three looks at characters living outside of roles considered socially appropriate in their world vampire slayers mobsters and those with multiple personalities The fourth section studies how present day mores of power and beauty control revisions of historically based stories through issues of vengeance race sexuality and the notion of beauty itself The final section takes up the question of what it means to historicize the present moment and analyzes the current period via a very popular and long running show s depiction of sexuality as accepted or rejected within a paradigm that appears not merely to tolerate but actively to promote deviance The last essay questions the very concepts of time and history themselves The articles do not reach one conclusion regarding this topic but instead provide a variety of perspectives which help to theorize the issue for the discerning reader
