Face Of Tomorrow:

The Two Faces of Tomorrow James Patrick Hogan,1997 By the mid 21st Century technology had become much too complicated for humans to handle and the computer network that had grown up to keep civilization from tripping over its own shoelaces was also beginning to be overwhelmed Something Had To Be Done As a solution Raymond Dyer s project developed the first genuinely self aware artificial intelligence code name Spartacus But could Spartacus be trusted to obey its makers And if it went rogue could it be shut down As an acid test Spartacus was put in charge of a space station and programmed with a survival instinct Dyer and his team had the job of seeing how far the computer would go to defend itself when they tried to pull the plug Dyer didn t expect any serious problems to arise in the experiment Unfortunately he had built more initiative into Spartacus than he realized And a superintelligent computer with a high dose of initiative makes a dangerous guinea pig

World of Tomorrow Karl Zeigfreid,Lionel Fanthorpe,Patricia Fanthorpe,2014-01-30 Everything was ordinary Men worked in factories and fields Women were shopping Children were at school Then came the four minute warning Wires hummed madly between heads of governments Just before the massive retaliation went into the air the world realised that no one had despatched the first rocket The retaliation was checked with seconds to spare Experts examined the ruined city There was something else besides radiation Deadly bacteria from an unknown source spread across the planet More alien bombs followed the first But there was no real pattern in the attacks if they were genuine attacks At last the detectors found the alien ships They were fighting among themselves and earth was the battle area Could the remnants of humanity interfere What would be the result if they did

Sword of Tomorrow Henry Kuttner, 2012-01-17 Trance borne to a far distant age Pilot Ethan Court is plunged into peril and adventure on a strange new world where his courage and idealism are put to a stern test Excerpt It was always easier when he sank into the opium drugged stupor from which not even torture could rouse him At first he clung to two memories his rank and his Army serial number By focusing his pain hazed mind on those realities he was able to keep sane After a while he didn t want to keep his sanity Men can survive a year or two years in a Japanese prison camp They may emerge maimed spiritually sick but alive They remember their own names He used to say it aloud at first in the musty darkness of the cell Ethan Court he whispered to the black hidden walls Ethan Court And then Times Square Tiffany s Bretano s Staten Island The Yankee Stadium pop corn whisky sours Greenwich

Village Presently he noticed that the sound of his voice was different and after that he scarcely spoke The horrible lethargy of inaction closed around him Occasionally though less often now he was taken before Japanese officers who questioned him He was somewhere in Occupied China he knew but since his plane had been forced down he had been shunted for a long distance by a roundabout route He guessed that this was a temporary headquarters probably on the site of some old Chinese town and he suspected that it was in the hill country His savage captors told him nothing of course They just asked questions How much could he disclose in the way of military information the Japanese did not know Hard pressed they were overlooking no bets His stubbornness enraged them The commander of the post a disappointed samurai of a politically unpopular family gradually came to believe that a feud existed between Court and himself It became a contest between the Japanese officer and the American entirely passive on one side ruthlessly active on the other Time dragged on while bombers roared in increasing numbers over Japan and the brown hordes sullenly withdrew from Burma and Thailand and the islands north of Borneo This headquarters was isolated but in a strategic spot The commander saw the tides of war rage past him and recede The radio gave him no comfort The Emperor of Japan was silent upon his throne A transfer required time In enforced idleness the Nipponese commander devoted himself to breaking the will of the American Torture failed and so he tried an ancient Japanese trick opium It was mixed in Court s food and after a while the craving grew in him The Jap officer kept his prisoner saturated with the drug Court s mind dulled
