The Lie of the Land John Gibbons,2025-09-04 A passionate case for reimagining Irish farming and agriculture in the age of climate change from a respected environmental journalist Ireland has tended to think of itself as a Goldilocks country not too hot not too cold and well positioned to ride out the climate emergency But this is a fantasy the effects of climate change in Ireland will be profound and at the moment we re not doing nearly enough about it That s the bad news The good news is that Ireland has the wherewithal to dramatically cut its emissions while making itself far more resilient This book shows how it can be done Above all we must reimagine the ways in which we use the land The agrifood sector accounts for 38 per cent of Ireland s greenhouse emissions and just 7 per cent of gross national income As John Gibbons shows Ireland s dramatic shift towards the most polluting food sectors driven by a small number of agribusiness giants and facilitated by the state benefits the few while imposing huge costs on the many It doesn t have to be this way and Gibbons who grew up on a mixed farm shows how we can embrace a low emissions farming model while preserving farmers livelihoods making the countryside a better place to live and delivering something Ireland conspicuously lacks food security The Lie of the Land is a bracing critique of the bad decisions that have put Ireland into such a vulnerable position and a devastating dissection of the wishful thinking and outright dishonesty that have propped up the status quo in Irish agribusiness It also offers an inspiring vision of how through a revolution in farming development of renewable energy including our vast offshore wind resource and a dramatic acceleration of moves to decarbonize transport and housing we can prepare for the new realities of the climate crisis *Traitor Maguire* C R Dempsey,2022-03-29 A must read addition to the Exiles series that leaves you wanting more has to be the most exciting of the books so far Reedsy Discovery C R Dempsey is an extraordinary storyteller who paints a fascinating tapestry of the turbulent time in Irish history a setting that is stunningly imagined and vividly constructed allowing readers detailed images of the clashes between the rebels and the English crown the betrayals and espionage that characterized the political atmosphere of the time The Book Commentary Traitor Maguire has its full quota of gory and blood soaked action shadowy double dealing and intrigue and bursts of dialogue that are as Irish as the peat in this rip roaring book The Historical Fiction Company Eunan s meteoric rise through the Maguire nobility was nothing short of remarkable After ascending from obscurity to marry the woman he loved his loyalty to his clan and the rebellion against England remained steadfast But no sooner has he reached his pinnacle of success than enemies within his own faction make their

Yellow Bear Dale Stubbart, Yellow Bear was walking in the woods one day He was deep in the woods where the trees are close to each other so close there was hardly room to move between them But Yellow Bear managed Sometimes he would have to climb over branches and sometimes he crawled under them Walking in the deep woods was hard but Yellow Bear was really enjoying it Casual strolls where the trees were not as close to each other were nice but walking this obstacle course was also fun Yellow Bear was drawn in this direction so he kept walking and climbing and crawling Suddenly Yellow Bear popped out into an open meadow This was the place he had been drawn to A nice meadow full of wildflowers and singing birds Yellow Bear was about to sit down and relax and enjoy this meadow taking in all its majestic beauty when the Wind came to play with him flipping his ear forward Come play with me it said Yellow Bear knew the Wind He knew how nice it was The Wind brought smells to his nose of honey berries and other foods The Wind told him where other animals were The Wind could keep him warm or cool him off The Wind brought him music as it sang through the leaves of the trees Yes the Wind was nice But this was the first time the Wind had invited him to play Yellow Bear loved to play oh how he loved to play

The Wind had tagged him so now Yellow Bear ran to tag the Wind The Wind was elusive and the first few times Yellow Bear missed Yellow Bear would chase the Wind and just as he was about to tag it the Wind would disappear Then the Wind would appear someplace else and Yellow Bear would chase it again And again the Wind would disappear just as Yellow Bear was about to tag it Then Yellow Bear stepped onto the Wind Where he stepped there was nothing Where he stepped there was everything Then he knew why the birds sing And the children laugh He knew why water flowed And fire burned And he knew why the Wind called to him and why he longed to answer Rating G Reading Level Very Easy 4th Grade Longest Words Ginoodaawangaa Disappointment *Pierce's Federal Code, 1910* United States,1910 **Laws Applicable to the United**
