Revelation Road Nick Page, 2014-09-11 If you're reading this we're still alive The end of the world has not occurred But it can't be long now can it For two thousand years the Book of Revelation has inspired countless conspiracy theorists film makers writers and artists as well as theologians and teachers But why are we so bothered After all the end of the world still hasn't turned up and it's been quite a while now When Nick Page wanted to get to the bottom of what this mysterious book is really all about he realised there was only one way to go about it he had to go to the land of apocalypse Travelling to Patmos via the ruined cities of the seven churches of Revelation determined to seek out a revelation of his own Nick explores the culture behind Revelation who wrote it why they wrote it and what it means for us today Mixing history commentary creative reconstruction and sun crazed travelogue here at last is the perhaps not quite final word on heaven hell the four horsemen of the apocalypse and why the end of the world never does turn up when it's supposed to

The Ongoing End: On the Limits of Apocalyptic Narrative Michael Titlestad, David Watson, 2018-11-08 The world keeps turning to apocalypticism Time is imagined as proceeding ineluctably to a catastrophic perhaps revelatory conclusion Even when evacuated of distinctly religious content a broadly ecclesial structure persists in conceptions of our precarious life and our collective journey to an inevitable fate the extinction of the human species It is commonly believed that we are propelled along this course by human turpitude myopia hubris or ignorance and by the irreparable damage we have wrought to the world we inhabit Yet this apprehension is insidious Such teleological convictions and crises laden narratives lead us to undervalue contingent hesitant and provisional forms of experience and knowledge The essays comprising this volume concern a range of writers engagements with apocalyptic reasoning Extending from a reading of Percy Bysshe Shelley's *Triumph of Life* to critiques of contemporary American novels they examine the ways in which end times reasoning can inhibit imaginative reflection blunt political advocacy or more positively provide a repertoire for the critique of complacency By gathering essays concerning a wide range of periods and literary dispositions this volume makes an important contribution to thinking about apocalypticism in literature but also as a social and political discourse This book was originally published as a special issue of *Studia Neophilologica*
