and peasant alike were terrified of them With their yew wood bows and ash arrows a clothyard long they were the victors in countless clashes during the Hundred Years War and in the three great battles of Crecy Poitiers and Agincourt They robbed pillaged raped and murdered often in their king s name Yet they won battles and it is no exaggeration to say that England became a powerful nation state because of them If they were caught in action by the enemy they would have their bow fingers cut off and their throats slit We know the names of very few of them They were not worthy of ransom unlike the knights they fought for Most of them ended up in mass burial pits or some unmarked plot beside a French road The vast majority was illiterate so we have no firsthand accounts of their campaigns from the bowmen themselves For all they won battles and renown for all they helped indirectly to increase the power of the common man they are like ghosts drifting over the battlefield They were the bowmen

[From Eve to Evolution](#) Kimberly A. Hamlin,2014-05-08 [From Eve to Evolution](#) provides the first full length study of American women s responses to evolutionary theory and illuminates the role science played in the nineteenth century women s rights movement Kimberly A Hamlin reveals how a number of nineteenth century women raised on the idea that Eve s sin forever fixed women s subordinate
