Externalisation Of The Hierarchy:

The Externalisation of the Hierarchy. (Second Edition.). Alice Bailey, 1958 **The Externalisation of the Hierarchy**
Alice A Bailey, Djwhal Khul, 2013-04-01 This book discusses the interdependence of all states of consciousness and kingdoms in nature within the planet. It shows the interaction between humanity, the Hierarchy, and Shamballa and sets out the essentials of Plan and Purpose which influence human affairs. The process of the externalisation of certain ashrams within the Hierarchy and the practical effects of the process are given in detail. **Externalisation of the Hierarchy** Alice Bailey, 1976 The Externalisation of the Hierarchy Alice Bailey, 1957 **The Externalisation of the Hierarchy** Alice Bailey (Theosophin), 1958 False Dawn Lee Penn, 2004 The interfaith movement which began with the 1893 World's Parliament of Religions in Chicago has grown worldwide. Although this movement has been largely unknown to the public, it now provides a spiritual face for globalization, the economic and political forces leading us all from nationalism to One World. The most ambitious organization in today's interfaith movement is the United Religions Initiative (URI) founded by William Swing, the Episcopal Bishop of California. Investigative reporter Lee Penn, a Catholic ex-Marxist, exhaustively documents the history and beliefs of the URI and its New Age and globalist allies, the vested interests that support these movements, and the direction they appear to be taking. The interfaith movement is no longer merely the province of a coterie of little-heeded religious idealists with grandiose visions. The URI's proponents have ranged from billionaire George Soros to President George W. Bush, from the far right Rev. Sun Myung Moon to the liberal Catholic theologian Hans Küng, and from the Dalai Lama to the leaders of government-approved Protestant churches in the People's Republic of China. The interfaith movement, including the URI, is being promoted by globalist and New Age reformers who favor erosion of national sovereignty, marginalization of traditional religions, establishment of global governance, and creation of a new Earth-based global spirituality in effect, a one-world religion. Therefore, the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order, the new civilization now proposed by Mikhail Gorbachev, the last leader of the Soviet Union. In *The Reign of Quantity and the Signs of the Times*, French metaphysician René Guénon spoke of the anti-tradition, the forces of materialism and secular humanism finally giving way to the counter-tradition, the satanic inversion of true spirituality leading to the regime of Antichrist. The anti-tradition weakens and dissolves traditional spiritualities, after which the counter-tradition sets up a counterfeit in their place. Since Guénon's time, as is well known, anti-traditional forces have greatly advanced worldwide. It is less well known that counter-traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before. The counter-tradition is making inroads on the political and cultural Right as much as it is doing on the Left. *False Dawn* painstakingly documents these trends and speculates on their future development. In so doing, the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century. This extraordinary project is the

literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org

modern Theosophy of Blavatsky and Bailey Reveals how the Brotherhood of Spiritual Adepts is increasing global tensions to prepare humanity for the Age of Aquarius and spiritual revelation As the precessional cycle transits from Pisces to Aquarius great shifts in spiritual evolution are on the horizon not for all of humanity as many in the New Age movement have generously hypothesized but for those who have undertaken the necessary spiritual preparation and initiatory work Drawing from his deep immersion in the Mystery traditions of both East and West author J S Gordon investigates the initiatic path from ancient times to modern day detailing the step by step process of initiation and the sequence from spiritual aspirant to the highest Adeptship He explains the natural logic and characteristics of each stage of initiation including the associated problems and psychological issues that need to be faced in order to move forward to the next stage He shows how humanity is naturally inclined to spiritual evolution and the development of higher consciousness We are part of the overall evolutionary process of Nature a system guided by the most highly evolved Adepts and extending beyond Earth to the entire kosmos Exploring the long history of the Mystery schools beginning with ancient Egypt Babylonia and India Gordon examines the sacred metaphors and allegories of esoteric philosophy metaphysics occult science and the Science of the Seven Rays as well as the Adept inspired theosophical works of H P Blavatsky and A A Bailey He looks at the Adept Hierarchy of the Great White Himalayan Brotherhood and considers in detail two much discussed mysteries The Jesus as Christ mystery and the Maitreya Buddha mystery Revealing how advancement spiritual scientific and cultural erupts out of tension he explains how the Adepts have been increasing local and global tensions to prepare humanity for the Age of Aquarius thereby creating the ideal preconditions for spiritual evolution and an eventual restoration of the Mysteries in our own modern era

The Constitution of Shambhala Bodo Balsys, 2017-07-27 The Constitution of Shambhala The subject of Shambhala the planetary Head centre or theistically the kingdom of God has been previously veiled in such texts as the K lachakra Tantra but the true esoteric lore has only been provided gradually first tentatively through the works of Blavatsky and then in greater detail via Alice Bailey s writings This volume continues along this vein presenting far more detail concerning this kingdom and also of the Hierarchy of enlightened being the planetary Heart centre than hitherto revealed A considerable compendium of revelation and esoteric knowledge is presented for the world s esotericists to digest and the enlightened to expand upon

The Revelation (New Revised Edition) Bodo Balsys, 2022-09-06 This book presents basic postulates concerning many esoteric concepts These include the concept of God what constitutes evil the nature and function of karma the manifestation of energy from the subtle planes of perception the nature of manifest Divinity as veiled by the concept of the Christ in the Bible and the mysteries of Being The analysis moves from my earlier Buddhist writings to focus upon the information in the Bible especially in relation to the nature of the reappearance of the Christ which here is equated with the externalisation process of the Hierarchy of Enlightened Being This doctrine concerns the mode of the evolution of transcendent perception by humanity The awakening of higher spiritual perceptions via the enlightenment path and the understanding of the psychic

constitution of the n s and chakras are also explained A syncretic approach is therefore espoused through the comparison between Eastern doctrines and the presented esoteric Christianity In doing so many of the veiled hidden mysteries in the Gospel story and the book of Genesis are revealed The text shows how these religions are but aspects of one fundamental religious evolution of the historical development of what is known in the East as the dharma and in the Western tradition as the Law of God Esoteric Astrology for the New Age, Vol 1: The Esoteric Foundations Bodo Balsys,2023-09-14 There is a vast amount of esoteric information to further present to the world s disciples In the field of astrology this is especially needed The information here is based upon Alice Bailey s Esoteric Astrology and extends this work with additional esoteric information This is in line with what I have already published in my former books and presents a line of esoteric reasoning that most students of this doctrine have yet to discover These astrological volumes are the foundation for many revelations to come This volume presents the basis to comprehending the vast reaches of this science For enlightened beings astrological knowledge is the lore of the universe and this astrology governs the manifestation of cosmic Law The evolution of humanity is a progression and so also the evolutionary attainment of Hierarchy Hierarchy must move with the times and offer disciples more advanced esoteric lore and their higher scientific verities than was possible before This is one such presentation from the vast store of Hierarchical ken that hopefully many will gain succour from **The Revelation of Saint John** Zachary F. Lansdowne,2006-05-01 The Revelation of St John the last book of the canonical Bible has been a mystery since it first appeared No other part of the Bible has caused more controversy Traditional interpretations of the book fall into one of three categories the major prophecies that are supposed to have been fulfilled in the destruction of Jerusalem in 70 A D the historical view that Revelation predicts the course of human events from the founding of Christianity to the end of the world or the futurist view that Revelation predicts events that will occur at the end of the world It s actually none of the above writes Zachary F Lansdowne a leading expert in the field of spiritual initiation In the Introduction to this rich and complex interpretation he writes According to its own verses the Revelation is concerned with the present time which is whatever time we happen to be reading it and contains information that we can apply immediately to become blessed This is not a book about end times or Armageddon and when it might come This is a book written entirely in symbols concealing a path for early Christians and for the contemporary reader Lansdowne has applied a unique psychological method of interpretation that takes each symbol as depicting some aspect of human consciousness rather than an eternal event thus showing that the Revelation is actually a detailed instruction for the spiritual journey a map to the wakening of higher consciousness Moreover while the Revelation appears in the great lineage of Judeo Christian tradition Lansdowne shows that its instruction can be appreciated and applied to seekers from any tradition Lansdowne s line by line and verse by verse interpretation presented here in an easy to read side by side format is a manual for the true seeker who would follow teachings of Jesus as they were and are laid out rather than as they have been interpreted by theologians and biblical historians The Revelation of St John

when unlocked by the key of psychological methodology is revealed to contain ideas from many diverse wisdom traditions and philosophies archangels in Judaism chakras and kundalini in Hinduism Buddhist mindfulness the redemptive power of love in Christianity and absolute standards of comparison in Platonic philosophy Zachary Lansdowne's revelatory text makes these teachings of the path to true soul initiation available to seekers from every spiritual tradition **Ponder on This**

Age Movement Ron Rhodes,2016-09-06 Reincarnation auras and energizing crystals surely these are the stuff of fairy tales nothing more People don't really speak to ancient Egyptian holy men or listen seriously to Shirley MacLaine for that matter do they Drawing from a range of occult pagan and pseudo scientific traditions the New Age Movement is broad diffuse hard to nail down and insidiously dangerous Its belief in the divinity of humanity its emphasis on self actualization and its looking forward to a coming utopian new world have tremendous appeal But does it have the truth *The Full Moons: Topical*

Letters In Esoteric Astrology Malvin Artley,2014-06-12 The Full Moons is an exploration of the Sun the Moon the Truth and their interrelation and it is the culmination of over ten years of letters the author has written on esoteric astrology A compendium of topics in esoteric astrology it explores the emerging universal spirituality gradually unfolding through the current decades as seen from the perspective of topical world events even though the principles investigated therein are timeless The twelve astrological signs each give a unique insight into various aspects of spirituality and each one has its own story to tell on the great evolutionary path of the soul Because the soul is so dear to us even though the subject matter of the book is esoteric in its presentation there is something in its pages for everyone whether or not you have an astrological background Ultimately this book can be used as reference material for the times of the full moon each month and for specified times in between The book is extensively indexed for ease of reference and it contains abundant reference material in the appendices along with a glossary of esoteric terminology *Incarnation in Hinduism and Christianity* Daniel E

Bassuk,1987-01-26 *Astrology and Popular Religion in the Modern West* Nicholas Campion,2016-04-15 This book explores

an area of contemporary religion spirituality and popular culture which has not so far been investigated in depth the phenomenon of astrology in the modern west Locating modern astrology historically and sociologically in its religious New Age and millenarian contexts Nicholas Campion considers astrology's relation to modernity and draws on extensive fieldwork and interviews with leading modern astrologers to present an invaluable contribution to our understanding of the origins and nature of New Age ideology This book challenges the notion that astrology is either marginal or a feature of postmodernism Concluding that astrology is more popular than the usual figures suggest Campion argues that modern astrology is largely shaped by New Age thought influenced by the European Millenarian tradition that it can be seen as an heir to classical Gnosticism and is part of the vernacular religion of the modern west The Unicorn In The Sanctuary Randy England,1992-03 Shows how New Age principles have infiltrated the Catholic Church being a combination of humanism paganism self deification Satanism and witchcraft a far more dangerous movement than it appears This is the first full length study of the impact of the New Age Movement on Catholicism Clear and down to earth Tells what it is what is wrong with it where it came from and what to do about it Very revealing *Serving Humanity* Alice A. Bailey,2023-03-01 Service can be briefly described as the spontaneous effect of soul contact This contact is so definite and fixed that the life of the soul pours through into the instrument the personality the means of soul contact to the physical plane This book of quotations from the writings of Djwhal Khul are presented under 118 headings and in his words That your vision may expand and your power to think and reflect abstractly may grow is my hope and wish for you
