Nuclear Terrorism and Global Security Alan J. Kuperman,2013-04-17 This book examines the prospects and challenges of a global phase out of highly enriched uranium and the risks of this material otherwise being used by terrorists to make atom bombs Terrorist groups such as Al Qaeda have demonstrated repeatedly that they seek to acquire nuclear weapons Unbeknownst even to many security specialists tons of bomb grade uranium are trafficked legally each year for ostensibly peaceful purposes If terrorists obtained even a tiny fraction of this bomb grade uranium they could potentially construct a nuclear weapon like the one dropped on Hiroshima that killed tens of thousands Nuclear experts and policymakers have long known of this danger but so far have taken only marginal steps to address it This volume begins by highlighting the lessons of past successes where bomb grade uranium commerce has been eliminated such as from Argentina s manufacture of medical isotopes It then explores the major challenges that still lie ahead for example Russia s continued use of highly enriched uranium HEU in dozens of nuclear facilities Each of the book s thirteen case studies offers advice for reducing HEU in a specific sector These insights are then amalgamated into nine concrete policy recommendations for U S and world leaders to promote a global phase out of bomb grade uranium This book will be of much interest to students of nuclear proliferation global governance international relations and security studies

Wings of the Morning Orestes Lorenzo,2015-12-29 A moving testament his narrative provides an insider s look at the Castro regime s personality cult its indoctrination of children and surveillance of ordinary Cubans Publishers Weekly In December 1992 Orestes Lorenzo undertook the most daring journey of his life More than a year earlier while a major in the Cuban Air Force he had escaped from Cuba by flying a MiG to

the United States and for twenty one frantic months had been trying to get permission for his wife Vicky and their two sons to join him When all his attempts to gain their freedom failed Orestes decided to go back and rescue his family himself Meanwhile Vicky had been undergoing a terrifying ordeal back in Cuba where the authorities were pressuring her to denounce her husband as a traitor They informed her that she would never be allowed to leave and that Raul Castro himself had declared If Lorenzo had the guts to leave with one of my MiGs maybe he has the guts to come back and get his family Desperate Orestes Lorenzo did just that flying an old twin engine Cessna across the straits of Florida avoiding Cuban radar and landing on a busy highway in a breathtaking rescue Wings of Morning is Lorenzo s account of this astonishing feat but it is also the unforgettable odyssey of a young man growing up during the euphoria of the Cuban Revolution marrying his sweetheart and going off to train as a fighter pilot in the Soviet Union Lorenzo movingly describes his growing disillusionment with communism his religious awakening amidst the revelations of Perestroika and the near death of his beloved Vicky as well as his increasing conviction that he must not let his children grow up in a country that denies any dignity or spiritual values in the individual in the family and to society
