Roberto, 2010 A compilation of reflections and tales from friends and other admirers who were influenced and inspired by Celeste West a feminist librarian lesbian publisher and activist Provided by publisher *Awfully Devoted Women* Cameron Duder, 2011-01-01 The lives of many lesbians prior to 1965 remain cloaked in mystery Historians have turned the spotlight on upper middle class romantic friends and on working class butch and femme women but the lives of the lower middle class majority remain in the shadows *Awfully Devoted Women* offers a portrait of middle class lesbianism in the decades before the gay rights movement in English Canada This intimate study of the lives of women who were forced to love in secret not only challenges the idea that lesbian relationships in the past were asexual it also reveals the courage it took to explore desire in an era when women were supposed to know little about sexuality Not in This Family Heather Murray, 2012-02-10 Many Americans hold fast to the notion that gay men and women more often than not have been ostracized from disapproving families *Not in This Family* challenges this myth and shows how kinship ties were an animating force in gay culture politics and consciousness throughout the latter half of the twentieth century Historian Heather Murray gives voice to gays and their parents through an extensive use of introspective writings particularly personal correspondence and diaries as well as through published memoirs fiction poetry song lyrics movies and visual and print media Starting in the late 1940s and 1950s *Not in This Family* covers the entire postwar period including the gay liberation and lesbian feminist movements of the 1960s and 1970s the establishment of PFLAG Parents Families and Friends of Lesbians and Gays and the AIDS crisis of the 1980s and 1990s Ending her story with an examination of contemporary coming out rituals Murray shows how the personal that was once private became political and finally public In exploring the intimate reciprocal relationship of gay children and their parents *Not in This Family* also chronicles larger cultural shifts in privacy discretion and public
