Hodges, 2018-04-16 A photographically rich biography of protean architect Albert Kahn *Building the Modern World* Albert Kahn in Detroit by Michael H Hodges tells the story of the German Jewish immigrant who rose from poverty to become one of the most influential architects of the twentieth century Kahn s buildings not only define downtown Detroit but his early car factories for Packard Motor and Ford revolutionized the course of industry and architecture alike Employing archival sources unavailable to previous biographers *Building the Modern World* follows Kahn from his apprenticeship at age thirteen with a prominent Detroit architecture firm to his death With material gleaned from two significant Kahn archives the University of Michigan s Bentley Historical Library and the Archives of American Art at the Smithsonian Institution Hodges paints the most complete picture yet of Kahn s remarkable rise Special emphasis is devoted to his influence on architectural modernists his relationship with Henry Ford his intervention to save the Diego Rivera murals at the Detroit Institute of Arts unreported until now and his work laying down the industrial backbone for the Soviet Union in 1929 31 as consulting architect for the first Five Year Plan Kahn s ascent from poverty his outsized influence on both industry and architecture and his proximity to epochal world events make his life story a tableau of America s rise to power Historic photographs as well as striking contemporary shots of Kahn buildings enliven and inform the text Anyone interested in architecture architectural history or the history of Detroit will relish this stunning work Mexican Murals in Times of Crisis Bruce Campbell, 2022-08-16 Murals have been an important medium of public expression in Mexico since the Mexican Revolution and names such as Diego Rivera David Alfaro Siqueiros and Jos Clemente Orozco will forever be linked with this revolutionary art form Many people however believe that Mexico s renowned mural tradition died with these famous practitioners and today s mural artists labor in obscurity as many of their creations are destroyed through hostility or neglect This book traces the ongoing critical contributions of mural arts to public life in Mexico to show how postrevolutionary murals have been overshadowed both by

the Mexican School and by the exclusionary nature of official public arts By documenting a range of mural practices from fixed site murals to mantas banner murals to graffiti Bruce Campbell evaluates the ways in which the practical and aesthetic components of revolutionary Mexican muralism have been appropriated and redeployed within the context of Mexico's ongoing economic and political crisis Four dozen photographs illustrate the text Blending ethnography political science and sociology with art history Campbell traces the emergence of modern Mexican mural art as a composite of aesthetic discursive and performative elements through which collective interests and identities are shaped He focuses on mural activists engaged combatively with the state in barrios unions and street protests to show that mural arts that are neither connected to the elite art world nor supported by the government have made significant contributions to Mexican culture Campbell brings all previous studies of Mexican muralism up to date by revealing the wealth of art that has flourished in the shadows of official recognition His work shows that interpretations by art historians preoccupied with contemporary high art have been incomplete and that a rich mural tradition still survives and thrives in Mexico

The Effects of the Nation Carl Good, John V. Waldron, 2009 What is the effect of a nation In this age of globalization is it dead dying or only dormant The essays in this groundbreaking volume use the arts in Mexico to move beyond the national and the global to look at the activity of a community continually re-creating itself within and beyond its own borders Mexico is a particularly apt focus partly because of the vitality of its culture partly because of its changing political identity and partly because of the impact of borders and borderlessness on its national character The ten essays collected here look at a wide range of aesthetic productions especially literature and the visual arts that give context to how art and society interact Steering a careful course between the nostalgia of nationalism and the insensitivity of globalism these essays examine modernism and postmodernism in the Mexican setting Individually they explore the incorporation of historical icons of vanguardism and of international influence From Diego Rivera to Elena Garro from the Tlateloco massacre to the Chiapas rebellion from mass market fiction to the film *Aliens* the contributors view the many sides of Mexican life as relevant to the creation of a constantly shifting national culture Taken together the essays look both backward and forward at the evolving effect of the Mexican nation

'Un-American' Hollywood Peter Stanfield, Frank Krutnik, Brian Neve, Steve Neale, 2007-12-27 The concept of un-Americanism so vital to the HUAC crusade of the 1940s and 1950s was resoundingly revived in the emotional rhetoric that followed the September 11th terrorist attacks Today's political and cultural climate makes it more crucial than ever to come to terms with the consequences of this earlier period of repression and with the contested claims of Americanism that it generated Un-American Hollywood reopens the intense critical debate on the blacklist era and on the aesthetic and political work of the Hollywood Left In a series of fresh case studies focusing on contexts of production and reception the contributors offer exciting and original perspectives on the role of progressive politics within a capitalist media industry Original essays scrutinize the work of individual practitioners such as Robert Rossen Joseph Losey Jules Dassin and

Edward Dmytryk and examine key films including *The Robe* *Christ in Concrete* *The House I Live In* *The Lawless* *The Naked City* *The Prowler* *Body and Soul* and *FTA*
