Fares Please Those Portland Trolley Years:

Fares Please John T. Labbe,1980-08-01 *Portland's Streetcar Lines* Richard Thompson,2010 Portland neighborhoods owe their location alignment and growth to a splendid 19th century innovation the streetcar This city still bears the imprint of the carlines that once wove their way out to suburbs in every direction including Fulton Portland Heights Goose Hollow Nob Hill Slabtown Willamette Heights Albina Saint Johns Irvington Rose City Mount Tabor Montavilla Mount Scott and Sellwood As routes developed people used them for more than just getting to work they also discovered the recreational function of street railways while visiting friends parks and shopping areas farther from the center of town The time of the trolley peaked during the 1910s In 1927 the local street railway system entered a period of slow decline that ended in 1950 when Portland s last city streetcars gave way to buses This is the history of those classic lines Lost Portland, Oregon Val C. Ballestrem,2018-12-03 As Portland has grown and changed so has its architectural landscape Once prominent landmarks have disappeared the Marquam Building collapsed during 1912 renovations the massive chamber of commerce building became a parking lot and the Corbett Building became a shopping mall The city skyline was shaped by architects like Justus F Krumbein and David L Williams only to drastically change in the face of urban renewal and the desire for modernization Discover the stories behind some of Portland s most iconic buildings including the Beth Israel Synagogue and the first East Side High School both lost to fire Join historian Val C Ballestrem as he explores the city s architectural heritage from the 1890s to the present as well as the creative forces behind it **Lost Oregon Streetcars** Richard Thompson,2017-01-30 The streetcars that plied Oregon s small town streets were every bit as diverse as those in Portland and their history even more fascinating Learn of the devastating 1922 fire that scorched Astoria s plank road railways and put a halt to its once thriving streetcar network Muse over the tale of a beloved white horse named Old Charlie that proved more efficient at powering Albany s streetcars than the alternative steam locomotive Laugh at the spectacle of university students being carted back to their dormitories on the Eleventh Street Line s special midnight drunk express trains Take pride in the tiny town of Cherry Grove which became the first in the West to embrace new battery technology Local historian Richard Thompson celebrates the lost trolley lines that transported Oregon s people across the state for decades Railway Palaces of Portland, Oregon Alexander Benjamin Craghead,2016-10-24 In 1883 railroad financier Henry Villard brought Portland and the Pacific Northwest their first transcontinental railroad Earning a reputation for boldness on Wall Street the war correspondent turned entrepreneur set out to establish Portland as a burgeoning metropolis To realize his vision he hired architects McKim Mead White to design a massive passenger station and a first class hotel Despite financial panics lost fortunes and stalled construction the Portland Hotel opened in 1890 and remained the social heart of the city for sixty years While the original station was never built Villard returned as a pivotal benefactor of Union Station saving its iconic clock tower in the process Author Alexander Benjamin Craghead tells the story of this Gilded Age patron and the architecture that helped shape
