Face of North Vietnam Marc Riboud, Philippe Devillers, 1975 *Face of North Vietnam* Marc Riboud, 1970 **The Agrarian Question in North Vietnam, 1974-79** Adam Fforde, 2017-07-05 This volume investigates why peasants defend themselves against the predations of politics by using such everyday forms of protest as footdragging feigned ignorance false compliance etc With a cross section of countries historical time periods and ideologies the case studies illustrate the variety of forms of everyday peasant resistance and their consequences **Face of the Enemy: An American Asian's War in Vietnam and at Home** David O. Chung, Kerry O'Connell, 2023-08-23 Face of the Enemy is not your run of the mill memoir The second son of a mixed race family of mainly Asian descent was challenge enough His father s American values were overpowered by his mother s enforcement of the traditional Chinese culture of her homeland His home life couldn t have been more dissimilar than the culture of 1960s Chicago that was just outside his front door Out on the streets his Asian face said I m not one of you At home his status as the Number Two son said I am a servant Chung Doc to his friends quickly learned that he had two identities and that he was trapped in between them He had to fight many times with his fists to discover where his place was in his own country The Vietnam War was winding down when Chung joined the Air Force As a transportation specialist for the United States Air Force in Vietnam he made sure aircraft delivering supplies were loaded and balanced properly How much trouble could there be Plenty as he discovered Many of his American comrades in arms viewed him with suspicion He had the face of the enemy The Vietnamese took one look at his American uniform and knew he was not one of them After coming home from Vietnam Doc found his own country struggling to move on from an unpopular war The public blamed the veterans some of whom were struggling with the demons they had brought home with them The only defense from the public shaming was for veterans to hide in plain sight Uniforms were packed away Nightmares weren t talked about The only thing that remained the same for Doc was the racism and bigotry How do you overcome having the face of the enemy How do you free yourself from the jaws of a trap that is part of who you are Doc found the answer in saying yes Saying yes to joining a fledgling company called Federal Express Saying yes to joining veterans groups to help change the way Vietnam veterans were treated Saying yes to the journey of driving the Vietnam Women s Memorial across the country to Washington DC Saying yes to a position in the Veterans Affairs Office in Washington DC Saying yes to changing his own life through helping others This is a memoir of an ordinary man with an extraordinary conviction to change the status quo first through activism and then through an uncanny understanding of how to navigate the bureaucratic obstacles of the United States government **Vietnam Bulletin** , 1970 **The Changing Face of Southeast Asia** Amry Vandenbosch, Richard Butwell, 2021-10-21 Southeast Asia whose alienation might tilt the balance of power in favor of the Communist bloc has become the focus of American foreign policy Amry Vandenbosch and Richard Butwell here trace the development of the eight nations which comprise Southeast Asia and appraise their current role in international affairs

Although led to adopt state forms similar to those of the departing colonial powers each nation traditionally had quite different political systems It is the authors thesis that their historical patterns of political and social behavior are re emerging and that the chief differences among the national political systems and related ways of life can largely be explained in these terms They feel that the main changes in Southeast Asia in the past two decades reflect the peculiar wedding of such historical considerations and the worldwide forces of democracy communism and economic development Southeast Asia the authors hold can be viewed as a single collective political entity for no country is free from direct or indirect influence from its neighbors and this interaction is increasing in quantity and intensity The pattern of political development the authors assert is much colored by national variations of common occurrences but paradoxically Southeast Asia has never meant more in terms of an interdependent unit historically than it does today The Changing Face of Aerial Warfare Anthony

Tucker-Jones,2018-10-29 Can air power alone win a war That has been the question since the Second World War Air attacks failed miserably in Vietnam Operation Linebacker had little effect while bombing Hanoi just increased hatred for America yet air strikes in both Iraq and Libya helped bring about regime changes No fly zones may have worked in the Balkans but they might as well not have been there for Saddam Hussein s Iraq From the Luftwaffe s massed attack on Britain to NATO s interventions in Libya aerial warfare has changed almost beyond recognition The piston engine has been replaced by the jet and in some cases the pilot has been completely replaced by the microchip Carpet bombing is now a global positioning system and laser pinpointed strikes using precision guided munitions Whereas a bomber s greatest enemies were once fighters and flak the threats have now morphed into smart missiles from half a world away In this compelling study celebrated defence expert Anthony Tucker Jones charts the remarkable evolution of aerial warfare from 1940 to the present day *The ^AOther Face of Battle* Wayne E.
