Harry Newman

Fantasy Shapes Of Things Unknown:

Fantasy: Shapes of Things Unknown Edmund J. Farrell, 1974 Thematic Guide to Popular Short Stories Patrick A. Smith, 2002-10-30 Providing easy access to information on nearly 450 short stories this unique guide surveys a wide spectrum of world literature canonical works and contemporary fiction Librarians and teachers will find multiple purposes for this expertly compiled resource which can be employed in much the same way as a standard bibliography Educators will appreciate the concise annotations arranged alphabetically by author that form the core of this work Insightful critical statements synthesize plot summaries and identify the thematic content of each short story A theme guide utilizes the nearly 100 theme headings matching those at the start of each entry allowing the user to quickly locate story titles on related themes and construct reading lists based on individual interests and needs Another component designed to aid librarians offers one bibliography that lists the anthologies from which the stories are drawn Works Cited and one comprised of a number of recent anthologies that can be adapted for the classroom Further Reading In addition to the theme index the general subject and author indexes make this a user friendly and invaluable resource **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1976 Fantasy, 1974 Gothic Shakespeares John Drakakis, Dale Townshend, 2008-12 In Gothic Shakespeares Shakespeare is considered alongside major Gothic texts and writers from Horace Walpole Ann Radcliffe Matthew Lewis and Mary Shelley up to and including contemporary Gothic fiction and horror film This volume offers a highly original and truly provocative account of Gothic reformulations of Shakespeare and Shakespeare's significance to the Gothic *Chicorel Index to Short Stories in Anthologies and Collections*, 1975 Comus John Milton, 1891 **Phantasmatic Shakespeare** Suparna Roychoudhury, 2018-10-15 Representations of the mind have a central place in Shakespeare's artistic imagination as we see in Bottom struggling to articulate his dream Macbeth reaching for a dagger that is not there and Prospero humbling his enemies with spectacular illusions Phantasmatic Shakespeare examines the intersection between early modern literature and early modern understandings of the mind's ability to perceive and imagine Suparna Roychoudhury argues that Shakespeare's portrayal of the imagination participates in sixteenth century psychological discourse and reflects also how fields of anatomy medicine mathematics and natural history jolted and reshaped conceptions of mentality Although the new sciences did not displace the older psychology of phantasms they inflected how Renaissance natural philosophers and physicians thought and wrote about the brain's image making faculty The many hallucinations illusions and dreams scattered throughout Shakespeare's works exploit this epistemological ferment deriving their complexity from the ambiguities raised by early modern science Phantasmatic Shakespeare considers aspects of imagination that were destabilized during Shakespeare's period its place in the brain its legitimacy as a form of knowledge its pathologies its relation to matter light and nature reading these in concert with canonical works such as King Lear Macbeth and The Tempest Shakespeare Roychoudhury shows was influenced by paradigmatic epistemic shifts of his time and

he in turn demonstrated how the mysteries of cognition could be the subject of powerful art The Literature of Fantasy Roger C. Schlobin, 1979 Milton's Comus, with intr. and notes by W. Bell John Milton, 1890 American Models James Edwin Miller, 1973 **Aerial Environments on the Early Modern Stage** Chloe Kathleen Preedy, 2022 During the early days of the professional English theatre dramatists wrote for playhouses that though enclosed by surrounding walls remained open to the ambient air and the sky above This book considers the various ways in which the air is brought into presence within early modern drama **Upstage/downstage**, 1976 Collection of plays to spike students discussion on theater A Guidebook for Teaching Literature Raymond J. Rodrigues, Dennis Badaczewski, 1978 Milton's Comus John Milton, 1891 *Stephen R. Donaldson's Chronicles of Thomas Covenant* William A. Senior, 1995 Stephen R Donaldson's *Chronicles of Thomas Covenant* examines Donaldson's first three novels in an attempt to define their place in the fantasy canon The book begins with an extensive introduction to the fantasy genre in which W A Senior eloquently defends fantasy against charges of being mere escapism or simply juvenile and not warranting serious critical consideration **Impressive Shakespeare** Harry Newman, 2019-01-16 Impressive Shakespeare reassesses Shakespeare's relationship with print culture in light of his plays engagement with the language and material culture of three interrelated impressing technologies wax sealing coining and typographic printing It analyses the material and rhetorical forms through which drama was thought to imprint early modern audiences and readers with ideas morals and memories and looking to our own cultural moment shows how Shakespeare has been historically constructed as an impressive dramatist Through material readings of four plays *Coriolanus* *A Midsummer Night's Dream* *Measure for Measure* and *The Winter's Tale* Harry Newman argues that Shakespeare deploys the imprint as a self reflexive trope in order to advertise the value of his plays to audiences and readers and that in turn the language of impression has shaped and continues to shape Shakespeare's critical afterlife The book pushes the boundaries of what we understand by print culture and challenges assumptions about the emergence of concepts now central to Shakespeare's perceived canonical value such as penetrating characterisation poetic transformation and literary fatherhood Harry Newman's suggestive analysis of techniques and tropes of sealing coining and printing produces a revelatory account of Shakespearean creative poetics It's sustainedly startling in its rereading of familiar lines but the chapter I found most original is on *Measure for Measure* Newman is the first critic to attempt to interpret the play's authorial status as part of its own thematic and linguistic interrogation of illegitimacy and counterfeiting He makes authorship matter in a literary and creative rather than a quantitative and statistical sense Impressive Shakespeare is a brilliant scholarly debut Emma Smith Editor *Shakespeare Survey* Professor of Shakespeare Studies Hertford College Oxford **The Iconic Imagination** Douglas Hedley, 2016-02-25 Is it merely an accident of English etymology that imagination is cognate with image Despite the iconoclasm shared to a greater or lesser extent by all Abrahamic faiths theism tends to assert a link between beauty goodness and truth all of which are viewed as Divine attributes Douglas Hedley argues that religious ideas can be presented

in a sensory form especially in aesthetic works Drawing explicitly on a Platonic metaphysics of the image as a bearer of transcendence The Iconic Imagination shows the singular capacity and power of images to represent the transcendent in the traditions of Christianity Judaism Hinduism and Islam In opposition to cold abstraction and narrow asceticism Hedley shows that the image furnishes a vision of the eternal through the visible and temporal **Myth, Mind and Moment** ,1976
