Eye In The Thicket:

APACHEE! T. W'ski, 2023-08-10 Traumatized and ridiculed as a youth an Indian lad grows up resenting his treatment hating everyone involved while deep in his heart harboring the seeds of revenge As a grown man his hatred exemplified itself in his battles with his people's enemies Not understanding the reasons behind his feats of bravado the tribe's elders recognize him by sending him out as the leader of all the other young village hotheads on a mission to destroy the white eyes that have come to settle in their lands His natural abilities for cunning and resourcefulness make him a leader that creates in all white eyes the screamed word Apachee A word that was feared throughout the west *In a Dream's Eye* Houston Cross, 2013-03-22 In the cavernous tombs of the subconscious lie the pattern of one's existence A dark depository where everything experienced in one's lifetime is stored Sleep a normal and natural state A temporary exit from reality or is it When one falls asleep a door is unlocked to the outer edges of the subconscious A spontaneous dominion where dreams and nightmares reside An unpredictable place where at any time one's fantasies or demons can come to visit Rooted directly within this mystifying province dreams feed off the information hoarded away within the nooks and crannies of this uncharted region There are no ground rules in the furthest depths of the human mind Therefore not all dreams have the endings one wishes for Sometimes the subconscious can be a monster all its own manipulating dreams into nightmares A ruthless encampment where a gathering of evils lie and wait In this dark imminent place lie one's fears a graveyard of dirty torn memories A place where hidden secrets reside the skeletons in one's closet A grey zone of remembrance that only resurfaces during the worst of nightmares Some people are afraid to go to sleep and for good reason For in their slumber they see themselves for who they really are Bringing them face to face with their personal demons Sometimes the substance of the dream has its own special power over the dreamer Often so terribly real that it appears one's very future lies within the outcome There is a myth feared by some that if you die in a dream your immediate reality is death Improbable perhaps but what if your dreams are being manipulated and controlled by an unforeseen force Leading you to a terrifying place from which there is no return A final crossroad where the realm of life and death is razor thin As in most dreams everything appears distorted But do these distortions fall too far from the truth Sometimes the worst of nightmares are closer to reality than you think It is one's choice to create his or her own private hell To venture into a temporal journey with no boundaries or restrictions A place only found in a dream's eye So take refuge in the fact that what takes place in the following pages will probably never happen to you or will it **Doubleday, Page & Co.'s Geographical Manual and New Atlas** Christopher Orlando Sylvester Mawson, 1918 **X-Ray Vision** Richard M. Swiderski, 2012 X ray vision at first was the revival of the phantasmagoria and ground penetrating sight of earlier centuries attached to the new technology of X rays in the early twentieth century The image idea of the existence of rays that allow prepared eyes to see into clothing through walls and into the earth not feasible in fact generated fictions and surrogates of how living beings would experience such an ability what

they would do with it and what it would do to them Expressing both a need and a desire X ray vision underwent its own development gathering elements of play inquiry and assault independent of X ray technology but converging with microscopy telescopic television and surveillance

The Joy of Medical Practice John C. Barber, 2009 From the day that Dr Barber went into the wards as a junior medical student until the day he retired more than forty years later he was involved in medical care serving his patients to the utmost of his ability As an ophthalmologist he rarely dealt with life threatening disorders but he was able to save and restore vision He also witnessed firsthand the impact of visual loss on people many of whom could not have their vision saved His greatest joy was that of patient care Meeting people and being able to help them overcome a disease was always very important He loves to tell the stories of his favorite patients and how they influenced him They include A nun who could not wear black A baby with a congenital orbital teratoma A lady who always sat in the dark And many more interesting characters Discover or rediscover the joys of pursuing a career in medicine or if you are a patient find others who are going through the same problems you might be suffering from in *The Joy of Medical Practice*
