Promoting Microfinance R. Manos, J. Gueyie, J. Yaron, 2015-12-04 Promoting Microfinance brings together essays and empirical work by leading researchers and practitioners in the field of microfinance It covers key issues currently facing the microfinance industry and provides an overview of the microfinance industry in selected countries regions pointing to the direction in which it is heading **Demarketing** Nigel Bradley, Jim Blythe, 2013-10-23 We all understand the basic principles underpinning marketing activity to identify unfulfilled needs and desires and boost demand for the solutions a product is offering The mantra is always sell more De marketing tries for the very opposite Why would a company actively try to decrease demand There are many good reasons to do so a firm cannot supply large enough quantities or wants to limit supply to a region of narrow profit margin Or crucially to discourage undesirable customers those that could be bad for brand reputation or in the case of the finance sector high risk De marketing can yield effective solutions to these issues effectively curtailing demand yet crucially not destroying it Nevertheless the fundamental negativity of de marketing strategies often causes organisations to hide them from view and as a result they are rarely studied This then is the first book to cast light on the secretive counterintuitive world of de marketing deconstructing its mysteries and demonstrating how to

incorporate them into a profit driven marketing plan A selection of thought leaders in strategic marketing mix theory with illustrative global cases providing insight into how these strategies have been employed in practice and measuring their successes and failures It s a must read for any student or researcher that wants to think differently about marketing

George Orwell Mark Connelly,2018-11-09 George Orwell 1903 1950 is one of the most influential authors in the English language His landmark novels *Animal Farm* 1945 and *Nineteen Eighty Four* 1949 have been translated into many foreign languages and inspired numerous stage and film adaptations His well known essays *A Hanging* and *Shooting an Elephant* are widely anthologized and often taught in college composition classes The writer is credited with inventing the terms *Big Brother* *thought crime* *unperson* and *double think* His name itself has become an adjective *Orwellian* Seventy years after its publication *Nineteen Eighty Four* remains very popular its sales surging in an era of enhanced surveillance and media manipulation This literary companion provides an extensive chronology and more than 175 entries about both his literary works and personal life Also included are discussion questions and research topics notable quotations by Orwell and an extensive bibliography of related sources

Coffee Agroecology Ivette Perfecto,John Vandermeer,2015-02-11 Based on principles of the conservation and optimization of biodiversity and of equity and sustainability this book focuses on the ecology of the coffee agroecosystem as a model for a sustainable agricultural ecosystem It draws on the authors own research conducted over the last twenty years as well as incorporating the vast literature that has been generated on coffee agroecosystems from around the world The book uses an integrated approach that weaves together various lines of research to understand the ecology of a very diverse tropical agroforestry system Key concepts explored include biodiversity patterns metapopulation dynamics and ecological networks These are all set in a socioeconomic and political framework which relates them to the realities of farmers livelihoods The authors provide a novel synthesis that will generate new understanding and can be applied to other examples of sustainable agriculture and food production This synthesis also explains the ecosystem services provided by the approach including the economic fair trade and political aspects surrounding this all important global commodity

The African Exception Ulf Engel,2017-11-28 Governance has become an important concept in the politics of African development It is therefore a crucial concept for social science analyses focusing on Africa In public discourse Africa s future is being shaped by a combination of external interventions backed by African elites who cooperate with the donors whose understanding of the importance of good governance they share This groundbreaking book disentangles the analytical aspects of governance from its political and normative connotations The African exception the difference in development between Africa and other regions of the South can be understood by analysis focusing upon the specific forms of governance played out in politics and economics The perspective of neo patrimonialism is crucial but not sufficient here The first section of the book explores African governance in two functional spheres the political realm and the economic Section two looks at new areas of governance in Africa violent social spaces HIV AIDS and entrepreneurial urban
