Frans Hals Frans Hals, 1914 **Frans Hals Portraits** Lawrence W. Nichols, Liesbeth De Belie, Pieter Biesboer, 2018 Frans Hals 1582-83 1666 is one of the foremost portrait painters of the Dutch Golden Age but he only painted four family groups portraits This publication unites these family portraits including one that is now in sections along with related works by the artist and his contemporaries and examines the topic of Hals's family portraiture as a whole placing it in the context of his complete oeuvre Back cover **Frans Hals** Alfred Gold, Frans Hals, 1911 **Catalogue of the Pictures and Drawings in the Frans Hals Gallery of Art at Haarlem, 1914** Frans Halsmuseum, 1914 The Portraitist Steven Nadler, 2022-10-06 A biography of the great portraitist Frans Hals that takes the reader into the turbulent world of the Dutch Golden Age Frans Hals was one of the greatest portrait painters in history and his style transformed ideas and expectations about what portraiture can do and what a painting should look like Hals was a member of the great trifecta of Dutch Baroque painters alongside Rembrandt and Vermeer and he was the portraitist of choice for entrepreneurs merchants professionals

theologians intellectuals militiamen and even his fellow artists in the Dutch Golden Age His works with their visible brush strokes and bold execution lacked the fine detail and smooth finish common among his peers and some dismissed his works as sloppy and unfinished But for others they were fresh and exciting filled with a sense of the sitter's animated presence captured with energy and immediacy Steven Nadler gives us the first full length biography of Hals in many years and offers a view into seventeenth century Haarlem and this culturally rich era of the Dutch Republic He tells the story not only of Hals's life but also of the artistic social political and religious worlds in which he lived and worked

Frans Hals (Classic Reprint) Gerald S. Davies, 2016-08-14 Excerpt from Frans Hals The ever increasing esteem with which the work of Frans Hals is now regarded has of late years and even since the publication of my larger work naturally led to the unearthing of a few genuine examples of the master which had passed unnoticed It has at the same time led as naturally to the attaching of the name Of the master to a few works which are hardly worthy of his authorship Lastly it has led to that third form of adulation to which all great artists have to submit namely the manufacture of spurious works bearing the master's name Several of these have of late years left the shores of Europe to seek their fortunes in the far west About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
