Daddy, Here Is Mommy Yao XiaoXiao, 2020-07-21 On the night of the coming of age ceremony she was framed by her loved ones and became pregnant accidentally. Four years later she came back from the fire, messing up the wedding of her former fiancé and sister, stirring up the storm of revenge. Here and Everywhere Else Andrew Witmer, 2023-06-29 Winner of an Award of Excellence American Association for State and Local History AASLH. In 1822 settlers pushed north from Massachusetts and other parts of New England into Monson, Maine. On land taken from the Penobscot people, they established prosperous farms and businesses. Focusing on the microhistory of this village, Andrew Witmer reveals the sometimes surprising ways that this small New England town engaged with the wider world across the nineteenth and twentieth centuries. Townspeople fought and died in distant wars, transformed the economy and landscape with quarries and mills, and used railroads, highways, print, and new technologies to forge connections with the rest of the nation. *Here and Everywhere Else* starts with Monson's incorporation in the early nineteenth century when central Maine was considered the northern frontier and over 90 percent of Americans still lived in rural areas. It ends with present-day attempts to revive this declining Maine town into an artists' colony. Engagingly written with colorful portraits of local characters and landmarks, this study illustrates how the residents of this remote place have remade their town by integrating and resisting external influences.

The Methuen Drama Companion to Performance Art Bertie Ferdman, Jovana Stokic, 2020-02-20 The *Methuen Drama Companion to Performance Art* offers a comprehensive guide to the major issues and interdisciplinary debates concerning performance in art contexts that have developed over the last decade. It understands performance art as an institutional, cultural, and economic phenomenon rather than as a label or object. Following the ever-increasing institutionalization and mainstreaming of performance, the book's chapters identify a marked change in the economies and labor practices surrounding performance art and explore how this development is reflective of capitalist approaches to art and event production. Embracing what we perceive to be the oxymoronic status of performance art, where it is simultaneously precarious and highly profitable, the essays in this book map the myriad gestures and radical possibilities of this extreme contradiction. This Companion adopts an interdisciplinary perspective to present performance art's legacies and its current practices. It brings together specially commissioned essays from leading innovative scholars from a wide range of approaches, including art history, visual, and performance studies, dance, and theatre scholarship, in order to provide a comprehensive and multifocal overview of the emerging research trends and methodologies devoted to performance art.
