Eyewitness Testimony With A New Preface By The Author:

The Rhetoric of Seeing in Attic Forensic Oratory Peter A. O'Connell, 2017-03-01 In ancient Athenian courts of law litigants presented their cases before juries of several hundred citizens Their speeches effectively constituted performances that used the speakers appearances gestures tones of voice and emotional appeals as much as their words to persuade the jury Today all that remains of Attic forensic speeches from the fifth and fourth centuries BCE are written texts but as Peter A O Connell convincingly demonstrates in this innovative book a careful study of the speeches rhetoric of seeing can bring their performative aspect to life Offering new interpretations of a wide range of Athenian forensic speeches including detailed discussions of Demosthenes On the False Embassy Aeschines Against Ktesiphon and Lysias Against Andocides O Connell shows how litigants turned the jurors scrutiny to their advantage by manipulating their sense of sight He analyzes how the litigants words work together with their movements and physical appearance how they exploit the Athenian preference for visual evidence through the language of seeing and showing and how they plant images in their jurors minds These findings which draw on ancient rhetorical theories about performance seeing and knowledge as well as modern legal discourse analysis deepen our understanding of Athenian notions of visibility They also uncover parallels among forensic medical sophistic and historiographic discourses that reflect a shared concern with how listeners come to know what they have not seen

Psychomythics William R. Uttal, 2014-04-04 Psychology deals with the most complex subject matter of any science As such it is subject to misunderstandings artifacts and just simple errors of data logic and interpretation This book teases out the details of some of the sources of these errors It considers errors in psychological data and theories that arise from confusing endogenous and exogenous causal forces in perceptual research misinterpreting the effects of inevitable natural laws as psychological phenomena improper application of statistics and measurement and flawed assumptions Examples of each of these sources of error are presented and discussed Finally the book concludes that a return to a revitalized kind of behaviorism is preferred rather than continuing on the current cognitive path

The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric David Edward Aune, 2003-01-01 The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric details the variety of literary and rhetorical forms found in the New Testament and in the literature of the early Christian church This authoritative reference source is a treasury for understanding the methods employed by New Testament and early Christian writers Aune s extensive study will be of immense value to scholars and all those interested in the ways literary and rhetorical forms were used and how they functioned in the early Christian world This unique and encyclopedic study will serve generations of scholars and students by illuminating the ways words shaped the consciousness of those who encountered Christian teachings

Intuition, Imagination, and Philosophical Methodology Tamar Szabó Gendler, 2013-07-18 Tamar Gendler draws together in this book a series of essays in which she investigates philosophical methodology which is now emerging as a central topic of

philosophical discussions Three intertwined themes run through the volume imagination intuition and philosophical methodology Each of the chapters focuses in one way or another on how we engage with subject matter that we take to be imaginary This theme is explored in a wide range of cases including scientific thought experiments early childhood pretense thought experiments concerning personal identity fictional emotions self deception Gettier cases and the general relation of conceivability to possibility Each of the chapters explores in one way or another the implications of this for how thought experiments and appeals to intuition can serve as mechanisms for supporting or refuting scientific or philosophical claims And each of the chapters self consciously exhibits a particular philosophical methodology that of drawing both on empirical findings from contemporary psychology and on classic texts in the philosophical tradition particularly the work of Aristotle and Hume By exploring and exhibiting the fruitfulness of these interactions Gendler promotes the value of engaging in such cross disciplinary conversations in illuminating philosophical issues **Thought-based Linguistics** Wallace

Chafe,2018-04-19 The extent to which language is inseparable from thought has long been a major subject of debate across linguistics psychology philosophy and other disciplines In this study Wallace Chafe presents a thought based theory of language that goes beyond traditional views that semantics syntax and sounds are sufficient to account for language design Language begins with thoughts in the mind of a speaker and ends by affecting thoughts in the mind of a listener This obvious observation is seldom incorporated in descriptions of language design for two major reasons First the role of thought is usually usurped by semantics But semantic structures are imposed on thought by languages and differ from one language to another Second thought does not lend itself to familiar methods of linguistic analysis Chafe suggests ways of describing thoughts traces the path languages follow from thoughts to sounds and explores ways in which thoughts are oriented in time memory imagination reality and emotions *An Introduction to the New Testament* DAVID A DESILVA,2020-05-21

Professor deSilva s outstanding textbook sets a new standard for the genre The usual topics of New Testament introduction are integrated with instruction in interpretative strategies and application to ministry formation The attractive layout includes numerous maps photographs and text boxes *On the Resurrection, Volume 1* Gary Habermas,2024-01-15 The first volume of Gary Habermas s magnum opus *On the Resurrection* Evidences represents the culmination of fifty years of research on the probability of Jesus s resurrection Using his minimal facts argument Habermas demonstrates why we ought to trust the biblical and historical testimony of Scripture regarding the resurrection This book is a must read for pastors students and scholars interested in the historical evidence for the resurrection of Jesus Christ *An Introduction to the New Testament* M. Eugene Boring,2012-01-01 A user friendly introduction to the New Testament for beginning students

Approaching Apollonius Floyd O. Parker,2025-08-05 Apollonius of Tyana resembles Jesus Christ more than does any other person in antiquity at least if what his biographer Philostratus claims is true According to their respective biographers in the *Life of Apollonius of Tyana* and in the canonical Gospels both ancient figures were renowned holy men miracle workers

exorcists and itinerant teachers who lived in the first century AD Nevertheless many Bible professors and students have never heard of Apollonius Others who have heard of Apollonius often uncritically accept the testimony of Philostratus Some New Testament scholars who write about Apollonius are unaware of the numerous historical problems that plague Philostratus's book and of the other early sources that portray Apollonius as a sorcerer or charlatan This book serves as a guide for students professors or curious laypersons who are approaching the study of Apollonius for the first time This work explores ten key issues that will help the reader make an informed decision about Apollonius The book examines the ancient sources available for the study of Apollonius the historical accuracy of Philostratus's biography and the agendas of Philostratus and his royal patroness Julia Domna and provides a fulsome bibliography for those who wish to pursue these topics on their own

A Biblical-Theological Introduction to the New Testament Michael J. Kruger, 2016-05-31 Introductions to the New Testament often take a defensive stance focusing on historical critical issues but failing to address the interests and needs of pastors and Bible teachers However with an emphasis on the theology key themes and overall message of each book in the New Testament this collaborative effort of nine biblical scholars takes a more positive and pastorally relevant approach Written from a distinctly Reformed covenantal and redemptive historical perspective this theologically rich expositional resource will equip readers to study and teach each book in the New Testament with clarity and insight

When Will These Things Happen? Alistair I. Wilson, 2007-01-01 Was the historical Jesus a preacher of imminent apocalyptic judgment or altogether a non eschatological teacher Despite the popularity of both of these extreme portraits in contemporary scholarship Wilson demonstrates a via media in which Jesus viewed especially through the window of Matthew 21:25 is both prophet and sage but preeminently a judge during his ministry in his invisible coming against Jerusalem in AD70 and at God's final assize An important contribution

Craig Blomberg Distinguished Professor of New Testament Denver Seminary In the crowded field of Matthean studies this book offers something new a discussion of the theme of judgment in Matthew 21:25 the account of Jesus confrontation with the Jerusalem authorities Dr Wilson is well abreast of current scholarship but not afraid to take an independent line not least in his robust defense of the view that reference to the coming of the Son of Man refers not to the parousia but to the imminent vindication of the rejected Messiah This exegesis enables him to link ch 24 closely with the preceding dialogue and diatribe and to offer a satisfyingly coherent interpretation of the whole Jerusalem section of the gospel which precedes the passion narrative Over against Marcus Borg's non eschatological Jesus Wilson shows convincingly that Matthew's Jesus had a clear eye to the future looking both to coming events in Palestinian history for his own vindication on the world stage and also to a more ultimate judgment in which he would play the leading role Whether or not other scholars agree with Wilson's conclusions this is the sort of careful exegetical scholarship which is needed to carry constructive discussion forward

R T France formerly Principal Wycliffe Hall Oxford

Alistair Wilson has written a study that reveals first class scholarship He demonstrates that he is fully abreast of issues that

are currently being discussed In his interactions he is tactful serene and persuasive While applauding the views of others he nevertheless shows his difference from them by carefully demonstrating on the basis of Matthew s Gospel that Jesus indeed is judge both in the first century and at the consummation This book is an excellent addition to evangelical research that champions a high view of Scripture Simon J Kistemaker Professor of New Testament Emeritus Reformed Theological Seminary Alistair Wilson s monograph goes right to the heart of contemporary debate concerning the role of Jesus by drawing attention to the motif of judgment in his role as prophet and sage that so impressed the Evangelist Matthew His fresh study of judgment in this Gospel shows that the early church was far removed from seeing in him the non eschatological teacher of the late twentieth century Jesus seminar This is an important scholarly contribution to the ongoing study of how Jesus was seen and understood by his contemporaries with considerable significance for how we ought to understand him today I Howard Marshall Emeritus Professor of New Testament Exegesis and Honorary Research Professor University of Aberdeen Alistair Wilson is a minister of the Free Church of Scotland He has taught New Testament at Highland Theological College in Dingwall Scotland and currently serves as Principal of Dumisani Theological Institute in South Africa

Luke among the Ancient Historians John J. Peters, 2022-05-24 For centuries scholars have analyzed the composition of Luke Acts presupposing that the reference to many accounts in Luke's Preface indicates the written texts which served as the author's primary sources of information To justify this portrait of Luke as a text based author scholars have appealed to analogies with the text based authors Dionysius of Halicarnassus Diodorus Siculus Plutarch and Arrian Luke among the Ancient Historians challenges this portrait of Luke's method through surveying the origins and development of ancient Greek historiography in chapters on Herodotus Thucydides Polybius Josephus and Luke By focusing on the values and practices of ancient historians Peters demonstrates not only that ancient authors following the model of Thucydides regarded the testimony of eyewitnesses as opposed to texts as the proper sources for historians but that Luke emulated the values practices and craft terminology of the contemporary historiographical tradition Taking seriously the self presentation of Luke as a reporter of contemporary events who claims to write on the basis of eyewitnesses from the beginning and personal investigation this book argues against analogies with text based historians who wrote about non contemporary events and instead situates Luke within a portrait of the values and practices of historians of contemporary events

The IVP Bible Background Commentary: New Testament Craig S. Keener,2014-01-03 Craig S Keener presents fascinating wonderfully useful information on the historical and cultural backgrounds of nearly every verse in the New Testament

Jesus Tried and True H. H. Drake Williams,2013-01-11 Are the gospels found within the New Testament superior to others Has the church unfairly chosen Matthew Mark Luke and John while leaving out many others Are there truly lost Christianities that would enrich our understanding of Jesus Would modern day seekers as well as followers of Jesus be better served by including gospels outside of the New Testament in their understanding of Jesus Jesus Tried and True answers these questions by examining the date source and reception of the canonical gospels of Matthew Mark Luke and John and then comparing this data with the other gospels It assesses this information by looking within these gospels and also evaluating early church history examining the writings of early church writers such as Papias Ignatius of Antioch Justin Martyr Irenaeus and Eusebius It then compares these findings with the date source and reception of the non canonical gospels that have received the most attention lately such as the Gospel of Thomas Gospel of Mary Gospel of Judas Gospel of Philip and Gospel of Peter There is also a brief survey of thirteen of the most important non canonical gospels The survey provides an opinion on the dependence of these upon the gospels within the New

Testament Jesus Tried and True affirms the superiority of the New Testament gospels It concludes by addressing whether non canonical gospels are lost Christianities and also whether the designation apocryphal is appropriate for other gospels
