Tribal Theory in Native American Literature Penelope Myrtle Kelsey, 2008-01-01 Scholars and readers continue to wrestle with how best to understand and appreciate the wealth of oral and written literatures created by the Native communities of North America Are critical frameworks developed by non-Natives applicable across cultures or do they reinforce colonialist power and perspectives Is it appropriate and useful to downplay tribal differences and instead generalize about Native writing and storytelling as a whole Focusing on Dakota writers and storytellers Seneca critic Penelope Myrtle Kelsey offers a penetrating assessment of theory and interpretation in indigenous literary criticism in the twenty first century Tribal Theory in Native American Literature delineates a method for formulating a Native centered theory or more specifically a use of tribal languages and their concomitant knowledges to derive a worldview or an equivalent to Western theory that is emic to indigenous worldviews These theoretical frameworks can then be deployed to create insightful readings of Native American texts Kelsey demonstrates this approach with a fresh look at early Dakota writers including Marie McLaughlin Charles Eastman and Zitkala a and later storytellers such as

Elizabeth Cook Lynn Ella Deloria and Philip Red Eagle This book raises the provocative issue of how Native languages and knowledges were historically excluded from the study of Native American literature and how their encoding in early Native American texts destabilized colonial processes Cogently argued and well researched Tribal Theory in Native American Literature sets an agenda for indigenous literary criticism and invites scholars to confront the worlds behind the literatures that they analyze Empire's Tracks Manu Karuka,2019-01-29 Empire's Tracks boldly reframes the history of the transcontinental railroad from the perspectives of the Cheyenne Lakota and Pawnee Native American tribes and the Chinese migrants who toiled on its path In this meticulously researched book Manu Karuka situates the railroad within the violent global histories of colonialism and capitalism Through an examination of legislative military and business records Karuka deftly explains the imperial foundations of U S political economy Tracing the shared paths of Indigenous and Asian American histories this multisited interdisciplinary study connects military occupation to exclusionary border policies a linked chain spanning the heart of U S imperialism This highly original and beautifully wrought book unveils how the transcontinental railroad laid the tracks of the U S Empire *Ella Deloria's The Buffalo People* Ella Cara Deloria,Julian Rice,1994 The five narratives in this book the third in Julian Rice's examination of the work of Ella Deloria demonstrate Deloria's artistry in portraying the central values of Lakota Sioux culture The introductory stories illustrate courage in three extraordinary women and Deloria's ability to subordinate her voice to that of different narrators Another tale The Prairie Dogs explains how the warriors and chiefs societies the strongest forces for social cohesion came into being The longest story The Buffalo People concerns the origin of tribal identity based on such ideal qualities as the strength and generosity of the buffalo and the resiliency and grace of the corn Following the noted storyteller Makula Breast or Left Heron Deloria improvises upon the poetic conventions of oral performance from simple asides to traditional set speeches of the Buffalo Woman ceremony Blending careful observation with creative skill these stories offer new and often surprising perspectives on Lakota culture They will entertain and instruct any reader with an interest in Native American societies of the past and present BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Dakota Way of Life Ella Cara Deloria,2022-12 2023 Bronze Medal in Western Nonfiction for the Will Rogers Medallion Award 2023 WHA Dwight L. Smith ABC CLIO Award Ella Cara Deloria devoted much of her life to the study of the language and culture of the Sioux Dakota and Lakota The Dakota Way of Life is the result of the long history of her ethnographic descriptions of traditional Dakota culture and social life Deloria was the most prolific Native scholar of the greater Sioux Nation and the results of her work comprise an essential source for the study of the greater Sioux Nation culture and language For years she collected material for a study that would document the variations from group to group Tragically her manuscript was not published during her lifetime and at the end of her life all of her major works remained unpublished Deloria was a perfectionist who worked slowly and cautiously attempting to be as objective as possible and revising multiple times As a result her work is

invaluable Her detailed cultural descriptions were intended less for purposes of cultural preservation than for practical application Deloria was a scholar through and through and yet she never let her dedication to scholarship overwhelm her sense of responsibility as a Dakota woman with family concerns taking precedence over work Her constant goal was to be an interpreter of an American Indian reality to others Her studies of the Sioux are a monument to her talent and industry

Native American Women Gretchen M. Bataille, Laurie Lisa, 2003-12-16 This A Z reference contains 275 biographical entries on Native American women past and present from many different walks of life Written by more than 70 contributors most of whom are leading American Indian historians the entries examine the complex and diverse roles of Native American women in contemporary and traditional cultures This new edition contains 32 new entries and updated end of article bibliographies Appendices list entries by area of woman s specialization state of birth and tribe also includes photos and a comprehensive index

That the People Might Live Jace Weaver, 1997 Loyalty to the community is the highest value in Native American cultures argues Jace Weaver In That the People Might Live he explores a wide range of Native American literature from 1768 to the present taking this sense of community as both a starting point and a lens Weaver considers some of the best known Native American writers such as Leslie Marmon Silko Gerald Vizenor and Vine Deloria as well as many others who are receiving critical attention here for the first time He contends that the single thing that most defines these authors writings and makes them deserving of study as a literature separate from the national literature of the United States is their commitment to Native community and its survival He terms this commitment communitism a fusion of community and activism The Native American authors are engaged in an ongoing quest for community and write out of a passionate commitment to it They write literally that the People might live Drawing upon the best Native and non Native scholarship including the emerging postcolonial discourse as well as a close reading of the writings themselves Weaver adds his own provocative insights to help readers to a richer understanding of these too often neglected texts A scholar of religion he also sets this literature in the context of Native cultures and religious traditions and explores the tensions between these traditions and Christianity

We Are the Stars Sarah Hernandez, 2023-02-21 After centuries of colonization this important new work recovers the literary record of Oceti Sakowin historically known to some as the Sioux Nation women who served as their tribes traditional culture keepers and culture bearers In so doing it furthers discussions about settler colonialism literature nationalism and gender Women and land form the core themes of the book which brings tribal and settler colonial narratives into comparative analysis Divided into two parts the first section of the work explores how settler colonizers used the printing press and boarding schools to displace Oceti Sakowin women as traditional culture keepers and culture bearers with the goal of internally and externally colonizing the Dakota Nakota and Lakota nations The second section focuses on decolonization and explores how contemporary Oceti Sakowin writers and scholars have started to reclaim Dakota Nakota and Lakota literatures to decolonize and heal their families communities and nations Storied Stone Linea
