Eyes Of Light And Darkness:

Upright Practices ; The Light of the Eyes Nahum (of Chernobyl), 1982 Menahem Nahum of Chernobyl 1730 1797 was rabbi of Chernobyl near Kiev in Ukraine He was part of the Hasidic movement that played a key role in the history of eastern European Jewry *Upright Practices* is a devotional manual of personal practices *The Light of the Eyes* is a collection of homilies based on the Book of Genesis *The Writings of Origen and Philosophumena The Refutation of All Heresies (Complete)* Origen, Sextus Julius Africanus, Antipope Hippolytus, 1660-01-01 The name of the illustrious Origen comes before us in this volume in connection with his works *De Principiis Epistola ad Africanum* and *Contra Celsum* Of these the first two have been given entire while of the third we have been able at present only to give the first book A full account of the life and writings of the author will be prefixed to our next volume of his works Meanwhile we restrict ourselves to a brief notice of the three which have been mentioned It is in his treatise or as it is commonly known under the Latin title *De Principiis* that Origen most fully develops his system and brings out his peculiar principles None of his works exposed him to so much animadversion in the ancient church as this On it chiefly was based the charge of heresy which some vehemently pressed against him a charge from which even his firmest friends felt it no easy matter absolutely to defend him The points on which it was held that he had plainly departed from the orthodox faith were the four following First That the souls of men had existed in a previous state and that their imprisonment in material bodies was a punishment for sins which they had then committed Second That the human soul of Christ had also previously existed and been united to the Divine nature before that incarnation of the Son of God which is related in the Gospels Third That our material bodies shall be transformed into absolutely ethereal ones at the resurrection and fourth That all men and even devils shall be finally restored through the mediation of Christ His principles of interpreting Scripture are also brought out in this treatise and while not a little ingenuity is displayed in illustrating and maintaining them the serious errors into which they might too easily lead will be at once perceived by the reader It is much to be regretted that the original Greek of the *De Principiis* has for the most part perished We possess it chiefly in a Latin translation by Rufinus And there can be no doubt that he often took great liberties with his author So much was this felt to be the case that Jerome undertook a new translation of the work but only small portions of his version have reached our day He strongly accuses Rufinus of unfaithfulness as an interpreter while he also inveighs bitterly against Origen himself as having departed from the catholic faith specially in regard to the doctrine of the Trinity There seems however after all no adequate reason to doubt the substantial orthodoxy of our author although the bent of his mind and the nature of his studies led him to indulge in many vain and unauthorized speculations The Epistle to Africanus was drawn forth by a letter which that learned writer had addressed to Origen respecting the story of Susanna appended to the book of Daniel Africanus had grave doubts as to the canonical authority of the account Origen replies to his objections and seeks to uphold the story as both useful in itself and a genuine portion of the ancient prophetic writings The

treatise of Origen Against Celsus is of all his works the most interesting to the modern reader It is a defence of Christianity in opposition to a Greek philosopher named Celsus who had attacked it in a work entitled that is The True Word or The True Discourse Of this work we know nothing except from the quotations contained in the answer given to it by Origen Nor has anything very certain been ascertained respecting its author According to Origen he was a follower of Epicurus but others have regarded him as a Platonist If we may judge of the work by those specimens of it preserved in the reply of Origen it was little better than a compound of sophistry and slander But there is reason to be grateful for it as having called forth the admirable answer of Origen This work was written in the old age of our author and is composed with great care while it abounds with proofs of the widest erudition It is also perfectly orthodox and as Bishop Bull has remarked it is only fair that we should judge from a work written with the view of being considered by the world at large and with the most elaborate care as to the mature and finally accepted views of the author

Another Pair of Eyes Dolores Burkhard,2013-03 I have just read Matthew well written brilliant interweaving understandable wonderful I think you show deep understanding of my work You are showing the biblical foundations of it all This feels like a Tillichian miracle to me With deep appreciation for your genius Robert Moore The gospels will never be the same after you read this book and find that its theory is self evident The author has combined the insights of scripture scholars and those of modern psychology using the works of psychologist Dr Robert Moore regarding the archetypes which are part of every human psyche The scriptural insights are unique creative visionary even and offer the reader a new but very true perspective on the gospels

Wounded Lord: Reading John Through the Eyes of Thomas Robert H. Smith,2009-09-15 John s gospel does not record Thomas s doubt as later generations of Christians have branded the story Rather John presents Thomas s faith In this work Robert H Smith approaches Thomas as one who believes in the reality of incarnation God has a body Too often Smith argues Christians read John s gospel for its lyrical discourses The resulting portrait of Jesus is a cross less Christ a portrait that contributes powerfully to Christian triumphalism In contrast Smith finds that the evangelist always has the cross in view Smith reads John backwards through the eyes of Thomas In so doing he demonstrates the centrality of a wounded Lord in the theology of the gospel But this book does not end with hermeneutics Smith advances his discussion into the life of discipleship Anyone dwelling in Christ s body will be similarly marked What does it mean to live in the world as the marked body of Christ Everyone who poses the question will want to read this book

The Influence of Ocular Light Perception on Metabolism in Man and in Animal F. Hollwich,2012-12-06 This book was written to show that light is a primal element of life All life originates and develops under

the influence of the light of the sun that super terrestrial natural force Goethe Sunlight influences the vital processes not only of the plant e g heliotropism photosynthesis and the animal e g color change maturation of the gonads but of man as well The human organism too reacts heliotropically as the 24 hour rhythm of the sleep waking cycle demonstrates of Artists have always perceived clearly the intensive stimulatory effect sunlight on their activity One is reminded here of Cesare Lombroso who wrote to his daughter that thoughts come in the greatest profusion when my room is flooded with the sun's rays Richard Wagner exclaimed If only the sun would come out I would have the score finished in no time Bernard Shaw had a little cottage where he worked that could be turned according to the position of the sun The composer Humperdinck wrote The sun is indispensable for my work that is why it is important for me to have my study face east or south As these few examples indicate it is above all those active in the arts who intuitively grasp the positive influence of sunlight on the psycho physical efficiency of their organism In an age however when fluorescent lighting turns night into day we are in danger of forgetting that man is a creature of nature as well as of culture *Through Minds' Eyes* Ryan J. Hite, 2013-03-27 This is a book of history ethics and philosophy It is a record of teachings passed down through the generations from the East and the West It contains the fullness of the sealed covenant established between man and the laws of the universe As we evolve as a race we take things out of our lives because we better understand who we are and what we have achieved The divine refers to the laws of nature and the universe that guide us in our everyday lives The creator that guides our everyday lives is not something that we should worship or pray to out of fear or love it is something that remains unseen and works in natural forces to explain all the events that happen on Earth It is merely a force and it is not necessary to belong to a group to experience the light The path to the light is straight and broad The creator of the universe is a divine and intellectual force by which all things came into being The sealed covenant is a pact between all of humanity to the world around us and the universal laws that guide our everyday lives to come together and love one another and come to make the world a better place for all people This shall usher in the evolution of religious traditions and humanity to a new age of prosperity

Christianity from the Eyes of a Child Floy Fenelon, 2010-08-16 Christianity from the Eyes of a Child is an unbiased thirty years outlook on Christianity while answering the eternal question of the purpose of life Even in these contemporary times man still continues to seek the truths of faith and the completeness of the heart and soul To help everyone in this quest author Floy Fenelon brings forth an enlightening and comprehensive read that allows each one of his readers to understand the Christian view of the purpose of creation Even as a child and teenager Fenelon refused to accept the status quo and dared to continue his pursuit of asking the eternal question that every child has once asked and most adults forget it exists what is the purpose of life why are we on this earth where is this all going In this book Fenelon restores the biblical definition of Christianity and helps guide every reader to his or her purpose in creation *All-weather Flight Manual* ,1957 **The King and the kingdom: a study of the four Gospels** ,1893 **Mines and Minerals** ,1897 Eyes to See Nora V.
