Extension of Ricoeur's Hermeneutic Patrick L. Bourgeois,1975 Extension of Ricoeur's Hermeneutic Patrick Bourgeois,2014-01-15 *Extension of Ricoeur's Hermeneutic* P.L. Bourgeois,2012-12-06 The path Husserl entered upon at the beginning of his philosophical writings turned out to be the beginning of a long tedious way Throughout his life he constantly comes to grips with the fundamental problems which set him upon this path Beginning with the logical level of meaning laboring through the idealism of the transcendental phenomenology of the period between Ideas I to the Meditations in search for the ever more originary he finally arrived at the level of the Lebenswelt It was this later focus on the ever more originary the source the foundation of meaning which led him finally to the horizon of meaning and the genesis of meaning in the Lebenswelt period This later period allows for a quasi wedding of his phenomenology with some adaptation of existentialism But this union called for an adaptation of Husserl's logistic prejudice The period of the Lebenswelt allows many of the later phenomenologists to speak of the failure of the brackets in their extreme exclusion and to allow for a link between man and his world in the Lebenswelt This link is at the source of the ontological investigations and theories which arise from the phenomenological movement However there is the possibility of many tensions in such an endeavor since the study of being can be most abstract and most concrete **Paul Ricoeur's Renewal of Philosophical Anthropology** Marc de Leeuw,2021-12-27 In Paul Ricoeur's Renewal of Philosophical Anthropology Vulnerability Capability Justice Marc de Leeuw argues that Ricoeur's philosophical project integrates the anthropological tradition while renewing its importance as a hermeneutic anthropology of human capability Ricoeur posits that our cogito is neither its own absolute master nor fully transparent to itself inflicting a wound and fracturing the center of Cartesian self certainty But the Nietzschean disillusionment that ensues does not simply amount to a victorious anti cogito it opens another path towards self understanding In place of the direct route of intuition is found a more complex way forward one guided by interpretation The task of philosophical anthropology is to understand the human through its interpretative critical and imaginative ability as well as its capacity to act towards with and for others the interpretation of the world in front of us the interpretation of who we are and the interpretation of what it means to be among others as other selves coalesces in an anthropology that binds the question of the self to a moral ethical and political project one aiming to reflect our existence in common For Ricoeur the basic question of our subjective and normative standing demands a fundamental response a response toward our own otherness and to responsibilities triggered by the appeal of Others In both cases our vulnerability is inescapable we can never have an absolute self knowledge nor an absolute knowledge of Others Ricoeur turns this fundamental aporia into an affirmative philosophical anthropology of human action attestation and justice *Biblical Narrative in the Philosophy of Paul Ricoeur* Kevin J. Vanhoozer,1990-04-27 A critical account of Ricoeur's theory of narrative interpretation and its contribution to theology **Ricoeur's Early Ethical Philosophy** Leovino Madriaga Garcia,2025-07-10 Using the themes of

responsibility and hope this introduction to the thought of Paul Ricoeur addresses both the beginner and the specialist By focusing on the early essays and early mature works including the Philosophy of the Will volumes Freedom and Nature Fallible Man and The Symbolism of Evil Leovino Garcia shows that Ricoeur's entire orientation is primarily ethical in that it awakens in us the power to exist creatively Ricoeur brings the Joy of the Yes to the sadness of the finite the passion for the possible to the resignation to necessity and the vehemence of the primary affirmation to the radical negation

Humanitarian Intervention and the Hermeneutics of Suspicion and Naïveté Dimitrios E. Akrivoulis, 2025-08-01 This book uses Paul Ricoeur's hermeneutic phenomenology of suspicion and na vet to shift the focus of the ideology of humanitarian intervention from the distorting Marxism realism and legitimizing social constructivism to the integrating function of this ideology In this context the book examines the ideological functions of the social imaginary pursuant to NATO's 1999 intervention in Kosovo a turning point in the development of humanitarian intervention It will be of great interest to those researching in the fields of International Relations Political Theory and humanitarian intervention

Ricoeur's Hermeneutics of Religion Brian Gregor, 2018-11-29 Religion was a constant theme throughout Paul Ricoeur's long career and yet he never wrote a full length treatment of the topic In this important new book Brian Gregor draws on the full scope of Ricoeur's writings to lay out the essential features of his philosophical interpretation of religion from his earliest to his last work Ricoeur's central claim is that religion aims at the regeneration of human capability in his words the rebirth of the capable self This book provides a rich thematic account of Ricoeur's hermeneutics of religion showing how the theme of capability informs his changing interpretations of religion from his early work on French reflexive philosophy and the philosophy of the will to his late work on forgiveness mourning and living up to death Gregor exhibits Ricoeur's original contribution to philosophical reflection on such themes as evil suffering and violence as well as imagination embodiment and spiritual exercise He also presents a critical reconsideration of Ricoeur's separation of philosophy from theology and his philosophical interpretation of Christian theological ideas of revelation divine transcendence and personhood atonement and eschatology Additionally Gregor provides an expansive look at Ricoeur's interlocutors including Marcel Jaspers Kant Hegel Levinas and Girard Theologically inclined readers will be particularly interested in the book's treatment of Karl Barth and the Protestant theology of the Word which was a vital influence on Ricoeur The result is a study of Ricoeur that is both sympathetic and critical provocative and original inviting the reader into a deeper engagement with Ricoeur's philosophical interpretation of religion

Paul Ricoeur's Hermeneutics and the Discourse of Mark 13 Peter C. de Vries, 2016-12-14 The apocalyptic discourse of Mark 13 predicts that cataclysmic events will occur within the generation of Jesus contemporaries but readers today know these events have not taken place Paul Ricoeur's hermeneutics enables a reader to understand this text as a presentation of truth rather than as a failed prediction Ricoeur argues that the meaning of a text is

not defined by the author's intention nor by the reader's reception but by the text itself. Therefore, although Mark 13 was originally understood literally, today's reader is able to read it as metaphor and to discern latent meaning that is present in the text. As Ricoeur explains, metaphor associates previously unrelated concepts and creates new multiple meanings. In doing so, metaphor is able to present truth not as a verifiable presentation of the world but as a novel manifestation of the world. Mark 13 functions as metaphor because of a double dissonance: first between the configured world of the text and the lived world of the reader, and second between the claim that Jesus is able to predict when the events will take place (v 30) and the assertion that he is not able to do so (v 32). One option for the metaphorical meaning that Mark 13 offers for today's reader is the perception of the presence of forces that challenge and subvert powers which appear to be dominant and which deceive, destroy, and persecute. This book will appeal to two sets of readers. First, scholars who study New Testament apocalyptic texts and the eschatological expectations of the early church will appreciate a new approach to a challenging subject matter. Second, Ricoeur scholars who focus upon the religious aspects of his work will enjoy the employment of his interpretive approach on a Biblical genre that has heretofore received only cursory attention.

Hermeneutics After Ricoeur John Arthos, 2018-12-27. There has been a renaissance of interest in the work and thought of Paul Ricoeur, one of the great hermeneutic scholars of the twentieth century. It is time to assess the future landscape for hermeneutics as a scholarly field and an educational curriculum after the momentous impact of Paul Ricoeur, who extended and deepened its transdisciplinary reach and pushed its profile substantially beyond its German legacy. There exists a misunderstanding that his thought is simply an extension or revision of Heidegger and Gadamer. **Hermeneutics After Ricoeur** ably sets out the differences and tensions, establishing the originality of Ricoeur's thought and its application beyond hermeneutic studies with a thematic focus on education, the humanities, and the liberal arts.

Between Vision and Obedience—Rethinking Theological Epistemology George Ille, 2013-12-12. The discussions about subject and validation in our late modernity tend to oscillate between the weak self of postmodernity, empty or rhetorical, and neo-Cartesian versions trying as they do to recover a discredited foundation. Correspondingly, the solutions advanced range from calls for a New Enlightenment in the face of the resurgence of myth and the irrational to attempts to re-enchant the world in the face of the growing threat of an impersonal, instrumental Reason. The present study seeks to respond theologically to such a situation from the perspective of God's action in and towards the world by engaging two prominent philosophical-theological figures who continue to inform such discussions today: namely, Georg Friedrich Hegel and Paul Ricoeur. The upshot of this response points to a view of rationality that follows the drama of God's engagement with the world, thus involving both dying and resurrection, asceticism and abundance, suffering, witness, and eucharistic communion.

Philosophy at the Boundary of Reason Patrick L. Bourgeois, 2001-01-01. **Dialectic of Sedimentation and Innovation** Mabiala Justin-Robert Kenzo, 2009. One of the most important developments in the episteme of our time is the recognition that all being and all knowing are socially conditioned.

This recognition raises the question of subjective creativity Is creativity or innovation possible What is the locus of creativity Is it the subject or the structure of the structures of being of which the subject is part Any notion of creativity that takes seriously the condition of being is therefore bound to deal with the perennial issue of freedom and determinism Dialectic of Sedimentation and Innovation examines the contribution of Paul Ricoeur to this question for the purpose of theological consumption Ricoeur s philosophical reconstruction of the subject as self creates a space midway between the modern self positing subject and the postmodern deconstructed subject where reason rules but does not tyrannize It is from this space that he proposes a view of humanity that argues that to be human is to be homo voluntas homo lingua and homo capax Dialectic of Sedimentation and Innovation seeks to theologically appropriate these notions for Africa s quest for a new creative identity

Ricoeur, Literature and Imagination Sophie Vlacos,2014-02-13 To explain more is to understand better This is the mantra by which French philosopher Paul Ricoeur lived and worked establishing himself as one of the twentieth century s most lucid and broad ranging critical thinkers A prisoner of war at 27 Ricoeur was also Dean of Paris X Nanterre during the student disturbances of 1968 In later years he became an outspoken champion of social justice In work as in life Ricoeur was committed to the challenges of conflict and the prospect of authentic resolution Deeply indebted to phenomenology and the hermeneutical tradition of Heidegger and Gadamer Ricoeur was also an advocate of structural linguistics of psychoanalysis and a rare conversant with the Anglo American analytic tradition This volume explores how literature and the conflicts of literary theoretical debate inform Ricoeur s theory of imagination and understanding and how Ricoeur s unique mode of literary reflection resolves the conflicts of literature s theoretical heyday presaging a new direction for literary studies

The Cogito and Hermeneutics: The Question of the Subject in Ricoeur D. Jervolino,2012-12-06 by Paul Ricoeur It is already a piece of good fortune to find oneself understood by a reader who is at once demanding and benevolent It is an even greater fortune to be better understood by another than by one s own self In effect when I look back I am rather struck by the discontinuity among my works each of which takes on a specific problem and apparently has little more in common with its predecessor than the fact of having left an overflow of unanswered questions behind it as a residue On the contrary Domenico Jervolino s interpretation of my works which extend over more than forty years stresses their coherence in spite of the gap in time between my present soon to be issued work Temps et Recit and my first Philosophie de la Volonte Le Volontaire et l Involontaire Our friend finds the principle of coherence first of all in the recurrence of a problem the destiny of the idea of subjectivity caught in the cross fire between Nietzsche and Heidegger on one side and semiology psychoanalysis and the critique of ideology on the other He finds it likewise in the insistence on a method the mediating role played by interpretation mainly of texts with regard to reflexion on self

Imagination and Postmodernity Patrick L. Bourgeois,2013-09-05 Imagination and Postmodernity

addresses the role of the imagination in philosophy today By focusing on philosophy at the boundary of reason with constant reference to Kant's view of the boundary limit it is possible to advance a viable alternative to deconstructing the imagination Patrick L Bourgeois puts forth the claim that by refocusing the imagination in the postmodern conversation a far reaching contemporary position can be reached that reestablishes the position of the humanities as central against the anti humanism of deconstruction This work addresses some of the challenges and problems that emerge in conflicting positions within contemporary philosophy including a concentration on the role of the imagination in the work of Paul Ricoeur in contrast and in opposition to its role in such postmodern thinkers as Derrida and Lyotard This treatment requires going back to the role of the imagination in the period of Kant and his immediate followers in order to clarify the various ways of seeing the imagination then and now for the role today is anticipated in the nineteenth century Finally this work as a creative appropriation of the position of Paul Ricoeur presents a role for the imagination today that is more encompassing than most thinkers allow for

Ricoeur: A Guide for the Perplexed David Pellauer, 2007-12-09 Paul Ricoeur was one of the giants of contemporary Continental philosophy He also knew and drew upon the Analytic tradition Over a long life he pursued questions of philosophical anthropology as they relate to a good life lived with and for others in just institutions His work has been translated into numerous languages and widely discussed by legal theorists historians literary critics and theologians as well as philosophers Ricoeur A Guide for the Perplexed is the ideal text to support anyone trying to reach a firm understanding of this important contemporary philosopher The guide locates Ricoeur's output in its historical and intellectual context provides an overview of Ricoeur's central ideas and defines carefully the key terms in his philosophical writing Close attention is paid to each of Ricoeur's major works including *The Conflict of Interpretations* and *From Text to Action* Ricoeur's importance for particular disciplines including literary criticism social theory political philosophy and theology is explained and explored Above all this Guide for the Perplexed offers constructive and illuminating suggestions for how to read Ricoeur A major contribution to Ricoeur scholarship in its own right it is also an invaluable companion to be read alongside Ricoeur's own works

Transcendence and Hermeneutics A.M. Olson, 2012-12-06 The problem of Transcendence is the problem of our time I Needless to say Transcendence was a particularly lively issue when Karl Heim wrote these words in the mid 1930's Within the province of philosophical theology and philosophy of religion however it is always the problem as Gordon Kaufman has recently reminded us For the question concerning the nature and the reality of Transcendence has not only to do with self transcendence but with the being of Transcendence Itself that is to say with the nature and the reality of God as experienced and understood at any given time or place Now there are those today who would claim that any further discussion of the latter half of this proposition namely Transcendence Itself or God is worthless and quite beside the point Such persons would claim that the particular logia represented by the theological sciences has collapsed by virtue of its object having disappeared Indeed when one surveys the contemporary scene in philosophy and theology there is a good deal of

evidence that this is the case theology of late having become something of a spectacle to use Pritz Buri's term One of the reasons for this we here contend is that the richness and the diversity of the meaning of Transcendence has been lost And even though we do not here intend to resolve the issue neither do we assume that such an enquiry is either impossible or irrelevant
