Heian capital and its environs and by the architectural details of the residences within which aristocratic women were sequestered adds a fascinating topographical dimension to courtship In *Mapping Courtship and Kinship in Classical Japan* readers both familiar with and new to *The Tale of Genji* and its predecessors will be introduced to a wholly new interpretive lens through which to view these classic texts In addition the book includes charts that trace *Genji* characters' lineages maps and diagrams that plot the movements of courtiers as they make their way through the capital and beyond and color reproductions of paintings that capture the drama of courtship      *Japan Report*,1982      **The Practices of Painting in Japan, 1475-1500** Quitman E. Phillips,2000 This book attempts to expand the grounds and methodology of studying Japanese art history by focusing on the conditions procedures events and social interplay that characterized the production of paintings in late fifteenth century Japan Though the book's ultimate concerns are art historical its analysis also draws heavily from the insights of sociology and social history At its core is a fresh examination of the major primary documents of

the period in an attempt to liberate the study from assumptions long embedded in the historiography of late medieval Japanese painting history Early chapters describe documents methods basic sites and conditions of painting before turning to the main contribution of the book painting considered as a body of social practices The production of painting in the late fifteenth century was profoundly social dynamically related to the circumstances of its agents Painters advisors assistants clients and others did not exert themselves simply to bring paintings into existence They sought advantages such as wealth and prestige met obligations and satisfied the demands of custom Surviving documents from the period present rich evidence of the involvement of such persons in the imperial court the Ashikaya Gozan community the great temples of Nara and the halls of local lords The author takes into account the patterns of expectation that existed at the various sites but does not construe them as static and mechanically determined Rather he shows that expectations evolved in response to changed conditions Although this study specifically addresses the last quarter of the fifteenth century it can aid future research in Japanese painting practice in other eras by serving as a model of how new interpretations can emerge from close documentary investigation

Bargaen,Murasaki Shikibu,1997-01-01 This text presents an examination of Murasaki Shikibu s 11th century classic The Tale of Genji The author explores the role of possessing spirits from a female viewpoint and considers how the male protagonist is central to determining the role of these spirits

*Destroyed—Disappeared—Lost—Never Were* Beate Fricke,Aden Kumler,2022-05-20 To write about works that cannot be sensually perceived involves considerable strain Absent the object art historians must stretch their methods to or even past the breaking point This concise volume addresses the problems inherent in studying medieval works of art artifacts and monuments that have disappeared have been destroyed or perhaps never existed in the first place The contributors to this volume are confronted with the full expanse of what they cannot see handle or know Connecting object histories the

anthropology of images and historiography they seek to understand how people have made sense of the past by examining objects images and architectural and urban spaces Intersecting these approaches is a deep current of reflection upon the theorization of historical analysis and the ways in which the past is inscribed into layers of evidence that are only ever revealed in the historian's present tense Highly original and theoretically sophisticated this volume will stimulate debate among art historians about the critical practices used to confront the formative presence of destruction loss obscurity and existential uncertainty within the history of art and the study of historical material and visual cultures In addition to the editors the contributors to this volume are Michele Bacci Claudia Brittenham Sonja Drimmer Ja Elsner Peter Geimer Danielle B Joyner Kristopher W Kersey Lena Liepe Meekyung MacMurdie and Michelle McCoy

**A Storied Sage** Micah L. Auerback, 2016-12-07 Auerback has produced an entirely original history of Japanese Buddhism a major contribution to the field This book is exemplary D Max Moerman author of *The Japanese Buddhist World Map* Since its arrival in Japan in the sixth century Buddhism has played a central role in Japanese culture But the historical figure of the Buddha the prince of ancient Indian descent who abandoned his wealth and power to become an awakened being has repeatedly disappeared and reappeared emerging each time in a different form and to different ends *A Storied Sage* traces this transformation of concepts of the Buddha from Japan's ancient period in the eighth century to the end of the Meiji period in the early twentieth century Micah L. Auerback follows the changing fortune of the Buddha through the novel uses for the Buddha's story in high and low culture alike often outside of the confines of the Buddhist establishment Auerback argues for the Buddha's continuing relevance during Japan's early modern period and links the later Buddhist tradition in Japan to its roots on the Asian continent Additionally he examines the afterlife of the Buddha in hagiographic literature demonstrating that the late Japanese Buddha far from fading into a ghost of his former self instead underwent an important reincarnation Challenging many established assumptions about Buddhism and its evolution in Japan *A Storied Sage* is a vital contribution to the larger discussion of religion and secularization in modernity The point where this study blossoms with voluminous detail is when developments in historiography made biographies of the Buddha controversial in the early modern era Auerback's coverage of these debates is exceedingly thorough *Journal of Japanese Studies* New York Magazine, 1983-10-31 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
