Embers And The Stars:

Embers and the Stars Erazim Kohák, 1984-05-01 **The Embers and the Stars** Erazim Kohák, 1984 It is hard to put this profound book into a category Despite the author's criticisms of Thoreau it is more like *Walden* than any other book I have read The book makes great strides toward bringing the best insights from medieval philosophy and from contemporary environmental ethics together Anyone interested in both of these areas must read this book Daniel A Dombrowski The Thomist Those who share Kohák's concern to understand nature as other than a mere resource or matter in motion will find his temporally oriented interpretation of nature instructive It is here in particular that Kohák turns moments of experience to account philosophically turning what we habitually overlook or avoid into an opportunity and basis for self knowledge This is an impassioned attempt to see the vital order of nature and the moral order of our humanity as one Ethics *The Embers and the Stars* Erazim Kohák, 1987-11-15 It is hard to put this profound book into a category Despite the author's criticisms of Thoreau it is more like *Walden* than any other book I have read The book makes great strides toward bringing the best insights from medieval philosophy and from contemporary environmental ethics together Anyone interested in both of these areas must read this book Daniel A Dombrowski The Thomist Those who share Kohák's concern to understand nature as other than a mere resource or matter in motion will find his temporally oriented interpretation of nature instructive It is here in particular that Kohák turns moments of experience to account philosophically turning what we habitually overlook or avoid into an opportunity and basis for self knowledge This is an impassioned attempt to see the vital order of nature and the moral order of our humanity as one Ethics **Taking a Deep Breath for the Story to Begin** Ernst M. Conradie, Lai Pan-Chiu, 2022-08-23 This first volume in the proposed series will address some preliminary issues that are typical of a prolegomena in any systematic theology It will focus on the following question How does the story of who the Triune God is and what this God does relate to the story of life on Earth Or Is the Christian story part of the earth's story or is the earth's story part of God's story from creation to consummation This raises many issues on the relatedness of religion and theology the place of theology in multi disciplinary collaboration the notion of revelation the possibility of knowledge of God the interplay between convictions and narrative accounts hermeneutics the difference between natural theology and a theology of nature and the role of science vis vis indigenous worldviews **From Vulnerability to Promise** Sophie-Jan Arrien, Beatriz Contreras Tasso, 2025-01-15 From the outset Paul Ricœur's work gives centrality to man's bodily and sensitive nature his primordial affectivity and fragility as sources of free action From Vulnerability to Promise Perspectives on Ricœur from Women Philosophers explores this dimension and its ethical political and conceptual implications focusing on the embodied dimension of existence its vulnerability and its possibilities of attestation and recognition Edited by Sophie Jan Arrien and Beatriz Contreras this book examines the relationships passivity and activity mind and body singularity and sociality finitude and transcendence that lie at the heart of Ricœur's philosophical anthropology revealing its ontological

richness and ethical significance Within this dimension the ten contributors approach personal human identity in Ric ur s work from multiple perspectives the narrative dimension of understanding birth and privacy freedom and recognition love and consent justice and respect in the face of abuse the vulnerability of our natural environment our inescapable finitude These viewpoints are informed by both their vision as women philosophers empowering their embodied condition in a reflexive way and the urgency of reflecting on the human condition in order to find continuity between its passionate affective and finite forces

Metaphysics, Theology, and Self Harold H. Oliver, 2006 Professor Oliver s essays propose a system of relational philosophy and theology extending his monograph *A Relational Metaphysic* along new lines Themes developed include the following on the issue of truth in scientific and religious discourse as seen from the claim of their complementarity the problem of Western substantialism as answered by a proposed non and antisubstantialist theory of selfhood as an alternative to the Western ego certain hermeneutical themes and several themes introducing new facets of relational thought

Faith and Place Mark Wynn, 2009-05-07 This book considers how places come to acquire special religious significance as sites for prayer or other kinds of devotional activity It examines the ways in which sacred sites function and the ways in which sites which have no explicitly religious import may come to bear a religious meaning

The Romantic Life D. Andrew Yost, 2022-08-24 The world is disenchanted Rationalization intellectualization and scientism rule the day We used to see the world as a magical place but now it s just a material space How did we get here The shift comes in part from the rise of a certain kind of secularism one that reduces human experiences to whatever is explainable through observation Love It s just a biological drive Joy a rush of adrenaline Beauty an influx of dopamine If you can t test it it isn t true or so the thinking goes The *Romantic Life* draws upon eighteenth and nineteenth century Romanticism to provide five strategies to re enchant the world five ways to imbue the world with meaning truth and beauty According to the Romantics far from being useless encounters with impractical things like the imagination nature symbolism sincerity and the sublime give our lives a richness and depth that cannot be attained on a purely material account of the world By learning from their example we can come to see into the life of things as William Wordsworth called it We can be re enchanted

Moral Conversion in Scripture, Self, and Society Krijn Pansters, Anton ten Klooster, 2024-06-04 *Moral Conversion in Scripture Self and Society* offers a broad historical theological and philosophical reflection on the phenomenon of moral conversion Examining life changing transformations within trajectories of spiritual and moral growth the contributors to this volume show how individuals move or should move in one way or another away from the pursuit of solipsistic satisfactions through the practice of self awareness and the performance of social attentiveness toward the prioritization of shared values Together they address the difficulty of realizing in selves and societies some sort of definitive moral conversion of final turn toward the truly good Contributors are David Couturier Matthew Dugandzic Erik Eynikel Aaron Gies Patrick Jones Angela Knobel Daniel Lightsey Peter Lovas Giulia Lovison Krijn Pansters Hanna Roose Anton ten Klooster Willem Marie Speelman Mark Therrien

Robinson, 2005 David Robinson's new book is unique in that it provides an extended critical exposition of Jung's moral psychology and a comparative analysis of his theory of conscience in particular The author corrects this absence by providing

a fresh and original reading of Jung In contrast to simplistic stereotypes he demonstrates that moral struggle with all of its relational behavioral and spiritual implications is at the heart of his psychology The concept of conscience serves as the locus of this apologetic for his contemporary significance Further this book offers a positive theory for identifying and describing the primary sources of contemporary moral nihilism namely reductive naturalism scientism and epistemological relativism perspectivalism The logic and root assumptions of these theoretical viewpoints are then engaged and qualified if not refuted through an extended comparative discussion of the theories of Freud and Nietzsche with those of Jung **Phenomenology**
