Elusive Consultant:

The Elusive Consultant Carol Marinelli, 2003 **Ants in my Brain** Sally-Ann Mowbray, 2025-05-01 ANTS IN MY BRAIN is a true story of a daughter's recovery from a serious acquired brain injury after being knocked down by a car whilst out running in London one morning in 2014. It's written from a mother's perspective. Rosie's journey starts at the side of the Durnsford Road South London where she was knocked down then to St Georges Hospital in Tooting. It continues onto The Wolfson neuro rehabilitation unit at Queen Mary's Hospital Putney and progresses to Charmouth in Dorset before Rosie eventually returns to London. Thought provoking and light hearted it aims to have the reader laughing crying and questioning. It has a real connection with life today and how a family copes with that curveball thrown at them out of the blue. It will take the reader through the different stages of brain injury recovery and is entwined with the reality of day to day life. It incorporates heartfelt passages from mother to daughter at different stages and is interspersed at poignant points with lyrics about recovery from a current folk punk singer songwriter permission agreed with Frank Turner and Xtra Mile recordings. This inspirational book aims to show how a serious injury to a family member can have knock on effects to others close to them and how love and support can make the difference to a person's recovery from a life changing accident. It also proves how our brains have amazing powers to heal themselves and how remaining positive and hopeful can pull us through those dark times in our lives. It could be helpful to brain injury survivors their families and friends and many others going through trauma and challenging times of any sort. It may also be helpful to professionals and students both medical and therapeutic as it gives a positive insight into NHS critical care to community care told through the eyes of someone outside of these professions. It is largely based in St Georges hospital Tooting a well known London hospital due to the TV series 24 hours in A and E which could make it an appealing read for followers of this programme. It also references West Dorset which is a popular destination for holiday makers with its glorious countryside and seascapes. One Night in Emergency Carol Marinelli, 2015-02-15 The only person that can save Sister Eleanor Lewis seriously injured and held hostage is emergency consultant Rory Hunter. Rory's the father of Eleanor's baby only he doesn't know it and he has to rescue them both before time runs out. Management Consulting Today and Tomorrow Larry E. Greiner, Flemming Poulfelt, 2010-04-02 This book provides a thorough examination of a variety of specialties within the broad range of management consulting. A book of such scope and depth could only be written by a large number of experts each from one of the many specialties related to management consulting. Together all 27 contributors take the reader through an industry that is currently undergoing significant change. While covering all the major practice areas of consulting the book also offers new insights into change processes and addresses compelling management issues now facing consulting firms. The Elusive Consultant (Mills & Boon Medical) Carol Marinelli, 2015-04-27 Emergency charge nurse Tessa Hardy is stunned to discover Max Slater is moving to England without his fiancé. Tess is secretly in love with Max and his decision has turned her world upside down.

Introduction to Research Methodology for Specialist Trainees P. M. Shaughn O'Brien, Fiona Broughton-Pipkin, 2007

This book is written for trainees in all subjects related to health Research orientated questions are incorporated into the majority of Royal College membership examinations for example in the OSCE station a research study or paper has to be criticised Because of the nature of the editors posts and their contacts there is naturally an emphasis on the specialist registrar trainee in obstetrics and gynaecology and many of the writers and thus the examples in the text are obstetric and gynaecological however physicians surgeons midwives and nurses could readily use the book

Consulting Mastery Keith Merron, 2005-06 The author of *Riding the Wave Designing Your Organization for Enduring Success* offers readers a master plan for becoming a leading consultant to corporations hungry for meaningful change

The Organization of the Expert Society Andreas werr, Staffan Furusten, 2016-12-01 It is often claimed that we live in an expert society a society where more and more individuals take expert roles in increasingly narrow fields In contrast to more traditional experts most of these new experts lack generally accepted mechanisms for the certification and legitimation of their expertise This book focuses on these new as well as established experts and the efforts undertaken to secure and legitimate their expertise We view these efforts as organizing attempts and study them on four different levels the society the market the organization and the individual Based on empirical studies on these four levels of analysis The Organization of the Expert Society makes the argument that current

organizing initiatives in the expert society are based in an objectifying view of expertise that risks concealing and downplaying key aspects of expertise Well intended organizing initiatives in the expert society thus run the risk of promoting ignorance rather than securing expertise Focusing on a current general and global phenomenon the rise and organization of an expert society The Organization of the Expert Society will be key reading for scholars academics and policy makers in the management fields of Organizational Theory Management Consulting Organizations Society Critical Management Studies as well as the disciplines of Sociology Political Science and Social Anthropology The Seven Cs of Consulting Mick Cope, 2012-09-26 The definition of a consultant is someone who facilitates organisational change and provides expertise on technical functional and business topics during development or implementation In other words a consultant is someone who helps others to change However change isn't such an easy target to achieve Research shows that the vast majority of change programmes fail On a daily basis we hear about projects that are delayed cancelled over budget or boycotted by the end user The problem is that we can never force people to change remember the backlash against Jamie Oliver's healthy school meals campaign where parents handed junk food to their children through school fences The key to successful change is to engage with the end user and help them want to change The Seven Cs of Consulting offers a consistent and collaborative language that helps both consultant and client deliver value through sustainable change Based around the author's highly successful 7Cs model Client Clarify Create Change Confirm Continue Close this approach is simple and accessible but firmly grounded in research and real life experience The 7Cs approach opens up the complexity of sustainable change to the consultant and client and helps them explore and then avoid the real issues that cause change to fail within a more professional and trusting relationship The full text downloaded to your computer With eBooks you can search for key concepts words and phrases make highlights and notes as you study share your notes with friends eBooks are downloaded to your computer and accessible either offline through the Bookshelf available as a free download available online and also via the iPad and Android apps Upon purchase you'll gain instant access to this eBook Time limit The eBooks products do not have an expiry date You will continue to access your digital ebook products whilst you have your Bookshelf installed The Irresistible Consultant's Guide to Winning Clients David A. Fields, 2017-03-21 This deeply insightful guide to understanding what clients really want is an indispensable resource for consultants Keith Ferrazzi 1 New York Times bestselling author of Never Eat Alone Independent consulting is a potentially lucrative enterprise but the reality seldom matches the dream Most solo consultants and boutique consulting firms are perpetually within six months of bankruptcy due to the sputtering unreliability of their new business engines The problem according to international consulting expert David A Fields is twofold 1 lack of a consistent proven plan and 2 fundamental misunderstanding about what clients want in a consultant Fields who has helped hundreds of consultants and boutique firms worldwide build profitable sustainable practices replaces the typical consultant's mindset of emphasizing expertise and differentiated processes with a focus on building relationships engendering trust and

solving clients existing problems In *The Irresistible Consultant's Guide to Winning Clients' Fields* synthesizes his decades of experience into a step by step approach to winning more projects from more clients at higher fees From nuts and bolts business advice and tactics to a deeply insightful breakdown of the human side of a very human profession Fields named one of Advertising Age magazine's Marketing Top 100 delivers a comprehensive guidebook that is at once highly approachable and satisfyingly detailed If I could have just one book on client strategy this book would be it Marshall Goldsmith 1 New York Times bestselling author of *Triggers* *Humanistic Consulting* David Noer,2017-06-06 When organizational leaders reflect on who has most influenced their careers they often name a humanistic consultant A humanistic approach to working with people and organizations spans leadership development executive coaching organization development and efforts to transform and revitalize systems The tools are borrowed from diverse sources its effectiveness relies on a compassionate practitioner Tracing the historical roots of the practice this book explores the elements that shape humanistic consulting and give it powerful versatility Insights are offered for consultants managers and students alike *How to Succeed as an Independent Consultant* Herman Holtz,David Zahn,2004-03-22 Publisher Description **High-Performance Building** Vidar Lerum,2008 Publisher description [Management Consultancy](#) Andrew Sturdy,2009-03-26 Management consultants are typically seen as key mediators in the flow of management ideas And yet little is known about exactly what happens when they work together with clients behind closed doors in consulting projects Do they really innovate or simply legitimate existing knowledge This book presents research from a three year long fly on the wall study of consulting projects and challenges our taken for granted view of consultancy It draws on and integrates theories of knowledge and social boundaries to reveal a picture of complex and shifting insider outsider relationships Here the outsider or expert status of consultants in relation to their clients cannot be assumed in their day to day project interactions Different actors roles and types of knowledge are involved in an interactive and dynamic process where various boundaries are constructed reinforced negotiated and transformed The chapters selectively explore these dynamics revealing the importance of boundary complexity the role of humour and challenge in often tense relationships and the importance of shared knowledge domains such as sector knowledge This in depth analysis of inter organizational project teams also covers a wide range of consultancy contexts drawing on cases studies which include a US based strategy firm and a multinational client the public and private sectors a sole practitioner consultant IT implementation in financial services The book is important for all those with an interest in management consultancy project working and management knowledge as well as in innovation change inter organisational relations boundaries and professional services The authors include some of the leading research experts on management consultancy as well as a former management consultant and current expert in management learning
