

Elizabethan Manchester

Cathy Hartley

Elizabethan Manchester:

Catholic Nobles and the Elizabethan State, 1558-1588 Wilfred Hammond, 2025-04-15 A vivid exploration of how Catholicism endured far longer into the Elizabethan era and continued to shape the very identity of early modern England This compelling study delves into the complexities of religious and political power during Elizabeth I's reign presenting a further important challenge to the traditional narratives of a swift and uncontested Protestant triumph Here Wilfred Hammond explores why Catholic aristocrats despite wielding significant regional power and Court influence failed to block or reverse the emerging religious revolution Focusing on the Stanley earls of Derby the dominant noble family in Lancashire a county described by the Elizabethan government as the very sink of popery the author reconstructs their role in obstructing Protestant reform Using the State and Cecil Papers as well as foreign ambassadorial reports the study re-evaluates the Stuart party building efforts of Lady Margaret Douglas and Mary Queen of Scots Hammond re-examines the context of the papal bull of deposition and uncovers the Stanley Gerard conspiracy of 1570 with its links to the Ridolfi Plot This richly detailed analysis of the Stanleys positions them at the heart of a network of nobles including the Percies and Nevilles who were opposed to the religious change presented by Protestantism As such this vibrant case study unfolds to offer fresh insights into the slow fraught transformation of England's religious landscape during one of its most turbulent periods a bull of deposition and uncovers the Stanley Gerard conspiracy of 1570 with its links to the Ridolfi Plot This richly detailed analysis of the Stanleys positions them at the heart of a network of nobles including the Percies and Nevilles who were opposed to the religious change presented by Protestantism As such this vibrant case study unfolds to offer fresh insights into the slow fraught transformation of England's religious landscape during one of its most turbulent periods a bull of deposition and uncovers the Stanley Gerard conspiracy of 1570 with its links to the Ridolfi Plot This richly detailed analysis of the Stanleys positions them at the heart of a network of nobles including the Percies and Nevilles who were opposed to the religious change presented by Protestantism As such this vibrant case study unfolds to offer fresh insights into the slow fraught transformation of England's religious landscape during one of its most turbulent periods

Allegorical Quests from Deguileville to Spenser Marco Nievergelt, 2012 An examination of sixteenth century quest narratives focussing on their conscious use of a medieval tradition to hold a mirror up to contemporary culture Offers the first full study of the allegorical knightly quest tradition from the Middle Ages to the Renaissance Richly satisfying as impressive in the detail of its scholarship as in the elegance of its critical formulations It seamlessly moves between different literary traditions and across

conventional period boundaries In Dr Nievergelt's treatment of this theme the successive retellings of the tale of the knight's quest come to stand as an emblem of shifting values and norms both religious and worldly and of our repeated failures to realise those ideals Dr Alex Davis Department of English University of St Andrews The literary motif of the allegorical knightly quest appears repeatedly in the literature of the late medieval early modern period notably in Spenser but has hitherto been little examined Here in his examination of a number of sixteenth century English allegorical chivalric quest narratives focussing on Spenser's *Faerie Queene* but including important lesser known works such as Stephen Bateman's *Travayled Pylgrime* and William Goodyear's *Voyage of the Wandering Knight* the author argues that the tradition begins with the French writer Guillaume de Deguileville His seminal *Plerinage de la vie humaine* was composed c 1331-1355 it was widely adapted translated rewritten and printed over the next centuries Dr Nievergelt goes on to demonstrate how this essentially medieval literary form could be adapted to articulate reflections on changing patterns of identity society and religion during the early modern period and how it becomes a vehicle of self exploration and self fashioning during a period of profound cultural crisis Dr Marco Nievergelt is Lecturer Maître Assistant and SNF Swiss National Science Foundation Research Fellow in the English Department at the Université de Lausanne *The Age of Elizabeth* D.M. Palliser, 2014-02-04 This famous book was the first up to date survey of its field for a generation even today when work on early modern social history proliferates it remains the only general economic history of the age This second edition substantially revised and expanded is clear in outline rich in detail stressing continuity as well as change balancing the glamour of privilege with the misery and privation of the poor and dealing with the dark side of Tudor life vagabondage starvation superstition and cruelty as well as its heroic achievements *The Business Community of Seventeenth-Century England* Richard Grassby, 2002-11-07 A comprehensive study of the business community in a pre industrial economy **Lancashire and Cheshire from AD1540** C. B. Phillips, J.H. Smith, 2014-06-23 This series fully illustrated with maps and half tones is written for general readers as well as the student In illuminating the anonymous lives of our predecessors it will when complete substantially enrich our understanding of the many histories which together make up the history of England This authoritative volume surveys the modern history of the counties of Lancashire Merseyside Greater Manchester and Cheshire In 1540 this was a backward area poor underpopulated and conservative During the seventeenth and early eighteenth century the spread of the first cottage industries to the mills and the mines transformed the region into one of the engines of Britain's nineteenth century greatness The causes the costs and the consequences of that transformation are vividly portrayed in this very readable text Offers a succinct account and analysis of the first region to experience the developed factory system Discusses the rise dominance and decline of the region which has parallels across the country and the world Provides essential background text for the students of local history Assumes no previous knowledge of the region **Trade, Plunder and Settlement** Kenneth R. Andrews, 1984-11-29 Traces the maritime expansion of England through descriptions

of a multitude of sea voyages from 1480 through 1630 Analyzes exploration trading enterprise ventures and piracy and reveals how the attempts to create British settlements overseas resulted in the founding of the first New World colonies

James VI, Britannic Prince Alexander Courtney, 2024-06-03 By drawing upon recent scholarship original manuscript materials and previously unpublished sources this new biography presents an analytical narrative of King James VI I s life from his birth in 1566 to his accession to the throne of England and Ireland in 1603 The only son of Mary Stuart and heir apparent but not uncontested to Elizabeth I James VI of Scotland was from the moment of his birth a focal point of countervailing hopes and fears for the confessional and dynastic future of the kingdoms of the British Isles This study examines material from across the UK and beyond as well as the newly deciphered letters of Mary Queen of Scots to reveal James as a highly capable resourceful deeply provocative and ruthless political actor Analysis of James s own writings is integrated within the narrative providing fresh insights into the king s inventive tactical engagement in the politics of publicity Through a chronological approach the events of his life are linked to wider issues associated with the early modern court government religion and political and ideological conflict James VI Britannic Prince is of interest to all scholars of Scottish and British history in the late sixteenth and early seventeenth centuries **The Arch Conjuror of England** Glyn Parry, 2012-04-24 Outlandish alchemist and magician political intelligencer apocalyptic prophet and converser with angels John Dee 1527 1609 was one of the most colorful and controversial figures of the Tudor world In this fascinating book the first full length biography of Dee based on primary historical sources Glyn Parry explores Dee s vast array of political magical and scientific writings and finds that they cast significant new light on policy struggles in the Elizabethan court conservative attacks on magic and Europe s religious wars John Dee was more than just a fringe magus Parry shows he was a major figure of the Reformation and Renaissance **Elizabeth I and Her Circle** Susan Doran, 2015 The inside story of Elizabeth I s inner circle and the crucial human relationships which lay at the heart of her personal and political life A vivid and often dramatic account offering a deeper insight into Elizabeth s emotional and political conduct and challenging many popular myths about her *Megalopolis: The Giant City in History* Theo Barker, Anthony Sutcliffe, 1993-12-13 This book follows the evolution of the very large city across the world from its origins in Ancient times to its current dominant position in both the industrialised world and the Third World In depth studies are devoted to the key giant cities of human history at decisive points in their growth The case studies include Rome London Saint Petersburg Moscow Bangkok and Berlin Additional studies deal with the general characteristics of the megalopolis stressing its implications for cultural life *The Masters of the Revels and Elizabeth I's Court Theatre* W. R. Streitberger, 2017-08-17 The Masters of the Revels and Elizabeth I s Court Theatre places the Revels Office and Elizabeth I s court theatre in a pre modern patronage and gift exchange driven world of centralized power in which hospitality liberality and conspicuous display were fundamental aspects of social life W R Streitberger reconsiders the relationship between the biographies of the Masters and the conduct of their duties rethinking

the organization and development of the Office re examining its productions and exploring its impact on the development of the commercial theatre The nascent capitalist economy that developed alongside and interpenetrated the gift driven system that was in place during Elizabeth s reign became the vehicle through which the Revels Office along with the commercial theatre was transformed Beginning in the early 1570s and stretching over a period of twenty years this change was brought about by a small group of influential Privy Councillors When this project began in the early 1570s the Queen s revels were principally in house productions devised by the Master of the Revels and funded by the Crown When the project was completed in the late 1590s the Revels Office had been made responsible for plays only and put on a budget so small that it was incapable of producing them That job was left to the companies performing at court Between 1594 and 1600 the revels consisted almost entirely of plays brought in by professional companies in the commercial theatres in London These companies were patronized by the queen s relatives and friends and their theatres were protected by the Privy Council Between 1594 and 1600 for example all the plays in the revels were supplied by the Admiral s and Chamberlain s Players which included writers such as Shakespeare and legendary actors such as Edward Alleyn Richard Burbage and Will Kempe The queen s revels essentially became a commercial enterprise paid for by the ordinary Londoners who came to see these companies perform in selected London theatres which were protected by the Council

English Historical Documents 1558-1603 Ian W. Archer, F. Douglas Price, 2024-08-01 Praise for the series Perhaps the most important historical undertaking of our age one of the most valuable historical works ever produced Times Literary Supplement A landmark in the field of historical endeavour the most admirable collection of sources on English history that exists American Historical Review English Historical Documents is the most ambitious impressive and comprehensive collection of primary documents on English history ever published The volumes have each become landmark publications in their own fields This long awaited volume covers 1558 1603 the reign of Elizabeth I when government culture religion and foreign policy all underwent profound change This volume includes informative introductory pieces for the parts and sections and editorial comment is directed towards making sources intelligible rather than drawing conclusions from them Opening with an introductory section which contextualises the accession of Elizabeth to the throne the volume covers all key aspects of the Elizabethan period including Institutions Social and economic structures The marriage question and the problem of the succession Family and household Cultural life The Church and religious affairs Elizabethan wars Overseas trade and exploration Crime and disorder The format of the series has been updated and the documents gathered here encompass the most up to date approaches to the material

Working Women in English Society, 1300-1620 Marjorie Keniston McIntosh, 2005-06-02 This study explores the diverse and changing ways in which English women participated in the market economy between 1300 and 1620 Marjorie Keniston McIntosh assesses women s activity by examining their engagement in the production and sale of goods service work credit relationships and leasing of property Using substantial evidence from equity court petitions

and microhistorical studies of five market centres she challenges both traditional views of a golden age for women's work and more recent critiques. She argues that the level of women's participation in the market economy fluctuated considerably during this period under the pressure of demographic, economic, social and cultural change. Although women always faced gender-based handicaps, some of them enjoyed wider opportunities during the generations following the plague of 1348-9. By the late sixteenth century, however, these opportunities had largely disappeared and their work was concentrated at the bottom of the economic system. *Lowestoft, 1550-1750* David Butcher, 2008. A detailed history of the town of Lowestoft: its society, economy and topography. *The Oxford Handbook of the Age of Shakespeare* R. Malcolm Smuts, 2016-06-30. The Oxford Handbook of the Age of Shakespeare presents a broad sampling of current historical scholarship on the period of Shakespeare's career that will assist and stimulate scholars of his poems and plays. Rather than merely attempting to summarize the historical background to Shakespeare, individual chapters seek to exemplify a wide variety of perspectives and methodologies currently used in historical research on the early modern period that can inform close analysis of literature. Different sections examine political history at both the national and local levels; relationships between intellectual culture and the early modern political imagination; relevant aspects of religious and social history; and facets of the histories of architecture, the visual arts and music. Topics treated include the emergence of an early modern public sphere and its relationship to drama during Shakespeare's lifetime; the role of historical narratives in shaping the period's views on the workings of politics; attitudes about the role of emotion in social life; cultures of honour and shame; and the rituals and literary forms through which they found expression: crime and murder and visual expressions of ideas of moral disorder and natural monstrosity in printed images as well as garden architecture. **A Historical Dictionary of British Women** Cathy Hartley, 2003. This reference work brings together biographies of over 1000 notable British women from Boudicca to Barbara Castle, offering an engaging record of female achievement spanning 2000 years of British life. **Lord Strange's Men and Their Plays** Lawrence Manley, Sally-Beth MacLean, 2014-05-28. For a brief period in the late Elizabethan Era, an innovative company of players dominated the London stage. A fellowship of dedicated thespians, Lord Strange's Men established their reputation by concentrating on modern matter performed in a spectacular style, exploring new modes of impersonation and deliberately courting controversy. Supported by their equally controversial patron, theater connoisseur and potential claimant to the English throne, Ferdinando Stanley, the company included Edward Alleyn, considered the greatest actor of the age as well as George Bryan, Thomas Pope, Augustine Phillips, William Kemp and John Hemmings, who later joined William Shakespeare and Richard Burbage in the Lord Chamberlain's Men. Though their theatrical reign was relatively short-lived, Lord Strange's Men helped to define the dramaturgy of the period, performing the plays of Shakespeare, Christopher Marlowe, Thomas Kyd and others with their own distinctive flourish. Lawrence Manley and Sally Beth MacLean offer the first complete account of the troupe and its enormous influence on Elizabethan theater. Seamlessly blending theater history and literary criticism, the

authors paint a lively portrait of a unique community of performing artists their intellectual ambitions and theatrical innovations their business practices and their fearless engagements with the politics and religion of their time

Renaissance Drama in Action Martin White,2013-05-13 Renaissance Drama in Action is a fascinating exploration of Renaissance theatre practice and staging Covering questions of contemporary playhouse design verse and language staging and rehearsal practices and acting styles Martin White relates the characteristics of Renaissance theatre to the issues involved in staging the plays today This refreshingly accessible volume examines the history of the plays on the English stage from the seventeenth century to the present day explores questions arising from reconstructions with particular reference to the new Globe Theatre includes interviews with and draws on the work and experience of modern theatre practitioners including Harriet Walter Matthew Warchus Trevor Nunn Stephen Jeffreys Adrian Noble and Helen Mirren includes discussions of familiar plays such as The Duchess of Malfi and Tis Pity She s A Whore as well as many lesser known play texts Renaissance Drama in Action offers undergraduates and A level students an invaluable guide to the characteristics of Elizabethan and Jacobean drama and its relationship to contemporary theatre and staging *Political Culture, the State, and the Problem of Religious War in Britain and Ireland, 1578-1625* R. Malcolm Smuts,2023 In the period 1575 1625 civic peace in England Scotland and Ireland was persistently threatened by various kinds of religiously inspired violence involving conspiracies rebellions and foreign invasions This study seeks to understand how this was addressed in local communities between the three nations and more broadly across Europe **Communities & Courts in Britain, 1150-1900**

Christopher Brooks,Michael Lobban,1997-01-01 The essays in Communities and Courts in Britain 1150 1900 all reflect the wider concept of legal history how legal processes fitted into the social and political life of the community and how courts and other legal processes were used by contemporaries In doing so they aim both to justify the study of legal history in its own right and to show how legal records including those of a variety of central and local courts can be used to further our understanding of a wide range of social commercial popular and political history
