Emergence of Dajjal Mohammed Yasin Owadally, 2001 **Emergence of Dajjal the Jewish King** Mohamad Yasin **Apocalypse in Islam** Jean-Pierre Filiu, 2011 This is an eye opening exploration of a troubling phenomenon the fast growing belief in Muslim countries that the end of the world is at hand Jean Pierre Filiu uncovers the role of apocalypse in Islam over the centuries and highlights its extraordinary resurgence in recent decades and the Fundamentalist Quest Farzana Hassan, 2015-01-28 This work traces the origins of apocalyptic prophecy in Christianity and Islam through in depth examinations of several texts found within the Bible the Quran and the Hadith The author contends that Christianity and Islam often seen as two of the primary fundamentalist and proselytizing world faiths remain pitted against each other in an ongoing struggle to impose their religious ideology on the rest of the world through either force or persuasion The religious prophecies discussed in this book are largely focused on end time or apocalyptic scenarios such as the Book of Revelation from the Bible's New Testament the prophesized hour of judgment in the Quran and the Book of Tribulations in the Hadith The final two chapters provide an analysis of current world politics including the Iraq War within the context of Christian and Islamic prophecy The Islamic Antichrist Joel Richardson, 2009 In The Islamic Antichrist Richardson exposes Western readers to the traditions of Islam and predicts that the end times may not be far away His book will stun readers unaware of the similarities between the Antichrisst and the Islamic Jesus His research on the relationship between Christian end time prophecy and Islamic expectations of world domination will shock readers and shape the debate over radical Islam for years to come This is the book to read to understand Islam's potential role in fulfilling the prophecies of the Bible Page 2 of cover Messianic Ideas and Movements in Sunni Islam Yohanan Friedmann, 2022-06-16 Expectation of a redeemer is a widespread phenomenon across many civilizations Classical Islamic traditions maintain that the mahdi will transform our world by making Islam the sole religion and that he will do so in collaboration with Jesus who will return as a Muslim and play a major role in this apocalyptic endeavour While the messianic idea has been most often discussed in relation to Shi i Islam it is highly important in the Sunni branch as well In this groundbreaking work Yohanan Friedmann explores its roots in Sunni Islam and studies four major mahdi claimants Ibn Tumart Sayyid Muhammad Jawnpuri Muhammad Ahmad and Mirza Ghulam Ahmad who made a considerable impact in the regions where they emerged Focusing on their religious thought and relating it to classical Muslim ideas on the apocalypse he examines their movements and considers their achievements failures and legacies including the ways in which they prefigured some radical Islamic groups of modern times Muslim Minorities in Modern States Raphael Israeli, 2017-09-08 Political leaders of the 1930s may be accused of blindness to danger in their failed attempts to appease totalitarian aggression but no one doubts they believed they were doing so to preserve their way of life In contrast Raphael Israeli suggests that twenty first century appearement of Islamists wherever it occurs is different Appeasement in the advanced modern states of this century in Europe Australia

Canada and even in parts of Asia is characterized by what amounts to a self inflicted humiliation in misguided efforts to slow the advance of a rising Islamist tide Such appearement surrenders core aspects of sovereignty turning non Muslim populations into second and third class citizens in their own countries Disturbing warning signs first emerged in Europe but were either not noticed or denied They extended to the periphery of the Muslim world but their development in Western countries were unnoticed or denied until they hit also the peripheral areas of the Muslim world Canada and Australia and to some extent the countries of Asia fell into a syndrome of denial which persisted until they were forced to listen often at a price in human lives and carnage In Europe the core of the Muslim presence developed in countries like Britain France and Germany which lacked law enforcement against terrorists because the executive and judiciary emphasized human rights and apparent safety over defensive measures to protect their citizens and way of life Both the United States and Great Britain needed a traumatic jolt before they moved to act In the United States it would be the watershed event of September 11 2001 in London the July 7 2005 bombings And there were events in other countries in Spain the March 2004 Madrid train bombings in France the violent riots of 2005 in Amsterdam the van Gogh murder in Asia the Bali horror and finally in Scandinavia the Cartoon Affair These jolts shattered the tranguility of populations who had believed in peaceful coexistence with Muslim immigrants and in the feasibility of their integration into national societies. This study fills a large void in the examination of the consequences of new migrations of Muslim populations into advanced and modern societies throughout the world Antichrist Joel Richardson, 2006 A highly acclaimed and fascinating examination of Islamic and biblical end time prophecies Discover the startling similarities between the biblical Antichrist and Islam's Messiah figure known as Imam al Mahdi A must read for anyone interested in Islam Bible prophecy or the underlying spiritual factors behind many of today Legacy of Islamic Antisemitism Andrew G. Bostom, M.D., 2011-11-29 Exceedingly well organized and s current events extensively documented CHOICEThe publication of the present anthology of primary sources and secondary studies on the theme of Muslim antisemitism is a groundbreaking event of major scholarly cultural and political significance Editor Andrew Bostom has mined the relevant literature to produce the fullest record on this subject in existence After the publication of his work all the oft repeated but erroneous misunderstandings of a tolerant Islam and of a medieval Jewish Muslim golden age will need to be permanently retired Everyone interested in Jewish and Islamic history as well as current events in the Middle East should read this book and soon Steven T Katz Director Elie Wiesel Center for Judaic Studies Boston University and author of Post Holocaust Dialogues and The Holocaust in Historical ContextThe antisemitism of the Muslim Middle East that we hear see and experience daily from the racist cartoons to the constant chorus of pigs and apes is often attributed to European origins as if the radical Muslim world learned this endemic hatred through the tragedy of imperialism and colonialism In fact a deep suspicion and frequent loathing of Jews is deeply rooted in the Middle East antedating European rule and sometimes evidenced in passages in the Koran and early holy Islamic texts Andrew Bostom produces a vast

literature of Middle Eastern Islamic antisemitism and critics may be as surprised at his conclusions as they are unable to refute his carefully compiled corpus of evidence Victor Davis Hanson Senior Fellow The Hoover Institution Stanford University author of Carnage and Culture and A War Like No OtherThis comprehensive meticulously documented collection of scholarly articles presents indisputable evidence that a readily discernible uniquely Islamic antisemitism a specific Muslim hatred of Jews has been expressed continuously since the advent of Islam Debunking the conventional wisdom which continues to assert that Muslim animosity toward Jews is entirely a 20th century phenomenon fueled mainly by the protracted Arab Israeli conflict leading scholars provide example after example of antisemitic motifs in Muslim documents reaching back to the beginnings of Islam The contributors show that the Koran itself is a significant source of hostility toward Jews as well as other foundational Muslim texts including the hadith the words and deeds of Muhammad as recorded by pious Muslim transmitters and the sira the earliest Muslim biographies of Muhammad Many other examples are adduced in the writings of influential Muslim jurists theologians and scholars from the Middle Ages through the contemporary era These primary sources and seminal secondary analyses translated here for the first time into English such as Hartwig Hirschfeld s mid 1880s essays on Muhammad's subjugation of the Jews of Medina and George Vajda's elegant comprehensive 1937 study of the hadith detail the sacralized rationale for Islam's anti Jewish bigotry Numerous complementary historical accounts illustrate the resulting plight of Jewish communities in the Muslim world across space and time culminating in the genocidal threat posed to the Jews of Israel today Scholars educators and interested lay readers will find this collection an invaluable resource for understanding the phenomenon of Muslim antisemitism past and present FURTHER PRAISE FOR THE LEGACY OF ISLAMIC ANTISEMITISM Stimulating and informative a fascinating and disturbing voyage of historical discovery It is magnificent Martin Gilbert official biographer of Winston ChurchillAuthor of Never Again A History of the Holocaustand The Iews of Arab Lands Their History in Maps Bostom s eye opening anthology should become an essential resource Ilan Stavans Lewis Sebring Professor in Latin American and Latino Culture and Five College 40th Anniversary Professor Amherst CollegeDr Andrew Bostom has written a Jerusalem and Its Role in Islamic Solidarity Y. Reiter, 2008-05-26 The book deals with the role of Jerusalem as a central religious political symbol and with the processes by which symbols of faith and sanctity are being employed in a political struggle It examines the current Islamic ethos towards Jerusalem and the affinity between this religious ethos and the political aspirations of the Palestinians and other Arab and Islamic groups It also compares current Jewish and Muslim narratives and processes of denial and de legitimizing the affiliation of the other to the holy city and its sacred shrines and addresses the question whether religious outlook forms a major barrier for achieving peace in the Israeli Arab arena Muslim Anti-Semitism in Christian Europe Raphael Israeli, 2017-09-08 Modern Arab and Muslim hostility towards Jews and Israel is rooted not only in the Arab Israeli conflict and traditional Islamic teaching but also in Christian anti Semitic attitudes brought into the Islamic world by Western colonial powers In this volume Raphael

Israeli examines how the worsening situation in the Middle East together with large waves of Muslim immigration to Europe North America and Australia has brought about a commingling of two anti Semitic traditions As the author explains the unique interaction of Muslim immigrants in the West with the host societies brought them into contact with local traditional anti Semites of the xenophobic fascist and racist Right along with the avowedly anti Zionist Left to build a formidable wall of hatred against the Jewish state and its people To complicate this picture further the same Muslim immigrants share with them minority status in a Christian majority society Often finding themselves at odds with the majority host society they find themselves subject to criticism and censure on all sides They are engaged simultaneously in battle with both their host society into which they cannot integrate and their Jewish compatriots who are a model of good integration Consequently they feel exposed and lose ground in the struggle for social acceptance Israeli lays out the nature and ideologies of the Muslim immigrant world and shows how in each European country they create their own ethnic sub groups and religious communities often in competition with each other This remarkable and courageous book will be of interest to sociologists Middle East specialists and political scientists Emergence of Dajjal, the Jewish King Matloob Ahmed Qasmi, 2005 The Sabbatean Prophets Matt GOLDISH, Matt Goldish, 2009-06-30 In the mid seventeenth century Shabbatai Zvi a rabbi from Izmir claimed to be the Jewish messiah and convinced a great many Jews to believe him The movement surrounding this messianic pretender was enormous and Shabbatai's mission seemed to be affirmed by the numerous supporting prophecies of believers The story of Shabbatai and his prophets has mainly been explored by specialists in Jewish mysticism Only a few scholars have placed this large scale movement in its social and historical context Matt Goldish shifts the focus of Sabbatean studies from the theology of Lurianic Kabbalah to the widespread seventeenth century belief in latter day prophecy The intense expectations of the messiah in Christianity Judaism and Islam form the necessary backdrop for understanding the success of Sabbateanism The seventeenth century was a time of deep intellectual and political ferment as Europe moved into the modern era The strains of the Jewish mysticism Christian millenarianism scientific innovation and political transformation all contributed to the development of the Sabbatean movement By placing Sabbateanism in this broad cultural context Goldish integrates this Jewish messianic movement into the early modern world making its story accessible to scholars and students alike Table of Contents Preface Prologue 1 Messianic Prophecy in the Early Modern Context 2 Nathan of Gaza and the Roots of Sabbatean Prophecy 3 From Mystical Vision to Prophetic Explosion 4 Opponents and Observers Respond 5 Prophecy after Shabbatais Apostasy Notes Index Reviews of this book Goldish looks at the Jewish messianic surge of the 17th century which culminated with the Sabbatean movement and places it in a broader multidimensional context He has produced a well written scholarly addition and modification to the literature Paul Kaplan Library Journal Unleashing the Beast Perry F. Stone, 2011 An exploration of how biblical prophecies are playing out on the world stage today **Contemporary Muslim Apocalyptic Literature** David Cook, 2008-07-21 Although apocalyptic visions and predictions

have long been part of classical and contemporary Islam this book is the first scholarly work to cover this disparate but influential body of writing David Cook puts the literature in context by examining not only the ideological concerns prompting apocalyptic material but its interconnection with the Palestinian Israeli conflict Arab relations with the United States and other Western nations and the role of violence in the Middle East Cook suggests that Islam began as an apocalyptic movement and has retained a strong apocalyptic and messianic trend One of his most striking discoveries is the influence of non Islamic sources on contemporary Muslim apocalyptic beliefs He trenchantly discusses the influence of non Islamic sources on contemporary Muslim apocalyptic writing tracing anti Semitic strains in Islamist thought in part to Western texts and traditions Through a meticulous reading of current documents incorporating everything from exeges of holy texts to supernatural phenomena Cook shows how radical Muslims including members of al Qa ida may have applied these ideas to their own agendas By exposing the undergrowth of popular beliefs contributing to religion driven terrorism this book casts new light on today s political conflicts Understanding the Book of Revelation Karen Brown, 2021-08-24 History is a great teacher if we would learn from it God spoke through the prophets about historical events which took place before Christ came to earth during Christ's time on earth and well past 70 Ad when the temple fell God revealed through the prophets many of the events which happened to the Jewish people during WWII If you know history you can see the fulfillment of these prophecies in part or whole This book combines both It compels us to widen our minds to the scope of what God wants us to see and understand In order to know more of His plans for Christ's coming and to be ready to share His word The Journal of Indo-judaic Studies ,2002 Nazis, Islamists, and the Making of the Modern Middle East Barry Rubin, Wolfgang G. Schwanitz, 2014-02-01 A groundbreaking account of the Nazi Islamist alliance that changed the course of World War II and influences the Arab world to this day During the 1930s and 1940s a unique and lasting political alliance was forged among Third Reich leaders Arab nationalists and Muslim religious authorities From this relationship sprang a series of dramatic events that despite their profound impact on the course of World War II remained secret until now In this groundbreaking book esteemed Middle East scholars Barry Rubin and Wolfgang G Schwanitz uncover for the first time the complete story of this dangerous alliance and explore its continuing impact on Arab politics in the twenty first century Rubin and Schwanitz reveal for example the full scope of Palestinian leader Amin al Husaini s support of Hitler's genocidal plans against European and Middle Eastern Jews In addition they expose the extent of Germany's long term promotion of Islamism and jihad Drawing on unprecedented research in European American and Middle East archives many recently opened and never before written about the authors offer new insight on the intertwined development of Nazism and Islamism and its impact on the modern Middle East Nazis Islamists reinsert s racial ideology into the study of the desert conflict and thereby offer s new insights into the Nazis relationships with their North African and Middle Eastern partners Mia Lee Contemporary European History Thoroughly researched and closely argued David Pryce Jones National
