anomalous situation was constantly present to her imagination and that questions of gender shaped almost everything she wrote Mermin argues that Barrett Browning's poetry covertly inspects and dismantles the barriers set in her path by gender and that in her major works *Sonnets from the Portuguese* *Aurora Leigh* her best political poems *A Musical Instrument* difficulty is turned into triumph incorporating the author's femininity her situation as a woman poet and her increasingly substantial fame Mermin skillfully interweaves biography and close readings of the poems to show precisely how Barrett Browning's life as a woman writer is a part of the essential meaning of her art Both her personal and her literary achievements are exceptionally well documented especially for her formative years Mermin makes extensive use of the poet's early essays a diary covering most of her twenty-sixth year and the enormous number of letters that have survived Ranging from her earliest ambitions through her long periods of discouragement and illness to her happy married life with Robert Browning this comprehensive study of Elizabeth Barrett Browning is essential reading for students of the Victorian period English literature and women's studies
