OF THE BEST BOOKS OF THE YEAR BY Jennifer Szalai The New York Times The Economist Bloomberg Mother Jones At the dawn of World War I a young academic named John Maynard Keynes hastily folded his long legs into the sidecar of his brother in law s motorcycle for an odd frantic journey that would change the course of history Swept away from his placid home at Cambridge University by the currents of the conflict Keynes found himself thrust into the halls of European treasuries to arrange emergency loans and packed off to America to negotiate the terms of economic combat The terror and anxiety unleashed by the war would transform him from a comfortable obscurity into the most influential and controversial intellectual of his day a man whose ideas still retain the power to shock in our own time Keynes was not only an economist but the preeminent anti authoritarian thinker of the twentieth century one who devoted his life to the belief that art and ideas could conquer war and deprivation As a moral philosopher political theorist and statesman Keynes led an extraordinary life that took him from intimate turn of the century parties in London s riotous Bloomsbury art scene to the fevered negotiations in Paris that shaped the Treaty of Versailles from stock market crashes on two continents to diplomatic breakthroughs in the mountains of New Hampshire to wartime ballet openings at London s extravagant Covent Garden Along the way Keynes reinvented Enlightenment liberalism to meet the harrowing crises of the twentieth century In the United States his ideas became the foundation of a burgeoning economics profession but they also became a flash point in the broader political struggle of the Cold War as Keynesian acolytes faced off against conservatives in an intellectual battle for the future of the country and the world Though many Keynesian ideas survived the struggle much of the project to which he devoted his life was lost In this riveting biography veteran journalist Zachary D Carter unearths the lost legacy of one of history s most fascinating minds The Price of Peace revives a forgotten set of ideas about democracy money and the good life with transformative implications for today s debates over inequality and the power politics that shape the global order

LONGLISTED FOR THE CUNDILL HISTORY PRIZE Havel David Gilbreath Barton, 2021-10-05 This is the story of a man who tried to resurrect the spirit of democratic life He was born into a time of chaos and absurdity and he took it as his fate to carry a candle into the night This is his story and the story of many others the writers artists actors and philosophers who took it upon themselves to remember a tradition that had failed so miserably it had almost been forgotten V clav Havel 1936 2011 the famous Czech dissident intellectual and playwright was there when a half million people came to Wenceslas Square to demand an end to Communism in 1989 Many came to hear him call for a free Czechoslovakia for democratic elections and a return to Europe The demonstrators roared when he spoke Havel to the castle they chanted meaning Havel for president And a few weeks later Havel became a most unusual president He was sometimes misunderstood and not always popular but by the time of his death in 2011 the world recognized Havel as one of the most prominent figures of the twentieth century Born into one of the most prominent and wealthy families in Prague Havel was the constant subject of attention and an artistic eccentric in a family of businessmen A young Havel and his family were cast by the Communist takeover as class

enemies Havel traveled a dark road that ironically provided the experiences he needed to reconnect not only to his own ground of being but to the traditions of civic society This biography is the story of Havel s inward journey in his underground years and thus the story of how Havel the outsider became the ultimate insider as president of the nation In this intimate and sweeping portrayal of Havel David Barton reveals the eccentricities of the last president of Czechoslovakia and the first president of the Czech Republic
