

# Extreme Right In Europe And The Usa

**Aurel Braun**

## **Extreme Right In Europe And The Usa:**

**The Extreme Right in Europe and the USA** Paul Hainsworth, 2016-10-06 The rise of extreme right parties and neo fascist movements in recent years as a response to economic crisis has become a major concern for most European countries The phenomenon is likely to increase as more disillusioned and discontented sectors of the population become drawn towards intense nationalism and the scapegoating of foreigners Paul Hainsworth has assembled a team of experts in the field to present a comparative empirical assessment of the historical evolution nature and extent of the extreme right in Europe and the United States from the 1940s to the early 1990s This volume evaluates the nature and influence of the extreme right in the post war context

**Reflections on the Extreme Right in Western Europe, 1990-2008** Christopher Husbands, 2020-05-26 During the last three decades or so there has been a significant growth of extreme right voter support in Europe and elsewhere in the world The chapters in this book look at an earlier period before most of this increase Comprising eight previously published articles or book chapters and two hitherto unpublished studies this book gives extended accounts of the major extreme right political parties or movements in a number of west European countries looking both at their antecedents and also at their support and significance in the 1980s and early 1990s The countries covered in detail are France the Federal Republic of Germany old and new regions the Netherlands Belgium Switzerland and Austria During the last three decades some earlier parties of the extreme right in these west European countries have disappeared into oblivion to be superseded by replacements others have survived and flourished Given the date when most of these chapters were written they are now to be regarded as contributions to a modern history about the status and relevance of the respective parties or movements The book also includes an introductory essay that discusses issues arising from the disputed labelling terminology used to describe such parties and identifies themes that feature in the more recent literature about the subsequent and current state of the extreme right in Europe The book will be of particular interest to researchers on the contemporary politics of the extreme right in Europe as well as being a valuable resource for those teaching courses on this topic or on general political sociology

**European and American Extreme Right Groups and the Internet** Manuela Caiani, Linda Parenti, 2016-04-29 How do right wing extremist organizations throughout the world use the Internet as a tool for communication and recruitment What is its role in identity building within radical right wing groups and how do they use the Internet to set their agenda build contacts spread their ideology and encourage mobilization This important contribution to the field of Internet politics adopts a social movement perspective to address and examine these important questions Conducting a comparative content analysis of more than 500 extreme right organizational web sites from France Germany Italy Spain the United Kingdom and the United States it offers an overview of the Internet communication activities of these groups and systematically maps and analyses the links and structure of the virtual communities of the extreme right Based on reports from the daily press the book presents a protest event analysis of right wing groups mobilisation and action

strategies relating them to their online practices In doing so it exposes the new challenges and opportunities the Internet presents to the groups themselves and the societies in which they exist

*Extreme Right Parties in Western Europe* Piero Ignazi, 2003-05-29 This book has three aims Firstly it explores the extreme right in order to assess its ideological meaning and its political expression Beginning with a discussion of the meaning and usefulness of the Left Right distinction it deals with the varying significance of the term right and discusses the appropriateness of the competing terms radical new populist and extreme right The book argues that the traditional neo fascist party has been supplanted by a new type of extreme right party unrelated to fascist ideology but nevertheless opposed to the fundamental values of the democratic political system The book s second aim is to carry out an in depth analysis of the post war evolution of the extreme right of each country in Western Europe The analysis highlights their lineage from pre war fascist regimes or movements their different partisan expressions in the post war period their ideological profile their party s relationship with other actors in the party system the socio demographic and attitudinal profile of their voter base and finally the conditions which have favoured or inhibited their development Finally the book discusses in detail more recent trends within the West European extreme right and outlines a conceptual framework for explaining the success or failure of each political party The volume extensively revised expanded and updated from its original widely acclaimed Italian edition will be essential reading for all those working on parties and movements in Western Europe

Comparative Politics: Western Europe and the United States: foundations of comparative politics , 2005

**Digital Media Strategies of the Far Right in Europe and the United States** Patricia Anne Simpson, Helga Druxes, 2015-05-06 With the leverage of digital reproducibility historical messages of hate are finding new recipients with breathtaking speed and scope The rapid growth in popularity of right wing extremist groups in response to transnational economic crises underscores the importance of examining in detail the language and political mobilization strategies of the New Right In Europe for example populist right wing activists organized around an anti immigration agenda are becoming more vocal providing pushback against the increase in migration flows from North Africa and Eastern Europe and countering support for integration with a categorical rejection of multiculturalism In the United States anti immigration sentiment provides a rallying point for political and personal agendas that connect the rhetoric of borders with national racial and security issues Digital Media Strategies of the Far Right in Europe and the United States is an effort to examine and understand these issues informed by the conviction that an interdisciplinary and transnational approach can allow productive comparison of far right propaganda strategies in Europe and the United States With a special emphasis on performing ideology in the far right music scene on violent anti immigrant stances and on the far right s skillful creation and manipulation of virtual communities the contributions foreground the cultural shibboleths that are exchanged among far right supporters on the Internet which serve to generate a sense of group belonging and the illusion of power far greater than the known numbers of neo Nazis in any one country might suggest Moreover with attention to transatlantic right wing

movements and their use of particularly digital media the essays in this volume put pressure on the similarities among the various national agents while accommodating differences in the virtual and sometimes violent identities created and nurtured online

*The Far Right in Europe* Peter Davies, Paul Jackson, 2008-08-30 The Far Right in Europe An Encyclopedia brings together up to date information on all the major and many minor European far right parties tracing their historical roots describing their policies personalities and activities and exploring the links between them Longer contextual essays written by a team of experts debate regional and ideological traditions Scholarly but accessible there is no better introduction to the alarmingly vigorous contemporary tradition of far right groups in Europe BOOK JACKET

*The Extreme Right* Aurel Braun, 2018-02-12 This book offering a historical sociological account of right wing extremist movements in American history seeks to identify threats to freedom and security assess the responses to such threats and suggest some means of dealing with the potential dangers

*The Revival of Right Wing Extremism in the Nineties* Peter H. Merkl, Leonard Weinberg, 2014-01-14 Most studies of the radical right concentrate on movements in a single country neglecting to some extent the international dimensions of right wing extremism Here Merkl and Weinberg adopt a comparative perspective concentrating on the revival of the right across a variety of countries

**Gender and Far Right Politics in Europe** Michaela Köttig, Renate Bitzan, Andrea Petö, 2016-12-20 This book is a systematic consideration of the link between the extreme right and the discourse about developments in regard to gender issues within different national states The contributors analyze right wing extremist tendencies in Europe under the specific perspective on gender The volume brings together the few existing findings concerning the quantitative dimension of activities carried out by men and women in different countries and illuminates and juxtaposes gender ratios along with the role of women in right wing extremism Along with the gender specific access to right wing groups the chapters look at networks organizational forms specific strategies of female right wing extremists their ideologies especially regarding femininity and masculinity hetero normativity discourses on sexuality and preventive and counter strategies The book will be of use to students and scholars interested in gender and politics European politics and political extremism

**American Extremism** D. J. Mulloy, 2004-08-02 American Extremism explains how at the heart of the politics practiced by the militia movement is an attempt to define the nature of Americanism and shows how militia members employ the myths metaphors and perceived historical lessons of the American Revolution the constitutional settlement and America s frontier experience to do so Mulloy argues that militia members search for the authority of history leads them to a position best characterized as ahistorical historicism in which political interests in the present are given greater weight than the demands of a historically accurate reading of the past With discussion of such recent events as the Oklahoma City bombing Waco and the September 11th attacks alongside topical issues including militia conspiracy theories and the origins of Americans right to keep and bear arms this work provides the deepest understanding to date of the American militia movement

*Traces of Contamination* Eloy E. Merino, H. Rosi Song, 2005 Exposing two

general perspectives both manifestations of an authoritarian past that still holds a relationship with the present this collection reveals the ideological legacy of the past and its experience as a distressing conditioner of the present The dissonant elements of post Franco discourse critically analyzed by our contributors challenge the seamless narrative that tells the successful story of the Spanish transition to democracy

**BOOK JACKET** *How the Radical Right Has Changed Capitalism and Welfare in Europe and the USA* Philip Rathgeb, 2024 Combining insights from comparative politics party politics comparative political economy and welfare state research the book provides novel insights into how the radical right manufactures consent for authoritarian rule

**The Radical Right in Western Europe** Herbert Kitschelt, Anthony J. McGann, 1997 An in depth analysis of radical right parties in seven countries

[The Far-Right in International and European Law](#) Natalie Alkiviadou, 2019-04-18 Since the Second World War the international community has sought to prevent the repetition of destructive far right forces by establishing institutions such as the United Nations and by adopting documents such as the Universal Declaration of Human Rights Jurisprudence and conventions directly prohibit far right speech and expression Nevertheless recently violent far right entities such as Golden Dawn of Greece have received unprecedented electoral support xenophobic parties have done spectacularly well in elections and countries such as Hungary and Poland are being led by right wing populists who are bringing constitutional upheaval and violating basic elements of doctrines such as the rule of law In light of this current reality this book critically assesses the international and European tools available for States to regulate the far right It conducts the analysis through a militant democracy lens This doctrine has been considered in several arenas as a concept more generally in the sphere of the European Convention on Human Rights in relation to particular freedoms such as that of association and as a tool for challenging the far right movement through the spectrum of political science However this doctrine has not yet been applied within a legal assessment of challenging the far right as a single entity After analysing the aims objectives scope and possibility of shortcomings in international and European law the book looks at what state obligations arise from these laws It then assesses how freedom of opinion and expression freedom of association and freedom of assembly are provided for in international and European law and explores what limitation grounds exist which are directly relevant to the regulation of the far right The issue of the far right is a pressing one on the agenda of politicians academics civil society and other groups in Europe and beyond As such this book will appeal to those with an interest in International European or Human rights Law and political science

*New Challenger Parties in Western Europe* Airo Hino, 2012-06-12 This book provides a systematic and comparative account of the rise of new challenger parties across Western Europe It analyses how parties that challenge the conventional party system by addressing issues neglected by existing parties can succeed and fail Systematically comparing 229 elections since 1950 across 15 European democracies including the United Kingdom France Germany Italy the Benelux and Scandinavian countries this book questions why new challenger parties are more successful in some countries than others and analyses the conditions that determine their

emergence and subsequent success or failure As one of the first systematic and comparative examinations of new challenger parties this book looks at both new politics parties and extreme right parties and the structures to aid their emergence at the time of an election Identifying two distinctive stages of party development the author adopts a double hurdle model involving first the chances of emergence and second sustained success This framework in combination with a wide range of empirical data provides for an innovative and insightful analysis of a neglected topic New Challenger Parties in Western Europe will be of interest to students and scholars of government comparative politics and political parties

### **The Anatomy of Fascism**

Robert O. Paxton, 2007-12-18 What is fascism By focusing on the concrete what the fascists did rather than what they said the esteemed historian Robert O Paxton answers this question From the first violent uniformed bands beating up enemies of the state through Mussolini's rise to power to Germany's fascist radicalization in World War II Paxton shows clearly why fascists came to power in some countries and not others and explores whether fascism could exist outside the early twentieth century European setting in which it emerged A deeply intelligent and very readable book Historical analysis at its best The Economist The Anatomy of Fascism will have a lasting impact on our understanding of modern European history just as Paxton's classic Vichy France redefined our vision of World War II Based on a lifetime of research this compelling and important book transforms our knowledge of fascism the major political innovation of the twentieth century and the source of much of its pain

### **Roads to the Radical Right**

Koen Damhuis, 2020-10-01 Trump Wilders Salvini Le Pen during the last decades radical right wing leaders and their parties have become important political forces in most western democracies Their growing appeal raises an increasingly relevant question who are the voters that support them and why do they do so Numerous and variegated answers have been given to this question inside as well as outside academia Yet curiously despite their quantity and diversity these existing explanations are often based on a similar assumption that of homogeneous electorates Consequently the idea that different subgroups with different profiles and preferences might coexist within the constituencies of radical right wing parties has thus far remained underdeveloped both theoretically and empirically This ground breaking book is the first one that systematically investigates the heterogeneity of radical right wing voters Theoretically it introduces the concept of electoral equifinality to come to grips with this diversity Empirically it relies on innovative statistical analyses and no less than 125 life history interviews with voters in France and the Netherlands Based on this unique material the study identifies different roads to the radical right and compares them within a cross national perspective In addition through an analysis of almost 1400 tweets posted by Geert Wilders and Marine Le Pen the book shows how the latter are able to appeal to different groups of voters Taken together the book thus provides a host of important new insights into the heterogeneous phenomenon of radical right support

### **Continuity and Change in**

**Contemporary Capitalism** Herbert Kitschelt, 1999-01-13 In the early 1980s many observers argued that powerful organized economic interests and social democratic parties created successful mixed economies promoting economic growth full

employment and a modicum of social equality The present book assembles scholars with formidable expertise in the study of advanced capitalist politics and political economy to reexamine this account from the vantage point of the second half of the 1990s The authors find that the conventional wisdom no longer adequately reflects the political and economic realities Advanced democracies have responded in path dependent fashion to such novel challenges as technological change intensifying international competition new social conflict and the erosion of established patterns of political mobilization The book rejects however the currently widespread expectation that internationalization makes all democracies converge on similar political and economic institutions and power relations Diversity among capitalist democracies persists though in a different fashion than in the Golden Age of rapid economic growth after World War II

**The Enemy of My Enemy** George Michael, 2006 In the violent world of radical extremists the enemy of my enemy is my friend This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe It provides an insightful and sane look at the possibilities for collaboration between these groups

### **Extreme Right In Europe And The Usa Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Extreme Right In Europe And The Usa PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Extreme Right In Europe And The Usa PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free

downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Extreme Right In Europe And The Usa free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
