The Eyes of the Heart Christine Valters Paintner, 2013-03-25 In this first book to explore photography as a spiritual practice from a Christian perspective, Christine Valters Paintner builds on the process of contemplative creativity she introduced online at Abbey of the Arts and in her book *The Artist's Rule*. She considers how a camera can help readers open the eyes of the heart. More than a book on photographic technique, *Eyes of the Heart* is about cultivating photography as a spiritual practice. Adapting the monastic practice of *lectio divina*, sacred reading, into a form of *visio divina*, sacred seeing, spiritual director and Benedictine oblate Christine Valters Paintner invites readers to a new way of viewing the world through the lens of a camera. Paintner guides readers through six themes connecting the medium of photography with the Christian spiritual life. Each theme provides a photographic journey in which the reader does not simply take images but receives images and learns to see with the eyes of the heart. Eph 1:18. Photos by the author are included.

Eyes of the Heart Russell Haitch, 2021-03-16 Growing up in a world shaped by science and technology, young people may easily lose sight of God. Or, as this book shows, their eyes of the heart can become opened like never before. With wit and insight, Russell Haitch offers a model for unifying faith and science that does not compromise either good science or Christian convictions. In *Eyes of the Heart: Seeing God in an Age of Science*, Haitch puts this model to the acid test by showing how it resolves long-standing and still-heated issues of creation and evolution. Compelling stories and clear explanations make this book appealing to a wide audience, including parents, youth workers, and young people themselves. The ideas are deep. Haitch covers a lot of ground, from Einstein and Hawking to Augustine and Hildegard of Bingen. But the book's arguments are easy to follow, and its bite-size chapters are enjoyable to read.

Eyes of the Heart Segun Julius, 2014-01-07 This book uses inspired words of the Holy Bible to purge the heart of faulty biblical teachings. It originates from a period when the Holy Spirit revealed to the author that many people within the body of Christ were following false teachings. As a result of accepting these false or anti-Christ teachings, their hearts' understandings and

priorities have been derailed from the original intent and purposes of God for their lives The intent of this book is to set worshipers back on the right path *Eyes of the Heart* Cachet Wells,2010-03-11 Imagine taking a journey and with every mile you travel the anticipation of what s to come gets greater and greater That s how it is on this journey we call life Every step you take you re drawn closer to God and all that He has purposed for you With each moment of living we should be seeking to maintain an intimate relationship with the Father Eyes Of The Heart takes you through the process of transformation as we journey to true wholeness in Christ Journey with me as the chains of the oppressor are removed burdens lifted and the healing begins Understanding how to rid the bonds of every yoke of defeat and replacing it with the love of the Father through the heart s view The meditations inspirations and reflections shared in this book were compiled together on my personal journey that enable me to stand firm in God Allow yourself to look past your current situations to overcome those circumstances with the help of the Father His peace joy and love covers a multitude problems that we may face which allows us to conquer **Seeing with the Eyes of the Heart** Elizabeth T. The Senses of Scripture Yael Avrahami, 2012-06-15 The Senses of Scripture reveals the essence of biblical epistemology the ways in which ancient Israelites thought about and used their sensorium The theoretical introduction demonstrates that scholars need to liberate themselves from the Western bias that holds a pentasensory paradigm and prioritises the sense of sight The discussion of the biblical material demonstrates that biblical scholars should follow a similar path Through examination of associative and contextual patterns the author reaches a septasensory model including sight hearing speech kinaesthesia touch taste and smell It is further demonstrated that the senses according to the HB are a divinely created physical experience which symbolised human ability to act in a sovereign manner in the world Despite the lack of a biblical Hebrew term sense it seems that at times the merism sight and hearing serves that matter Finally the book discusses the longstanding dispute regarding the primacy of sight vs hearing and claims that although there is no strict sensory hierarchy evident in the text sight holds a central space in biblical epistemology
