Fashion Designers Gardens:

Fashion Designers' Gardens Francis Dorléans, 2000 For the last five years the author has been photographing the gardens of some of the world's leading fashion designers. As with the clothes they design, each of their gardens has its own individuality and beauty in terms of planting, landscape and colour. Some of the gardens are in town, others in country homes which range from England, the United States, France, Italy and Morocco. Garden History Tom Turner, 2005-09-01 An updated version of this book is now available as *European Gardens 2011* also by Tom Turner. Expanding into other regions are *Asian Gardens 2010* and the forthcoming *British Gardens*, both also by Turner and published by Routledge. Tom Turner, well-known teacher and writer in landscape architecture, garden design and garden history, here explores more than 150 gardens over four millennia of Western garden design. He considers the why, the what, the how and the where of garden design by tracing the development of gardens through history and across social, political and philosophical boundaries. Fully illustrated throughout, each chapter critically examines a particular type of garden both as part of a wider socio-political context and as an aesthetic entity, asking how the design of each garden reflects the philosophical approach of its creator. Inspirational, reflective and informative, this book brings together knowledge and understanding from a diverse range of related interests to add depth and breadth to a fascinating subject.
