Hurricane Katrina unfold on television in early September 2005 On the fourth day he beheld in disbelief the paralysis of local state and federal authorities unable to commence basic operations of rescue and sustenance not just in New Orleans but in towns and villages all along the Gulf Coast He knew exactly what he had to do So begins the vivid fictional account by political activist and bestselling author Ralph Nader that answers the question What if What if a cadre of superrich individuals tried to become a driving force in America to organize and institutionalize the interests of the citizens of this troubled nation What if some of America s most powerful individuals decided it was time to fix our government and return the power to the people What if they focused their power on unionizing Wal Mart What if a national political party were formed with the sole purpose of advancing clean elections What if these seventeen superrich individuals decided to galvanize a movement for alternative forms of energy that will effectively clean up the environment What if together they took on corporate goliaths and Congress to provide the necessities of life and advance the solutions so long left on the shelf by an avaricious oligarchy What could happen This extraordinary story written by the author who knows the most about citizen action returns us to the literature of American social movements to Edward Bellamy to Upton Sinclair to John Steinbeck to Stephen Crane reminding us in the process that changing the body politic of America starts with imagination **Poetically**

Inclined Ervin Miller Jr.,2016-01-23 This book of poems was created to reach two sets of people one being the spiritual people and the other being the world This started as a diary of sorts as I captured the battle that wages daily between my flesh and spirit man But along the way diary transformed into something more This process became the silent cries of the mute the whisper of the wind the issues of the streets and the everyday components that make this journey enjoyable daunting intimidating exhilarating breathtaking sad and pulse altering Without the Lords guidance I wouldve given up after I made it to sixty five poems only to have them deleted Ive known that there must have been something special about this project as the enemy still felt the need to attack it After You spoke through my pastor Kenneth Rouche to give me the encouragement and prayer to move forward Then came the incident that occurred with my book saved on a flash drive It was never seen after it was left in my 2005 Chevy Malibu that was stolen However this journey has truly taught me that writing is still a source of freedom for me Its the ultimate getaway like a vacationing spot Its here that Ive been able to release my true creative nature and limitless unlocked potential Within writing I find a bond and a suited outlet This is my tool that helps me give back through my point of view Moreover this is the understanding in which I accept my divine God given calling This project is the testament of the resolve that God placed within me along with that never quit mentality and drive The pieces featured in this book are primarily from the frame of 08 10 It was within this time frame that my life and view would change on primary issues such as my spirit versus my flesh This stage set the tone for this book only being two chapters which shows a silent struggle taking shape My biggest inspiration came directly from the mirror as it showcased what could never be hidden It was there that I was able to see into the gateway of my own soul It showed my flaws my success my many masks

and the internal lies we try to tell ourselves I felt my own monumental strides and saw my rock bottom decline At my lowest point I finally understood the battle and how it wasn't one of flesh and blood that it was true spiritual warfare I learned to respect the truth and see this world through another set of eyes and from two viewpoints when needed This journey truly became more than a project it became a diary of sorts as well as my main resort It also became an awakening voyage that saw me survive turbulent uncharted territory and bring back with me the proof that I'm Poetically Inclined and Raw and Uncut

Giving Birth to Wisdom John R. Stevenson, 2015-02-25 There are many books on wisdom and we appreciate them all But let me tell you what sets this book apart from the rest This book will reveal the who what when where and why of wisdom Not only will you gain but you will maintain a rich understanding of wisdom unlike any you have had before You will find out the importance of wisdom the necessary and complete process of conception reception and the birthing necessary for the delivery of wisdom This is the book that will show you where you are in the process of giving birth to wisdom Wisdom is still a very misunderstood subject This book will give you the revelation of who wisdom is and you are going to be surprised when you see how God describes wisdom And you will always listen to wisdom and you will never leave home without wisdom again This is the book that will make you say Wow I didn't know that This will be your conclusion at the end of this reading The problem is a lack of wisdom because wisdom knows it all

Diaspora of Thoughts Cash

Onadele, 2007-08-31 This book was born out of a passion for literature and the need to establish a cultural legacy for our next generation dispersed all over the World A Diaspora of Thoughts fittingly the dispersal of thoughts Like many I have always wondered how to communicate the African wise sayings poems and prose we learned from our grandparents to our children the next generation Many children of our time fill their times with new computer games since we have failed to challenge them to recite and learn our culture through sayings poems and prose this has been the greatest reason to do this work What you are about to read is a combination of wise sayings and poems mostly from early life in an African village of course subsequent life experiences as well as comments from observing the life of others who have lived significant lives Some poems cover views on matters that concern the oppressed peoples of the world and especially the colored race It expresses a sense of community enough for us to care about our neighbor Some of these recitals deal with the excessiveness of the rich and the abjectness or lack in the poor and the responsibilities of both parties This collection of poems prose is for the

individual or teacher interested in leisure reading and general literature as a whole It is more about African and American sociological heritage wrapped in poetry prose
