binary construct that has held the public as the sole preserve of prosperous men By contrast the essays collected in *Women Femininity and Public Space in European Visual Culture 1789-1914* demonstrate that definitions of both femininity and the public were mutually defining and constantly shifting In examining the relationship between affluent women femininity and the public the essays gathered here consider works by an array of artists that includes canonical ones such as Mary Cassatt and Frans G. M. Verelsteyn as well as understudied women artists including Louise Abbéma and Bronzia Koller The essays also consider works in a range of media from fashion prints and paintings to private journals and architectural designs facilitating an analysis of femininity in public across the cultural production of the period Various European centers including Madrid, Florence, Paris, Brittany, Berlin and London emerge as crucial sites of production for genteel femininity providing a long overdue rethinking of modern femininity in the public sphere

Luxury and Gender in European Towns, 1700-1914 Deborah Simonton, Marjo Kaartinen, Anne Montenach, 2014-09-04 This book conceives the role of the modern town as a crucial place for material and cultural circulations of luxury It concentrates on a critical period of historical change the long eighteenth and nineteenth centuries that was marked by the passage from a society of scarcity to one of expenditure and accumulation from ranks and orders to greater social mobility from traditional aristocratic luxury to a new bourgeois and even democratic form of luxury This volume recognizes the notion that luxury operated as a mechanism of social separation but also that all classes aspired to engage in consumption at some level thus extending the idea of what constituted luxury and blurring the boundaries of class and status often in unsettling ways It moves beyond the moral aspects of luxury and the luxury debates to analyze how the production distribution purchase or display of luxury goods could participate in the creation of autonomous selves and thus challenge gender roles

Embroidering Her Truth Clare Hunter, 2022-03-17 I felt that Mary was there pulling at my sleeve willing me to appreciate the artistry wanting me to understand the dazzle of the material world that shaped her At her execution Mary Queen of Scots wore red Widely known as the colour of strength and passion it was in fact worn by Mary as the Catholic symbol of martyrdom In sixteenth century Europe women's voices were suppressed and silenced Even for a queen like Mary her prime duty was to bear sons In an age when textiles expressed power Mary exploited them to emphasise her female agency From her lavishly embroidered gowns as the prospective wife of the French Dauphin to the fashion dolls she used to encourage a Marian style at the Scottish court and the subversive messages she embroidered in captivity for her supporters Mary used textiles to advance her political agenda affirm her royal lineage and tell her own story In this eloquent cultural biography Clare Hunter exquisitely blends history politics and memoir to tell the story of a queen in her own voice A charmed feat of imagination and learning HILARY MANTEL
